

Comfortable Underwear For Young Men and Boys

As most people know, the matter of underwear has much to do with one's summer comfort. It's a question of fit and weight entirely. No ill fitting garment was ever comfortable; no garment full of wrinkles and "bunches"—with turned up wristbands and ankle bands, ever added to one's comfort. Comfortable underwear must fit perfectly.

Our Very Complete Assortment

offer unequalled opportunity to select seasonable underwear at reasonable prices. Note this list of styles, sizes and prices—and make your purchases accordingly.

Write for New Spring Catalogue

White, to the surprise of all, announced at least half of it without apparently glancing at the notes which lay before him.

The court in declaring that the Standard Oil company of New Jersey and its nineteen subsidiary companies were a conspiracy and combination "unreasonable" in restraint of trade did not condemn all great interstate corporations, and did not hold that "every" restraint of trade was a violation of law. In other words, the court seems to have upheld the doctrine that there are "good" and "bad" trusts, and that the Standard Oil was a "bad" trust.

Justice Harlan in a dissenting opinion declared that there ought to be no recognition of the difference between "reasonable restraint" and "unreasonable restraint" by the supreme court, but that congress ought to do it if it were to be done.

But the fact remains, declared Justice Harlan, "that until this day congress has been satisfied with the law as written in this respect, and today the law stands the every contract in restraint of trade is illegal."

As one of the direct results of the decision, it is said that the federal incorporation act prepared by Attorney General Wickersham at the decision of President Taft may be brought up to the situation created by the court's action and pressed for passage in congress.

Divergent views were expressed today by members of congress on the supreme court's interpretation of the Sherman anti-trust law in the Standard Oil case.

"A wonderfully wise decision, one which will do great good to business interests of the country," was the way Senator Clark of Wyoming, characterized the decision.

Representative Mann, minority leader of the house, was equally hearty in his endorsement.

Representative Adamson, whose view reflects that of other democrats said: "The supreme court was without constitutional power to write the word 'unreasonable' in to the Sherman anti-trust law. The trusts of the country sought vainly to amend the law by inserting that word. Now the supreme court does the very thing congress expressly refused to do."

Several democrats are said to be ready to offer amendments nullifying the court's interpretation of the law, but there is little prospect say the leaders, of any action being taken at this time.

LITTLE EFFECT IN LONDON

Market Opens Lower, but Rise Comes on Buying Orders from New York.

LONDON, May 15.—The supreme court decision in the Standard Oil case created surprisngly little interest or flurry in financial circles here as the result had been generally anticipated. Dealings in stocks for some time past have been on the bear side and in the hands of continental and Wall street houses. Brokers therefore did not remain in the financial district over night as in times of crisis.

Many brokers, however, came to the city earlier than usual and trading in American securities began an hour and a half before the stock exchange opened. Initial prices were from a half to a full point below parity, but buying orders from New York

soon strengthened values, and with local traders covering the market at 11 o'clock ruled firm and fairly active and from one to two points above the lowest and one to one and a half over yesterday's New York closing, as follows:

Atchison, 114 1/4; Canadian Pacific, 24 1/2; Erie, 23 1/2; Southern Pacific, 11 3/4; Union Pacific, 19 1/4; United States Steel, 28.

In the afternoon the market became excited on the receipt of the strong opinion in New York. These advances were accompanied by good buying orders and the prices of the leading American shares jumped a point, with the tone strong.

The general opinion of the afternoon papers is that the decision is a "theoretical" but probably fruitless victory for the opponents of the money power.

The market continued excited in the late trading and closed firm from 1/2 to 3/4 points higher than the final of the previous day.

Heated Tilts in Senate Committee

Stone and Gallinger Have Warm Interchanges Over Calling Witnesses in Hearing.

WASHINGTON, May 15.—The senate finance committee engaged in a somewhat heated tilt over the subject of Canadian reciprocity witnesses today. Senator Stone of Missouri called when Allen and Graham, said to be New York attorneys and representing the National Grange, were to appear in response to his request that they be summoned to tell of their employment by interests opposed to reciprocity. He asked if the attorneys had been notified and was told they had been.

Senator Gallinger in turn demanded that "some of those who have made vigorous efforts to accelerate public opinion in favor of reciprocity," should be asked to appear before the committee.

Senator Williams retorted that President Taft ought to be summoned to testify to what he had done "to accelerate public opinion" on the question.

Senator Gallinger asked that John Norris and Herman Ridder, representatives of the American Newspaper Publishers' association, be requested to appear before the committee and tell what their organization had done to hold the reciprocity sentiment.

Mr. Norris is in Washington and had expected to be heard within a day or two.

Samuel H. Cowan, the cattle raiser's attorney, today continued his testimony in opposition to the removal of the duty on meats.

Warfare on Railroad Men.

E. S. Bacon, 11 East St., Sixth Me., sends out this warning to railroaders: "A conductor on the railroad, my work caused a chronic inflammation of the kidneys and I was miserable and all played out. A friend advised Foley Kidney Pills and from the day I commenced taking them I began to regain my strength. The inflammation cleared and I am far better than I have been for twenty years. The weakness and daisy spells are a thing of the past and I highly recommend Foley Kidney Pills." For sale by all druggists.

NEW INSURRECTO DEMANDS

(Continued from Page One.)

The insurgents would be able to exercise a restraining and tranquilizing effect in the other thirteen states.

The insurgents immediately after peace is declared will form a political party which probably will be called "Progressive" party. As soon as peace is declared the party will follow out his intention of resigning as the insurrecto leaders believe he will do in two or three months, the new party will devote itself to preparing for a national campaign.

Undoubtedly Francisco I. Madero, Jr., will be the candidate for president while the party will run for vice president as he did in the last election. It is possible that Dr. Gomez will occupy one of the cabinet portfolios which may be given the rebels at the present time, but it is said he will later resign to become a candidate for vice president.

INSURGENTS ARE CONSOLIDATING

Fall of Juarez is Bringing Scattered Bands Together.

CHIHUAHUA, Mex., May 15.—(Via El Paso, Tex., May 15).—News of the fall of Juarez has done much towards uniting all the scattered bands of insurrectos in the states of Sonora, Durango, Zacatecas and Aguas Calientes, envoys from Madero having reached most of the various insurrecto leaders in these states with directions to place themselves under the provisional president's direct command.

In this way it is expected to put a stop to brigandage and looting such as has existed near Torreon and in Durango. The scene of organization, it was learned by an Associated Press correspondent who visited some of the remote camps in the Chihuahua zone, extends as far south as Guadalupe. In that territory it is Madero's purpose to isolate as many of the federal troops as possible and to open up railroads and telegraph lines only when he is certain of their being controlled by the insurrectos.

No doubt exists here that this city is to be the next point of attack by the insurrectos. At Santa Isabel, thirty miles west the correspondent found 400 insurrectos, who are regarded as the vanguard of the attacking forces. It is believed they will be joined by 2,000 insurrectos who are reported to be marching north from Torreon and who have already reached Escalon. Reinforcements are also expected from Madero's camp at Juarez.

MEXICANS ARE LEAVING NOGALES

Commandant and Three Hundred Men Start South on Special Train.

NOGALES, Sonora, Mexico, May 15.—Commandant Francisco Chipaz, with his 300 troops, one machine gun and 300 horses, taking advantage of the open communication to the south, slipped out of Nogales before dawn today on a special troop train bound for Hermosillo or Guaymas. This reduces the federal garrison in Nogales to less than 40 men, under General Pedro Ojeda.

The federals have strengthened their outposts to the east of Nogales. The nearest rebel force is a band of 200 Papago Indians, encamped a little to the south. The whereabouts of Juan Cabral's force from Cananea is unknown and if moving toward Nogales is not likely to be located until within striking distance.

Thousands of cattle were crossing the line, shipped by the Alamo Cattle company and consigned to California owners, their present destination being California, Arizona, AUISA PRIETA, Mexico, May 15.—The rebel garrison here now numbers close to 50 men. The commissary department has been organized with Mrs. McGregor, the wife of the rebel artillery officer whose presence with the troops gave rise to the widely held rumor that she was Colonel Gilron arrived here today with 200 men.

GOMPERS CASE IS REOPENED

Court of District of Columbia Initiates Contempt Proceedings.

COMMITTEE WILL INVESTIGATE

Justice Wright Appoints Committee of Four Lawyers to Inquire Whether Labor Leader Violated Court's Order.

WASHINGTON, May 15.—The supreme court of the District of Columbia on its own initiative today instituted proceedings for alleged contempt, against President Samuel Gompers, Vice President John Mitchell and Secretary Frank Morrison of the American Federation of Labor. The sentences of imprisonment imposed on these men by this court were yesterday revoked by the United States supreme court and the case remanded to the district supreme court.

Mr. Gompers when told of the action of the district court said: "Justice Wright can go just as far as he likes. He will find we are not running away—not even from him."

The United States supreme court in setting aside the sentences of imprisonment held that the case on which the lower court had acted constituted a civil contempt against the Buckle Clothing company and that the offenses were punishable only by a fine to be recovered by the wronged corporation.

Opinion of Justice Lamar.

Justice Lamar in handing down the opinion called attention to the fact, however, that if the lower court felt aggrieved it could have brought criminal contempt proceedings in the premises and have inflicted a sentence. The opinion in conclusion reads: "The judgment of the court of appeals and the supreme court of the District of Columbia are revoked and the case remanded, with direction that the contempt proceedings instituted by the Bucks Stone and Range company be dismissed, but without prejudice to the power and right of the supreme court of the District of Columbia to punish by a proper proceeding contempt, if any, committed against it."

The lower court of appeals is said to take advantage of the opportunity afforded to reopen the case. As the labor dispute which brought the case into court had ended it was presumed the matter would be allowed to drop.

Wright Appoints Committee.

Justice Wright of the district supreme court, who imposed the sentences on Messrs. Gompers, Mitchell and Morrison, in instituting the proceedings anew today appointed Joseph J. Darlington, Daniel Davernort and James M. Beck, counsel for the Bucks Stone and Range company, as a committee to inquire "forthwith" into the question of whether the labor leaders had violated the court's order. The committee was instructed to report to the court whether in the opinion of the committee the labor leaders were guilty of contempt in violating the injunction against the publication of the so-called boycott list in the American Federationist, the official organ of the labor federation.

Government Sends Expert to Look Over Irrigation Scheme

Schlank Examines Territory About Pierre, with View of Establishing Pumping Plant.

PIERRE, S. D., May 15.—(Special.)—F. R. Schlanck was here last year looking into the proposition of irrigation by the use of the artesian water direct, and while in this part of the country made a trip into Sully county, where several farmers were attempting to irrigate with water direct from their wells. He found in all their cases that their lack of success was through ignorance in the use of water, rather than from the character of the water they were using, all of them attempting to put too much water on the land.

While the government plan is for the use of river water, Superintendent Rastall of the school is making a few experiments of his own with the use of the artesian water direct, and while his experiments results of such use, up to the present they have not gone far enough to show final look promising.

Lincoln Relaxes Its Excoise Rules

Old Order Will Return in Twenty-five Places That Are to Be Opened Soon.

(From a Staff Correspondent.)
LINCOLN, May 15.—(Special.)—Under the excise rules adopted by the board at their meeting yesterday, dispensers of liquor during the coming period of dampness in this city, will have seven less excise rules to contend with than during the former saloon era here.

Flowers, photographs and cash registers may obstruct the view of the groceries' interiors, pictures may be hung on the walls, and no limit is to be placed on the number of chairs or tables that may be in the saloons. There are also no free lunch restrictions placed on the proprietors according to the rules adopted yesterday.

Drinkers who are known to indulge in liquor habitually, however, are to have their photographs stuck up in the twenty-five places when complaint against them has been filed by their relatives.

MONEY AWAITS BORROWERS

Lincoln Merchants Say Eastern Brokers Have Plenty to Loan the West.

(From a Staff Correspondent.)
LINCOLN, May 15.—(Special.)—The tone of letters received by local men who have in the past borrowed money from eastern brokers indicates that the money lenders are anxious to create business and are begging people to negotiate loans of them. Half a dozen or more Lincoln wholesalers have lately been in receipt of letters from such concerns offering to loan them all the money they want on short time notes at rates less than 4 per cent.

The last quotation received in Lincoln by one business was 3 1/2 per cent and he had previously been offered it at 3 1/4 per cent. The eastern banks and many of those in the west are gorged with money due to the fact that the ordinary borrowers are not asking for any accommodations because their business has been so poor they do not need to carry customers to as large an extent as usual.

BRAKE MAN CAUGHT BY CARS

John E. Piersall of Council Bluffs Killed While at Columbus.

COLUMBUS, Neb., May 14.—(Special Telegram.)—John E. Piersall, a Union Pacific brakeman, was caught between the cars, while making a coupling late last night, and died at St. Mary's hospital this morning from his injuries. The accident was caused by the slack in the train catching him while he was adjusting a knuckle.

BELLEVUE GRADUATE BECOMES MISSIONARY

Linn P. Sullenberger, Who Was Ordained Monday, Will Go to Guatemala to Work.

PONCA, Neb., May 15.—(Special.)—At an adjourned meeting of Niborara Presbytery, held in Emerson Monday, Linn P. Sullenberger, a graduate of Princeton Theological seminary, was ordained to the gospel ministry. Mr. Sullenberger was born and brought up in Ponca, Neb., and has been a member of the Presbyterian church here for several years. He graduated from Bellevue three years ago and took his middle year in the Omaha Theological seminary. His father, O. P. Sullenberger, has been an elder in the Presbyterian church for many years.

The newly ordained minister has been appointed to the Presbyterian mission at Quetzaltenango, Guatemala, by the board of foreign missions.

The board has recently made a special appropriation of \$5,000 for this station for repairing the buildings and enlarging the work. Mr. Sullenberger and his bride will sail for his new field of labor early in the autumn.

WIND STORM WRECKS BIG FARM BUILDINGS

Anton Kasparson, Near St. Paul, Is Heavy Loser from a Small Twister.

ST. PAUL, Neb., May 15.—(Special.)—On the home farm of Anton Kasparson, seven miles east of here, a small twister wrecked all of the outbuildings on the place, including the large solid barn, and scattered the wreckage practically over a quarter section of land. Two horses which Mr. Kasparson had just brought home from St. Paul were in the barn and were buried. Some hogs and about 100 chickens were killed. This is the worst wind loss in a single place that has occurred in this locality for a number of years.
