## FOLK DANCES ARE GIVEN BY PUPILS OF NEW SCHOOL

Unique Entertainment Is Promised at the German Home by Apt Students.

Friday evening at the German Home the patrons and friends of the Edward Rosewater school were given an opportunity to observe the progressive trend of modern education.

A program, excellent in arrangement and perfect in detail, was presented by the boys and girls, under the direction of their principal, Mrs. Christenbury.

Two recitations and several choruses were given in a manner that pleased the most critical audience of 750 children. The folk dances being made to serve a new purpose were charming. Mrs. Christenbury is a pioneer in this work in Omaha, as her pupils have been learning the pretty little national dances for several years, but this is the first time the work has been put on for the public.

## SCHOOL AND COLLEGE WORK

Advance Notes of June Commencement Heard in the Land.

## GRAND ISLAND COLLEGE PROGRAM

Happenings of General Interest in Nebraska and Iowa Schools—Other Doings in Educational World.

The commencement exercises at Grand Island college will begin June 2 and will continue until June 6. There will be eight graduates who will receive the bachelor's degree. The board of trustees will have a meeting June 5. The annual banquet will take place the afternoon of June 6.

Rev. John Mathews, pastor of the First Baptist church of Omaha, will preach the baccalaureate sermon. Mr. Mathews visited the college a short time ago to secure information preparatory to the pushing of an aggressive campaign in Omaha for additional endowment for the college.

At the May festival, given by the St. Cecilia club of Grand Island, the Grand Island College Conservatory of Music and students of the college were much in evidence. The training of many of the performers was conducted by Prof. Smith of the college conservatory.

Several popular teachers of the college will sever their connection with the school at the close of the present semester. Prof. J. G. Hiff has accepted a fellowship in the University of Chicago. Prof. J. H. Shouse has accepted the superintendency of schools at Bend, Ore. Prof. E. H. Sutherland will re-enter the city of Chicago and will spend another year there, at the end of which he expects to secure his doctor's degree.

Rev. and Mrs. Thomas Moody, missionaries on the Congo, Africa, spent some time at Grand Island college and have decided to leave their two children under the watchful care of the institution while they continue their work in Africa. Mr. Moody chose Grand Island among all the colleges of the United States for the education of his children.

Prof. J. H. Hutton of the department of chemistry will spend the summer managing a campaign for an enlarged attendance of students. Prof. Hutton has been very successful in this line of work. For the last few years track work has been the center of effort on the college campus. The school had won a good many victories. Last year there was no college that came in competition with Grand Island college that did not suffer defeat. This year the boys have taken up base ball. They have not as yet won a victory, but they have done some good playing. Toward the latter part of the season they are likely to show a great deal of improvement.

The catalogue, soon to be published, will show that 2,248 different students have been enrolled in the college since its beginning and accredited to the department of business, 225; academy, 656; normal, 247; commercial, 229; musical, 750, and art, 48.

President Sutherland has spent most of the time during the year managing the finances or raising money toward the \$100,000 fund. This fund has now reached about \$20,000. This includes the Carnegie gift of \$20,000.

President Sutherland has returned to the college and will have charge of the internal affairs the remainder of the semester. In the meantime Vice President Garrison and Rev. C. J. Pope will solicit funds.

## FREMONT COLLEGE.

### Progressive Spirit Shown in Various Branches of the School.

Rev. Mr. Buss delivered an address in the Union society hall last Saturday evening on the subject, "Shakespeare and the Bible." It was of absorbing interest to the students.

The Classics entertained the Scientifics last week at the residence of Mrs. Gilbert, leader of the Classics. The evening's entertainment was most enjoyable, many new and novel devices for entertainment emanating from the busy brains of the Classics, and when the fact is known that the class this year consists of girls alone the novelties may not be wondered at.

The department of music at the college is much interested in the coming music festival to be held next Tuesday at Omaha. They are making up a large company to attend from here. Anyone sending their name to Miss Golden Rhodman, phone 13 (three rings), will be admitted to the same terms as given to the college.

Miss Arble Mendenhall has been elected to take the place of observation teacher at the college next year. The management is pleased, as she has had the most of her training at the college and is well known by all. She has been teaching for the last two years in the Norfolk schools and comes here well recommended. She will spend her summer vacation taking special training in the School of Methods at Chicago. Miss Clara Shires, who has been engaged in the observation work for the last two years, retires to attend Columbia university. She has done good work in that department and leaves lots of friends who wish her the best success.

A walking club has been set on foot in connection with the physical culture work. Students outside of the class may join, and 6 o'clock finds the campus swarming with students eager for the early morning exercise.

One of the most enjoyed events of the season occurred Monday evening when the students of the department of pharmacy gave a 6:30 dinner at the Hotel Terry in honor of Prof. and Mrs. Kreslinger. The other invited guests included President Clemmons, Prof. Eaton and Messrs. Koss of Fremont and Pease of Fairbury, both members of the State Board of Examiners. The party, numbering thirty-five, got at the college and marched to the hotel in a body. All together it was a very enjoyable affair and everyone took home a greater realization of college life and college spirit. Fifteen of the pharmacy class went over to Lincoln the next day to take the state board examination.

### Athletic Contests, Dress Parades and Other Activities.

On April 27 the Boosters' club of Nebraska met in our little city and made things lively for us. Between 150 and 200 autos were spinning about through the town, and among other objects of interest, visited the academy. The boys honored their presence with a dress parade which elicited the hearty applause of the visitors.

Founder's day was celebrated this year on April 28. The very welcome holiday closed with the "Officers' Hop," which was held in "Hub" hall down town, and was a most enjoyable affair.

Frank Spencer of Omaha, one of last year's boys, spent two or three days with us last week. He came especially to see the athletic meet between Kearney High school and the academy. This was a very interesting contest because of the close nature of the competition. Kearney Military academy, however, was the winner by nine points. The Central Nebraska meet, three days later was of still greater interest. The contestants here being the high schools of

The Junior Prom, on the evening of May 6, was held at the academy. The program was the choice chosen for dancing, and was beautifully decorated with pennants and bunting.

## KEARNEY STATE NORMAL.

### Notes of the Week's Doings Among Teachers and Pupils.

The annual May supper given by the Normal Young Men's Christian association at the First Methodist church on Saturday evening was a success in every respect. Between 400 and 500 people were served. The various tables were in charge of the different classes and decorated in the class colors. The dining hall presented a very attractive appearance.

On Tuesday morning the chapel hour was in the hands of the senior class. Upon this occasion the class presented to the normal a frieze representing the decorations on the front of the Parthenon. The frieze was set up above the rostrum. President Barney Gill presented the frieze in the name of the class. A very interesting program attended these exercises. Miss Hattie Brown spoke of the age of Pericles, Miss Genevieve Clark, the work of Phidias, and Miss Katherine Laughlin of Parthenon itself. President Thompson accepted the gift for the school in a few well chosen remarks.

Miss Carrie Ludden was called to Kimball, Neb., Friday evening on account of the serious illness of her sister, Mrs. Alden. Prof. and Mrs. George N. Porter gave a 6 o'clock dinner at their home on Monday evening to the visiting teachers.

President and Mrs. Thomas went to Wilcox Thursday evening by automobile, where Dr. Thomas delivered the commencement address. Dr. W. A. Clark left for the east Friday morning to attend the general assembly of the Presbyterian church to be held at Atlantic City. Dr. Clark has been requested to respond to the toast "Christian Education in State Schools" at the banquet which will occur during the assembly.

Miss Anna V. Jennings left for the west Friday evening to attend the American Association about to convene in Pasadena, Cal. Miss Jennings will visit the Grande canon and various places of interest in California, returning early in June.

Wednesday morning at 8 o'clock the students congregated upon the lawn, armed with case knives, for a mock trial. At 10:15, the yellow blossoms had all disappeared from the lawn and class work was resumed.

The kindergartners held a picnic in the Third ward park Friday morning and about thirty people attended. Favorable weather added to the pleasure of the occasion and games and picnic dinner were enjoyed.

## PERU NORMAL NOTES.

### Coach Brummage Resigns to Go to Lexington, Va.

Coach Alpha Brummage of the Peru Normal handed his resignation to President Hayes Tuesday of this week. Mr. Brummage has been elected to a position similar to what he has had here at the Virginia Military institute, Lexington, Va. Mr. Brummage regrets very much to leave Peru and does so only because of the appointments and the additional opportunities the field offers. He begins at a much larger salary than the maximum paid here. The Virginia Military institute, commonly called the "West Point of the South," is one of the oldest educational institutions and one of the biggest and best of its kind. It has an enrollment of 400 men in the collegiate department. This summer he expects to be with a Lyceum bureau, conducting boys' clubs in summer chautauques. This work will take him to Wyoming, Colorado, Kansas and Nebraska. His work back east begins September 7.

The Warrensburg debating team from Missouri got the decision of the judges by a vote of two to one here in the debate last evening on the affirmative side of the question, "Resolved, That the United States should fortify the Panama canal." One of the judges was an alumnus of Warrensburg, so Peru does not feel that their defeat signifies much.

Next Tuesday, May 16, is planned to have

the greatest entertainment enterprise ever attempted in Peru. Special trains from neighboring towns have been secured for the occasion to accommodate the out-of-town people. The central attraction for the day will be William Wade Hinshaw of New York and Ila Burlap Hinshaw of Chicago. In addition to this the normal chorus, consisting of 160 voices, will, assisted by the Hinshaws, sing "Fair Ellen."

## IOWA STATE COLLEGE.

### Keen Interest in Contest for the Gray and Dinamore Gold Medals.

Two very important student judging competitions have been held at the Iowa State college. The first was in the sophomore animal husbandry class for the Wayne Dinamore Gold medal, to be awarded to the student doing the most proficient work in draft horse judging. Mr. Dinamore is an alumnus of the college, was for seven years connected with the instructional force and is now secretary of the American Percheron society. While a student he was much interested in judging contest work, being a member of the Iowa winning team in 1902. He now offers annually a handsome gold medal to the sophomore student doing the most proficient work in judging draft horses.

The contest just held the highest honors, and the medal were won by J. M. Dowell, Bedford, Ia., R. G. Blackburn, Royal, Neb., ranking second, and R. A. McDonald, Ames, was third.

The freshman contest, in which there were some three hundred contestants, was for the Charles Gray gold medal, awarded to the student doing the most proficient work in beef cattle judging. In the contest just held A. A. Dowell, Bedford, Ia., won first; C. A. Thomas, Springfield, S. D., second, and W. W. Reynolds, Lodi, Wis., was third. The contest was very close, there being less than 1 per cent difference in the grading of the three men. The winners of the Dinamore and Gray medals are brothers, 20 and 18 years of age, respectively. They are sons of J. B. Dowell, a prominent farmer and breeder of Hereford cattle at Bedford, Ia.

## PUZZLE MAD AMERICA GLAD

Young People and Old All Delight in Booklovers' Game.

## RELAXATION LIKE LOYD OFFERED

Pleasure in Bee's Contest Greater Than in "Pigs in Clover" or "Fifteen Block" Because of Tangible Ground.

America is puzzle-mad. So said Sam Loyd, who invented more than 10,000 puzzles in the last half century, including "Pigs in Clover," "Parcheesi," "Fifteen Block" and "Teddy and the Lions."

For a number of years Sam Loyd conducted hundreds of puzzle corners in the foremost papers and magazines, and he played a large part in interesting youthful and adult minds in the intricacies invented by his fertile imagination. It is said by a writer in a recent magazine article that hardly ten men in America have escaped Loyd's puzzles in some form or other, from the muscular trick of "Pigs in Clover" to the semi-mathematical problem of arranging the seven ancient Chinese Tangram blocks into new and strange designs. From the mental difficulties involved in trying to place three pieces of pasteboard together so as to have two men inside of the same number of donkeys to solving the names of the books represented in the great Booklovers' contest now being conducted by The Omaha Bee is a transition from the merely interesting to the thing of tangible value.

**Puzzle Mental Relaxation.**—While any puzzle is a mental relaxation from the cares and banes of our existence, especially valuable to the people living in the vicinity of Omaha and throughout the state is the opportunity to solve the literary problem involved in the daily puzzles offered by The Bee. Particularly pleasant satisfaction is not the only reward for guessing correctly the title of the book represented in the pictures, for prizes aggregating in value more than \$3,500 are offered for the correct solutions.

## A LITTLE SAGE AND SULPHUR MAKES THE GRAY HAIR VANISH

### A Harmless Way to Darken Hair; Simple Remedy for All Hair Troubles.

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur. If properly prepared, The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, and authorized druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Sherman & McConnell Drug Co., and Owl Drug Co.
