

UNIVERSITY REGENTS MEET

Award Diplomas to Doctors Who Graduated Last Night.

ALL REGENTS ARE PRESENT

Fall to Take Any Action Against the Professors Who Are Charged with Too Much Political Activity.

Degrees of doctor of medicine were granted by the Board of Regents of the University of Nebraska at the meeting held in the Omaha club Thursday noon to the men who graduated last evening from the medical department. It was expected that the political activity of some of the members of the university faculty would be discussed by the regents, but nothing was brought up in that connection during the early part of the meeting. All of the regents were present, including besides Chancellor Avery and Secretary Dale, C. S. Allen, C. B. Anderson, F. L. Haller, George Coupland, V. G. Lyford and W. G. Whitmore.

The routine business executed was as follows:

Prof. Gann and Trueman were granted leave of absence from June 5 until the beginning of the school year in September. The resignation of Val Keyser, superintendent of farmers' institutes, to take effect July 1, was received and accepted. Prof. E. H. Harbison and Laurence Bruner were named, respectively, as state geologist and state anatomist under the provisions of the new law authorizing the regents to name these officials.

The title of Adjunct Professor Westgate was changed to that of adjunct professor. The title given to Superintendent Fred M. Hunter (elected at the last board meeting to succeed the late Prof. Davidson) was "professor of secondary agricultural education and principal of the School of Agriculture."

Prof. Wallace was given another year's leave of absence without salary to continue his Shakespearean investigations in the public records office at London.

William J. Duppert, who has been employed temporarily in the forestry department since the death of Prof. Phillips, was appointed adjunct professor of forestry, beginning September 1.

Miss Nellie McIntosh and Miss Regina and Miss Mary Schulte were given permission to receive their degrees in absentia in order that they might specialize by studying in Germany during the summer.

Foley's Kidney Remedy Aided Quick. M. N. George, Irons, Ala., was both-ered with kidney trouble for many years. It was persuaded to try Foley Kidney Remedy, and before taking it three days I could feel its beneficial effects. The pain left my back, my kidney action cleared up and I am so much better. I do not hesitate to recommend Foley Kidney Remedy. For sale by all druggists.

BUT ONE AUTO SPEEDER FACES THE TRIAL JUDGE

B. R. Hastings Pleads Guilty and is Given the Customary Fine.

Omaha's flying squadron seems to have filled the hearts of daring motorists and speeders with fear, as but one man was arrested for exceeding the speed limit Wednesday. Byron R. Hastings was the unlucky offender and drew the usual \$25 and costs.

Hastings pleaded guilty to the charge placed against him, saying he thought the speed limit was fifteen miles an hour, and said he was going that fast without doubt.

For soreness of the muscles, whether induced by violent exercise or injury, Chamberlain's Liniment is excellent. This liniment is also highly esteemed for the relief it affords in cases of rheumatism. Sold by all dealers.

ELEVATOR INCREASES SIZE

Crowell Lumber and Grain Company Lets Contract for Enlarging Its Elevators.

The Crowell Lumber and Grain company will increase the size of its terminal elevator in Omaha from 100,000 bushels to 300,000 bushels capacity. The contract for the new building was let today to Moulton & Evans, a Minneapolis contracting firm. The new elevator will be equipped with the latest machinery for the rapid handling of grain and will be operated by electric power.

The Crowell Lumber and Grain company moved to Omaha from Blair, Neb., several years ago, and built a terminal elevator. The business has increased so rapidly that the new building is necessary to take care of its increasing shipments from the country.

A Total Eclipse of the function of stomach, liver, kidneys and bowels is quickly disposed of with Electric Bitters. See For sale by Beaton Drug Co.

Hot Water

and a

Cool House

Don't toil over a hot fire in order to get the hot water you need.

A Gas Water Heater

will provide it, and the only labor necessary is to light the burner. In a short time the water is heated in your kitchen boiler and may be drawn from any hot water faucet in the house.

The house is not kept at fever heat to enable you to obtain hot water at any time. The heat from the gas burner goes into the water—not into the house.

Price, connected, \$10.00.

Send for our representative who will explain our terms for

A Gas Water Heater

OMAHA GAS CO.

An attractive office, cool and well ventilated, in the heart of the city, is a business asset.

THE BEE BUILDING

has a few vacant offices that are as choice as any in the city. They are kept thoroughly clean, and are inviting rooms during the hot summer months. New elevators that will give this building excellent service are being installed. Janitor attention, light and water are the best.

Here is a list of a few choice offices which are now vacant:

ROOM 110—Having a south and west exposure, protected from west by the City Hall, and most always a cool breeze from the south. This space is 14 1/2 x 20 1/2 and is well lighted, with very reasonable rent, per mo. \$18.00

ROOM 146—On the sixth floor next to the southeast corner, where the afternoon sun will not roast during hot weather. There is a vault about 4 feet square in this room which affords storage space for stationery or valuables. The room is 9 x 19-6, and rents for, per month

ROOM 320—Northwest corner room, and the only large single room vacant in the building. There is a total of 380 square feet of space and has a large fireproof vault. This could be arranged to make two private offices and a reception room, and rents at the small sum of, per mo. \$40.00

IF INTERESTED IN LARGE SPACE SEE US REGARDING FIRST FLOOR ON EAST SIDE OF BUILDING.

The New elevators are being installed.
