

"Many Men of Many Minds"

All Over the United States Have United to Make the Woodmen of the World

A WONDERFUL SUCCESS

IN JUNE, 1890, Joseph Cullen Root visited Omaha and met F. A. Falkenkenburg of Denver; B. W. Jewell of Manchester, Iowa; John T. Yates and Dr. W. O. Rodgers of Omaha, and others, to establish a beneficiary society. On the 6th of June, 1890, the infant fraternity was announced. An office was established in Sheely Block. H. J. Root and Ruby H. Root attended to the details of the office, while J. C. Root organized a field force and began the upbuilding of the order. John T. Yates, Sov-Clerk, soon became actively engaged in the duties of his office.

Twenty-one years of effort has resulted in enlisting nearly 600,000 members; establishing two ladies' auxiliaries and promoting co-ordinate jurisdictions in Canada and the Pacific States, making a combined membership of over 800,000 men and women in the system of perfected woodcraft

The Members Rule in PERFECTED WOODCRAFT

No stockholder to exact dividends.

An equal, mutual co-partnership.

Not temporary, but permanent protection.

Not an experiment, but an established success.

Every member has membership in the order and contributes equally, based on expectancy of life according to age, creating an interest earning fund, safely invested, to minimize the monthly contributions, to assure positive payment of death benefits, the erection of a monument to the memory of each deceased member, and to assure annual pensions to living members for total physical disability by reason of old age.

The wonderful growth of the Woodmen of the World all over the American continent is due to its equitable and safe plan. If understood it impels confidence.

WOODMAN'S SPIRIT OF 1911.

What the Woodmen of the World Is Doing for Omaha

INVESTMENT IN REAL ESTATE

Over a million and a half dollars in old and new headquarters to be erected.

240 EMPLOYEES IN OFFICES.

OVER \$8,000,000 HANDLED BY OMAHA BANKS DURING THE YEAR.

Thousands of dollars paid postoffice and express companies in Omaha.

Nearly a half million dollars disbursed in Omaha for advertising, official newspaper, management and field work every year.

650 death losses paid through Omaha banks every month.

\$12,000,000 emergency fund invested in bonds kept in Omaha increasing \$3,000,000 per year.

600 monuments at a cost of \$100 each placed to the memory of deceased members contracted from Omaha office every month.

Every insurable man in Nebraska should show appreciation by joining the Woodmen of the World.
