Features of the Trading and Closing

CHICAGO, May 9.—Rain northwest, where drought damage had been reported was the main cause of a sharp decline here today in the price of wheat. Buspicion that the holders of the May option quietly were getting rid of their burden, gave an added reason for the downturn. Latest figures were \$\frac{1}{2}\$ to \$\frac{1}{2}\$ to lower than 24 hours before. Other leading staples, too, all clored at a loss. Corn off \$\frac{1}{2}\$ to \$\fr Prices on Board of Trade.

before. Other leading staples, too, all closed at a loss. Corn off 16914c to 1692 coats 16024c. Throughout the session support for wheat proved altogether inadequate, being of the scattered commission sort, and resting largely on scaled orders. If it had not been for a huge decrease appearing in the world's available supply total, the collapse of the market would no doubt have been more complete. The fact that the government report received a decidedly bearish interpretation in foreign centers had comparatively small influence. There was no sign of reaction at the close. July ranged from \$134,55614c. Cash grades were offered a little more freely. No. 2 yellow finished at \$34,55514c. Cash grades were offered a little more freely. No. 2 yellow finished at \$34,55514c. Cash grades were offered a little more freely. No. 2 yellow finished at \$34,55514c.

arec, with final transactions, arec, a letter loss of 4c.
With hog receipts heavy and a further increase looked for next week, provisions dropped in the end pork had lost a nickel to a dime, and there was a cheapening of 10c to 10g 124c in both lard and ribatrices in Chicago, furnished by the Updike Grain company, Telephone Douglas 2473, 766 Brandels building, Omaha:

HOGS—The general supply of hogs this morning was moderate and the general feeling in trade circles was more or less encouraging. Locally, receives were reasonably large, a condition that falled to depress the demand until well along toward the close of the session. Regular buyers operated fresly from the start, paying figures about a nickel higher for laiger droves. From this advance the market gradually weakened, closing on a steely basis.

A* Rh. S46 ... \$6 \$ \$6 126 6 86 SHEEF-Yesterday's lamb trade, while undensibly queer, becomes even more remarkable when contrasted with today's market. Clearance of a moderate supply yesterday was draggy and incomplete; this morning all buyers seemed to need material despite the fact that offerings were reasonably large.

The run was featured by quality as well as quantity, and lambs predominated. Shorn strings were the rule, but three or four shipments of toppy Mexicans, wooled, were also included in receipts. There were no handy wooled westerns of consequence on sale, and only one or two bunches of spring lambs. Old sheep in the fleece were seasonably scarce.

As far as prices were concerned, practically all of the business transacted rested on a steady to strong basis. Shorn lambs that were "pretty good," moved readily, but common grades were avoided. Best shorn westerns on sale brought \$5.0036.06. Wooled Mexicans reached \$6.038.25. Spring lambs, the only offering that was available early, realized \$8.55.

Conditions in the mutton sheep market were poorly defined because of limited supply. A good demand existed for desirable classes, however, and steady prices were easily maintained. Shorn western ewes brought as much as \$4.00, and wooled ewes of similar origin went at \$4.15. Wethers and yearlings, shorn, were good enough to find an outlet at \$4.15. Midday clearance in all branches of the trade was vary creditable.

MITCHELL—Crop reports in this section of the state are very encouraging. The rain of a week age Sunday reached down to quite a depth, and with the cool weather which has followed during the week, grain has made quite a strong growth. Wheat is reported to be stooling well, and the cool weather has made this feature all the better, and with the succeeding rains the crops will make up for lost time. The farmers are getting in readiness for corn planting. A large acreage of corn will be planted this season to avoid the shortage which has occurred among feeders in the spring season and which was in evidence to a marked extent this spring.

Dietz Conducts His Defense at the Murder Trial

Motion for Discharge of the Prisoner is Overruled by Judge Reid.

HAYWARD, Wis., May 9 .- John Diets began his defense at the opening of court today in the trial of himself, his wife and son Leslie for the murder of Deputy Sheriff The first move was a request that the

court discharge all three defendants on the ground that their guilt had not been proven beyond a reasonable doubt. Judge Reid asked if there were any arguments. Dietz, addressin gihe court, said it had been admitted by two deputies that they could have fired the fatal shots. He added that one man's body would not have stopped and battered a full metal case bullet. The court denied this motion and then Diets moved the discharge of the jury, declaring that they might be perse-

ruled. The defense began its showing with the testimony of Michael Haverty, a settler who lives near the Dietz farm.

Abbatemaggio, the Informer, is Ill

Unable to Appear at Trial Wherein He Charges Murder of Cuoccolo and Wife.

VITERBO, May 9 .- Gennera Abbatemaggio, the informer, who has experienced a trying ordeal in confronting for several days those whom he accused as principals in the murder of Gennaro Cuoccolo and his wife, is ill and was unable to appear when the trial of the Camorrists was resumed today. In his absence the morning seasion was taken up with reading of the opinions of medical experts who examined the bodies of the murdered ones.

The experts found forty-seven wounds on the body of Cueccolo and thirteen on that of his wife. Death was due to dagger thrusts delivered in such a manner as to leave triangular scars.

Abbatemaggio has testified that the greater number of the knife blows were inflicted by Corrado Sortino. The physicians express the opinion that if this were true, forting's clothing need not necessarily have been covered with blood, and that he might have gone from the scenes of the assassinations by train without attracting particular attention.

This testimony appeared to make a great mpression on those in the court room

Trial of Hoffstat Before Haymaker

Mrs. Tanney, Telephone Operator, Tells of Money Used to Secure Pennsylvania Legislation.

PITTSBURG, May 9.-The trial of Frank N. Hoffstot of New York, banker and car manufacturer, on charges growing out of the councilmente graft scandal, was resumed in criminal court before Judge Haymaker today. The first witness was Mrs. Alice Tanney, who, as Miss Alice Mansfield, was telephone operator in the Second National bank. The prosecution in outlining the case

said Mrs. Tanney, would give the details of the telephone conversations held between Mr. Hoffstot in New York and James Young, cashler of the bank, concerning an alleged proposition to secure from the bank a contribution of \$21,000 to be sent to New York and later to be used in Pittsburg in connection with the desired passage of the bank's depositories ordinance.
