SAYS DEMOCRATS WILL RALLY

Senator Skiles Declares Party is to Unite in 1912.

HAMER FILES FOR THE BENCH

Kearney Pioneer Would Hold Seat in State Supreme Court—Lancaster County Settler Dies of Angina Pectoris.

(From a Staff Correspondent.)

LINCOLN, May 14.—The democrats are going to get together before the campaign of 1912 and nothing is going to stop them. Such is the declaration of State Senator Skiles of David City, who was in the city yesterday.

The liquor question is well on the way to be separated from other issues and will soon be lost in its own demerits, because of the initiative and referendum enactment of the last session of the legislature, and which will be adopted by the people, continued Mr. Skiles.

The party needs William J. Bryan and the rank and file believe in him. The men who do not agree with him on the liquor question, many of them are not unfriendly to his principles along other lines and recognize in him a leader, said he.

The contest between Shallenberger and Thompson will bring out a hard fight, I believe, said the Butler county man, and although the former governor has the organization on his side, I am looking for the latter to win him a taste.

Hamer Declares Candidate

Judge F. G. Hamer of Kearney, old settler, well known Nebraska and prominent legal authority in this state yesterday filed papers with the secretary of state requesting that his name be placed on the primary ballot as a candidate for the republican nomination for judge of the state supreme court. Judge Hamer's announcement is the first to be made, but at the state capital it is believed that others will not be long in forthcoming now that the Buffalo county man has broken the ice.

The terms of Judges Letton of Fairbury, Root of Plattsmouth and Rose of this city will end this year and their successors will be chosen this fall. It is said that two of the retiring barriesters will enter the race for re-election, though no official announcement to that effect has been made.

NEW YORK, May 14.—(Special Telegram.)—Wall street, learned today with surprise that there is a new way to beat the market and get away with the money without being criminally under the law.

The new method is simple, for all that is necessary is to be made a partner of a broker, arrange to be entrusted with the banking of the firm's money and then take as much as you want and fade away.

There can be no arrest for the co-partnership laws which take care of the matter. It remained for Ernest E. Calloway to discover this means to beat the Wall Street game. Calloway for several years had been a confidential witness of Freeman & Co., cotton brokers. Calloway's mode of procedure was a simple change as the rules require.

"Calloway had charge of the banking end of our business, and as such could draw on our accounts as he liked," said Mr. Freeman. "He would draw the money out of one bank and then charge it up as having been deposited, with a bank or company which had no account with us."

Calloway came to us about six years ago. He is 32 years of age. He has been on the street for the past sixteen years and was looked upon as one of the most promising young men in financial circles. He was transfer clerk in J. P. Morgan's office, and he had a wide circle of friends when we brought him here and made him a member of the firm.

"Even my attorneys do not know whether there is any redress for us. We have not called in the police and have merely posted Calloway on the cotton exchange as the rules require. The partnership law is a complex one and it looks as if our only redress will be in a civil suit."

An investigation into Calloway's way of living and habits had inclined associates to believe that instead of wasting his money doing this "twilight way," he merely banked it and when, fearing discovery, he got ready to go, just drew the money and slipped away.

NEWPORT SOCIETY WOMEN HAVE BIG CONTRACT IN HAND

Mrs. M. E. Brown, Golet and Vanderbilt Prepare to Drive Out Vice Have Civic Cleanliness.

NEWPORT, R. I., May 14.—(Special Telegram.)—Newport society women are going to solve the city's municipal evils.

Society leaders and women workers have organized, for the purpose of reforming local conditions. Vice in the city is widespread. City officials make no secret of the fact. Failure of the decent voters to urge drastic action has resulted in the formation of a Civic League, an organization of 328 women, the most prominent in Newport.

The league has already begun its work of cleaning up the city. The women have mapped out a crusade to wipe out the dens of iniquity which have made the historic Rhode Island city the shame of the state.

Newport is now wide open and liquor is sold illegally, on Sunday. Unlicensed dives prosper in flagrant violation of the law. Disorderly houses with a government license to sell liquor flourish and the Newport chief of police admits the fact. Gambling establishments operate and no effort is made to close them up.

Mrs. M. E. Brown, Mrs. Robert Golet and Miss Ellen Vanderbilt have combined to champion the cause of civic cleanliness. Miss Ellen F. Mason of Boston and Newport is president of the league.

FIFTEEN THOUSAND MEN IDLE IN THE CITY OF CHICAGO

Twelve Hundred Buildings Tied Up Because of a War Between the Plumbers and Steamfitters.

CHICAGO, May 14.—(Special Telegram.)—Fifteen thousand men are idle today in the busiest season of the year, and buildings contracted for, to cost \$15,000,000, are practically tied up as the result of the petty jurisdictional war being waged between plumbers and steamfitters. Every trade in the building industry is paralyzed, and work on 1,500 buildings is halted.

The strike of brick makers also is adding greatly to the tangle. Hundreds of men reported for work today only to be told that there was nothing to do.

"We have no brick," was the remark of the foreman.

"The brickmakers' strike which involves a radius of seventy miles from Chicago, began three weeks ago, when 2,500 men went on strike. At that time there was a two weeks' supply on hand. This supply was exhausted last Monday.

John A. Alpine, international president of the plumbers, and Simon O'Donnell, business agent of that union, failed to appear at the conference scheduled for Friday afternoon.

Another chance will be given the plumbers' representatives to meet the mediation committee in an effort to settle the difficulties. Unless the plumbers' representatives are present at this meeting, which has been set for next Tuesday, drastic action will be taken by the employers.
