JUNE IS MONTH OF OPEN DOOR

Sixteen Prisoners Will Be Released from State Prison Then.

EX-GOVERNOR TALKS POLITICS

Shallenberger Believes South Platte Man Will Stand Best Chance to Be Senator at the Next Election.

(From a Staff Correspondent.)

LINCOLN, May 17.—(Special.)—Sixteen prisoners at the state penitentiary will be released during the month of June, of which number five are from Douglas county. Two of these were each sentenced to six months for breaking and entering. One prisoner, Donnelly of Sioux county, who received eight years for manslaughter, will be released at that time, and Horalek of Dodge county, who was brought here after being convicted for horse stealing, will see liberty after two years' time spent at the institution. Following is the table of crimes enumerated in the list: Burglary, eight; forgery, four; horse stealing, one; grand larceny, two; manslaughter, one. The counties represented are Douglas, five; Clatsop, Dawes and Knox, two each, and one each from Richardson, Nuckolls, Dodge, Buffalo and Lincoln.

FILED DAMAGE SUIT. The Lincoln Traction company has been made defendant in a \$10,000 damage suit just instituted in district court by Martin M. Jones. The plaintiff alleges that at 9:30 o'clock in the evening of March 21 last he was driving a horse which was hitched to a cart at the corner of Elm and Fourteenth streets. His rig was run into by one of the defendant's cars, which, he declares, was being driven at an unlawful and unwarranted rate of speed. He claims that he was thrown to the ground and badly injured about the breast, ribs, back and spine, and had a large gash cut in his scalp.

DR. REYNOLDS DEAD. Dr. O. C. Reynolds died yesterday of brain pneumonia at his home, 209 Q street. He had practiced medicine in Lincoln for sixteen years. He was taken suddenly ill shortly after noon Tuesday and died suddenly.

DR. REYNOLDS WAS BORN August 4, 1847. He graduated from the Louisville Medical college, in Louisville, Ky., and also the St. Louis university and the New York Polytechnic. He began practicing in Illinois. Shortly afterward he removed to Nebraska, locating in Seward, where he practiced medicine for about sixteen years. From Seward he moved to Lincoln. He was a member of the Missouri Valley Medical association, the Nebraska County Medical society, the State Medical association and the American Medical society. He was a member of the Masons, the Shriners, the Modern Woodmen and the Highlanders. At the time of his death he was president of the medical staff of St. Elizabeth's hospital, and was vice president and medical director of the American Accident association.

He is survived by his wife and three children, the latter being Dr. C. A. Reynolds of Lincoln, T. P. Reynolds of Regina, Canada, and N. O. Reynolds, who is studying medicine in Omaha. Funeral arrangements have not yet been completed.

SHALLENBERGER SOUTH PLATTE MAN.

Bringing an armload of pictures and voluminous briefs with him, Shallenberger appeared at the state capital today in search of the Board of Public Lands and Buildings in the hope that he could gain the members' ears long enough to show them the advantages of locating the new southwestern agricultural school at Alma, his home place. Not finding them, however, the former executive turned his evidence over to Railway Commissioner Furse, whom he declared he would have to deputize to perform the job, inasmuch as he would not be here tomorrow to do it himself.

While in the city, the former county man asserted that he believed William H. Thompson and Willis H. Reed were picking the wrong year for senatorial honors, declaring rather facetiously that 1912 would be a South Platte year. He said further that the man who is made the nominee of either party for the coming contest will have a huge campaign asset in his home in south of the stream which divides the state.

NORTHWESTERN BOOSTS VALUES.

In its report to the State Board of Assessment the Northwestern railroad has boosted its values of property situated in cities, villages and towns. The reports filed by the board deal with property to be assessed under the terminal or local tax law, all of which is subject to valuation for the purpose of local taxation. The local boards value the property for purposes of local taxation, while the state board values it for purposes of state taxation. The terminal or local railroad tax law was originated in Nebraska by H. T. Clark, jr., who is now a member of the state railway commission. When he introduced a bill for the local taxation of railroad property he was a member of the house of representatives and lived in Omaha. The people of Omaha were very desirous of such a law because in Omaha there is situated large and valuable terminals which had theretofore escaped local taxation because they were taxed for state purposes.

Soon after the terminal tax law went into effect the Northwestern Railroad company began to report the value of its property far beyond the values placed upon it by assessors. Now another jump is made by the reports of the company, in many cases the increase being from one-third to one-half the former value. When this increase was first commenced by the railroad company it attracted a great deal of attention and was combated by other railroad companies in an indirect way. Now that some of the company's property is reported to the state board at double the former value, the suspicion is aroused that the company had more foresight than other railroad companies in preparing for the time when the state railway commission will place a value on all of the physical property of railroad companies in this state.

The state board of assessment did little or nothing when the Northwestern first began to report increased values for the purpose of local assessment, but now that railroad rates may be based on physical valuation the board may take notice. It is generally understood that any railroad is willing to pay increased taxes if it can gain the privilege of charging rates in accordance with property values.

UNDERGRADUATE OPERA.

A "Kosmet" club is the latest student organization to be launched at the state university. The new club, it is understood, is to include representatives of all the fraternities and barb organizations at the university, its purpose being the annual production of an original undergraduate opera. The organization was perfected last night and plans were discussed for the coming year.

Divorcee Sues Doctor at Norfolk for Damages For Breach of Promise

Dr. H. T. Holden, Recently Married in Omaha and About to Move Here, is Defendant.

NORFOLK, Neb., May 17.—(Special Telegram.)—Dr. H. T. Holden, for fifteen years a prominent physician of Norfolk, who recently brought a bride from Omaha to reside over his household, in which there are four children, was today made defendant in a \$10,000 breach of promise suit filed by Mrs. Bessie M. Peyton in district court at Madison.

TWO CO-EDS ARE KIDNAPED

University Girls Are Taken in Charge by Classmen and Rescue Prevented. (From a Staff Correspondent.) LINCOLN, May 17.—(Special.)—Jean Hamilton and Dorothy Morehead, two senior co-eds, were captured last night and held at a university rooming house until this morning, when they were dressed as little girls and sent to the Burlington depot to go to the senior sneak day festivities at Milford. Several senior boys besieged the house for several hours during the night in an attempt to rescue the fair ones, but were beaten off time and again through the industrious use of water buckets and garden hoses.

Nebraska News Notes. FAIRBURY—As a result of breaking a smallpox quarantine Mrs. Daisy Royce was arrested by Marshal Dodge and fined \$5 and costs. The home was quarantined for smallpox. GENEVA—The Degree of Honor convention opened in Fraternity temple at 2 p. m.

MUST LEAVE THE FISH ALONE

Game Warden Orders Arrest of Norfolk Fisherman.

DR. THOMAS TELLS OF INSTITUTE

New Head of Beatrice Institution Refuses to Approve Claim for Goods Furnished on Grounds Not as Represented.

(From a Staff Correspondent.)

LINCOLN, May 17.—(Special.)—Chief Game Warden Miller has ordered the arrest of Herman Lease of Norfolk for stealing fish. The real charge is taking fish unlawfully from public waters. The game warden, acting under the law, gave citizens of Norfolk a written permit to transfer fish from the Elkhorn river at a point below a dam in the town to a point above the dam. The object was to transfer fish from the Elkhorn river at a point below a dam in the town to a point above the dam. The object was to transfer fish from the Elkhorn river at a point below a dam in the town to a point above the dam.

FAIRBURY—County Superintendent R. C. Harris is arranging for the eighth grade commencement exercises at the city park auditorium Saturday, May 20. The exercises will be held at 7 o'clock and will feature a number of thirty-four district school pupils have taken the examinations and have "passed" and will receive diplomas at that time.

BEATRICE—The city council of Wymore Tuesday night granted a saloon license to Clayton Salubary of this city. This makes four saloons for Wymore, Dan O'Donnell, James Walsh and Lavalle & Caulder being granted licenses before Monday by Judge Pemberton in the district court. There are two more applicants for licenses at that place, J. W. Hobson and Monday by Judge Pemberton in the district court.

CHAPPELL—Three tramps were arrested here last night for breaking into O. D. Kauffman's house about four miles south of Chappell, stealing some money and other articles about the house, while the family was away from home. They are being held in the jail here and will have their hearing today. It seems to be a plain case, as the sheriff found them in a box car with the goods upon their persons, which they had stolen.

CHAPPELL—There are two or three grading outfits who are camping near Chappell now preparing to commence work upon the grade for the double track for the Union Pacific. There is also a gang of men at work here putting up a new steel water tank, and another gang which is moving the telegraph poles farther away from the road to make more room to procure dirt for the grade; there is also an outfit of surveyors that will be stationed here for about four or five months. Chappell seems to be quite a center of activity.

GENEVA—Graduation exercises began yesterday and continued all day, a program of orations and music. The commencement program will be held in the high school auditorium on Friday. The class roll is as follows: Bert T. Martin, class president; Wilber Loyd Sharrard, vice president; Helen Clara Edgecombe, secretary; Emma Zann, treasurer; Donald Dale Donovan, Roy Earl Bell, Jesse Wade Severns, Hattie Antonette, Estelle Krejci, Anna L. Burke, Carrie Ellen Maddox, Harriet Maude Ray, Charles Porter Sloan, Frank Blaine Sims, Donald Anthony Koehler, Rose Lamont Miller, Amy L. Baker, Clara Augusta Diederich, Glenn L. Jones, Hazel Ellen Barker, Barbara Eckley, Ethel Grace Allen, Grace V. Heiderstadt, Hugh M. Garrett.

State Towns Want Meeting. The precedent followed for a dozen years or more of holding the state dental society meeting alternately at Omaha and Lincoln according to members of the state association bids fair to be broken this year. Grand Island, Hastings and Kearney are contestants for the honors and are working hard to secure the vote when the matter comes up at Thursday's sessions. Officers for the coming year will also be chosen at the same meeting, but no fights are looked for, candidates coming out with considerable reluctance.

MICHELIN Inner Tubes

For Michelin and all other Envelopes

The majority of motorists throughout the world are satisfied users of Michelin Inner Tubes. They are the best judges. Ask them.

NEBRASKA-BUICK AUTO COMPANY, 1912 Farnam St., Omaha

214-216 No. 16th St. THE NOVELTY SKIRT CO. Opposite Hotel Loyal.

"Man-Power" and Food

It is customary to measure the capacity of motors, engines, etc., by the number of "Horse-power" they exert.

The motive power of modern industry, science and business is measured by "Man-power."

Modern tests show that the average meat-eater, contrary to the former belief, cannot begin to generate the power possessed by those who abstain from flesh-eating. Training classes at one of our great universities composed of young men who took meat in their training diet which, they supposed, would increase their strength, could not, for example, hold their arms horizontal for more than fifteen minutes while it was a common thing for flesh-abstainers to hold the arms horizontal for more than an hour, with less pain and fatigue than the meat-eaters experienced in half that time.

This and similar scientific tests have opened up interesting and valuable researches in the nourishment of body, brain and nerves.

One objection to the three-times-a-day flesh diet is the excess consumption of "protein," which produces an over-balanced dietary—one in which the tissue-forming element is greatly in excess of the body needs. This results in a clogging up of the system with material which not only cannot be utilized by the body, but which tends to form uric acid and other poisonous matter difficult to get rid of.

If there is an excess of such poisonous material, as above explained, the blood is loaded with it and the brain nerves, and muscles do not receive "pure food" on the one hand, while the body powers are reduced by having to put forth extra exertion to remove or destroy the poison.

Grape-Nuts FOOD

with cream contains protein for tissue-repairs and not in excess. The food is sterilized by long baking; is partly predigested by changing a portion of the starch into dextrin and dextrose (grape-sugar) so that it is easily digested and quickly absorbed.

Made of whole wheat and barley, Grape-Nuts contains all of the food elements of these cereals, including the phosphate of potash (grown in the grain) which nature provides for combining with the albumen ("protein") in the food, to rebuild worn-out brain, nerve, and other tissue-cells of the body.

In training for sport or business success, Grape-Nuts food for breakfast, with good cream, a soft boiled egg or two, some cooked fruit, all taken in moderation and with a peaceful mental attitude, will do more toward "putting you in form" than any other dietary yet discovered or devised.

"There's a Reason" Postum Cereal Co., Ltd., Battle Creek, Mich.

\$500 Reward!

For the arrest and conviction of the highwaymen who held up and robbed the crew of one of this company's cars at 10th and Valley Sts. on the night of May 15th. This company has a standing reward of \$500 for the arrest and conviction of anyone holding up and robbing its crews at any time.
