

SHE BEATS PUPIL, SUSPENDED

Miss Deiths, South Omaha Teacher, Laid Off for Punishment.

BOY IS TREATED FOR HURTS

Physician and Member of Board Are Called In to Examine Effects of Heavy Pointer on the Lad's Ankles.

Suspension because of the drastic punishment of a pupil has been imposed on Miss Laura Deiths, teacher in the Hawthorne school in South Omaha.

Further action will depend on investigation. The order of suspension came from the Board of Education.

Howard, son of Mr. and Mrs. George Taylor, 38 North Eighteenth street, was whipped with a blackboard pointer by Miss Deiths. The boy went home in tears and protesting to his parents.

"You ought to be wiser. It's good for you," his mother replied.

But the little chap continued his protestations and at last his mother examined his aching ankles. She says that she found them black and blue and wept from the blows he had received.

Dr. J. W. Koutsky was called and dressed the boy's wounds. Rudolph Tschout of the Board of Education was called in by the parents. He consulted with other members of the board and the suspension of the teacher was ordered.

Miss Deiths explained that she had punished the boy because all other methods had failed to make him desist in hectoring other pupils.

"Miss Deiths has been in the schools for about twelve years," said N. M. Graham, superintendent. "She has never had any trouble of this kind before. I am inclined to believe that she did not realize how heavy the pointer was when she whipped the boy."

Howard Taylor is back in school.

Sprague Street to Be Made a Boulevard

Ordinance is Passed and a Committee on Appraisal of Damages Appointed.

An ordinance condemning property along Sprague street for boulevard purposes and appointing a committee of appraisers was passed by the city council Tuesday night.

The ground will be used for the extension of the North Central boulevard, which when completed will be the last link of the connecting boulevard between Bemis and Fontenelle parks. The property to be condemned extends from Thirty-first avenue and Sprague street to Forty-second and Boyd streets. The damages are estimated to run near \$50,000.

CRAIG AFTER THOSE WHO PUT RUBBISH ON STREETS

One Man is Made to Reload His Wagon with Tin Cans—Will Enforce Ordinance.

George W. Craig, city engineer, is conducting a vigorous campaign against property owners, who violate the ordinance, which prohibits the depositing of building material and rubbish in the streets or gutters.

Numerous complaints have been filed with the city engineer, who has detailed an inspector to look after these violations. Early Tuesday morning, the inspector caught a teamster dumping a wagon load of tin cans and rubbish in a northside alley, which has just been put to grade.

He was forced to reload and haul to the city dumping grounds at Eleventh and Grant streets.

To promote the work, the city engineer requests that all violations of the ordinance be reported to his office.

Among the applicants for marriage licenses at the office of the county judge Wednesday was a bridegroom of 80 years, who sought a license to marry a young woman of only 18, the most oddly matched pair in the matter of age so far this year.

Otto J. Ieassee of Sioux City, was the groom, and Mattie E. Blackmore of Omaha, the bride. The young woman is an orphan, both parents being dead, and the consent usually required of the parents, was given by her brother, George E. Blackmore, a street car conductor of this city.

KING MUST BE RECOGNIZED

Judge Day Orders Mayor and Other Members to Pay Attention to That Member.

Florence's city council must recognize F. M. King in all of its transactions as a member of the body. A writ of mandamus to this effect brought by Mr. King against J. S. Paul, the mayor, and the other members of the council, was allowed by Judge Day Wednesday morning.

King in his petition alleged that the clerk refused to call his name on resolutions and motions, and that he was not given the floor or any recognition by the mayor. The suit is an outgrowth of the paving fight.

Feather Attached for World-Herald Bill

Pearl Plume Company Evaporates, Leaving Accounts and Lone Plume Behind.

Just a feather—that was all the constable found when he served an attachment on the Pearl Plume company, No. 1 Paxton block, to satisfy a judgment in favor of the World-Herald, suing on an advertising account.

The once wavy plume, drooping, stained and faded, has been delivered to Eben K. Long's court.

A. H. Hensel, constable, broke into the office of the alleged plume company. The birds had flown, leaving just the one feather.

Meanwhile the police, urged by many sorrowing women, are seeking for the officers and employees of the said Pearl Plume company. The women sent in their feathers to get them cleaned. The feathers are gone—all but one. The World-Herald gets that.

"Gives Any Woman A New Skin."

Lillian Langley in The London Fashion. (Eng.)

"Within the last three months, I have answered over 1,000 letters from women asking one and the same question: 'What shall I do for my complexion?' and, although I dislike to write for publication, my knowledge of toilet articles will put any woman's mind at rest as to what she should use.

"After 25 years of study in the treatment of the face, neck and arms, I find that few women know how to really improve their appearance. The usual treatment of the beauty specialists is a dangerous thing, as it is too harsh. It seems to have done good, but Oh my! shortly hair starts to grow, and such a lot of wrinkles, and the skin soon becomes rough and red and is all dried up.

"The following simple home recipe will practically give any woman a new skin: Dissolve an original package of preparations in 8 ounces of witchhazel. Massage the face, arms and neck with this solution twice daily. This will remove all shine from the skin, giving it a natural, faint color. It prevents the growth of hair and is absolutely harmless even to a baby's skin. All sorts of facial blemishes will soon disappear, and also the stray hairs.—Adv.

HUNDREDS OF DOLLARS ARE LOST

Two Linemen Are Accused of Carrying Away Valuable Material from Storeroom—Junkman is Held.

Three men are held by the police to answer for charges connected with the systematic looting of the store rooms of the Omaha Light and Power company.

William Brandt and Herman Schiller, linemen, were arrested for stealing the goods, while Dave Singer, 1147 North Twentieth street, was jailed for receiving the loot. Wire belonging to the company was found in his possession.

Complaint was made to the police by J. G. Keebler, an official of the lighting company.

A system of wholesale looting has resulted in the theft of wire valued at more than \$500 belonging to the electrical company. The thefts have been almost nightly for the last month. At times as much as 200 pounds of copper wire was taken in one haul.

Bandit Bands Are Terrorizing Mexico

W. P. Thomas Has Returned from City of Mexico and Tells of Conditions.

Bandit bands, grown bold by the chaotic conditions existing in Mexico, have been terrorizing the small towns of several of the rebellion-torn states, declares Walter P. Thomas, who has just returned from Mexico City, where he spent a month on legal business.

He says that the bandits have been especially active in the mountain districts near the Mexican capital, where they have plundered towns, overthrown ranches, destroyed mining property and wrecked trains. The federal police have not been able to cope with them.

Mr. Thomas recalls one bandit expedition which greatly aroused the Mexican capital. Within thirty or forty miles of the city a large cavalcade of bandits wrecked a train, killed a prominent Mexican, and forced to walk down the mountain side several miles, where they found a boxcar. Into this they clambered, released the brakes and rode down the mountain side toward Mexico City by gravity. The federal police have tried to cope with these bands, but so far have not been able to suppress them.

Appealed Cases to Be Heard Next Week

Special Time is Set for the Hearing of the Police Court Appeals.

Appealed cases from the police court are to occupy the whole of next week in district court before Judge Estelle. There are a number of cases, as none have been heard for almost a year.

O. T. Dickinson, city prosecutor, will have charge and Ed Baird, the attorney for the Board of Education, will be on hand in its interests to look after all forfeited bonds.

With no regular time set aside for their hearing, the appeals from the lower court have piled up in great number, and there is talk of hereafter having the first week of every term devoted to them. As yet, however, the judges of the district court have taken no formal action in the matter and James P. English, county attorney, has evinced no desire of having his time so approached upon.

Florence Pool Halls and Saloons Shut Up by Strict Regulations

Village Resorts Refuse to Struggle for Existence Against New Ordinances.

With signs of "Driven Out of Business" in their windows, the pool halls of Florence, three in number, ceased doing business Wednesday morning.

Monday evening the council passed an ordinance so strict in its regulations that it prohibited the operation of pool and billiard rooms. Since the present city officials have come into power five firms have quit business because of restrictive ordinances, two saloons and three pool halls.

This leaves nine vacant store rooms on Main street, the business street of the city.

Breakfast on bologna and crackers in a 25-cent dilapidated chamber was the beginning of the disillusionment of Mrs. Augusta Meyers, who yesterday filed an amended petition for divorce. She charges her husband, William Meyers, with unendurable frugality.

Mrs. Meyers alleges that on the day of their marriage they walked the street for hours hunting a 25-cent room.

STUDENTS REHEARSING PLAY. Seniors of High School Prepare for Presentation of "Monsieur Beaucaire."

Final preparations for the presentation of "Monsieur Beaucaire," the senior play of the Omaha High school at the Brandeis, May 25, are in progress. A dress rehearsal was held at the Brandeis theater, Tuesday afternoon, and the whole cast of more than eighty performed without a hitch. Miss Lillian Fitch is in charge.

A special section at the theater has been reserved for the high school students. Students of the seventh and eighth grades of the grammar schools of the city, will also attend the play.

But two more rehearsals will be held before the play is given. It is not the expectation of the seniors to realize much money from the presentation of the play. They will use the proceeds of the play, in beautifying the exterior of the new high school building.
