MORTENSEN TALKS OF CHANCE

Supreme Court Has Not Advanced Commission Case.

District Judge - Senior Sneak Day Comes Too Often.

(From a Staff Correspondent.) LINCOLN. May M .- (Special.)-Peter Mortensen of Ord arrived in Lincoln today and talked freely of his chances to get a place on the State Rallway commission. He was the only candidate on the ticket last fall and wa selected to fill a vacancy, but Governor Shallenberger contended that the place was to be filled by appointment and not by election. The governor appointed W. J. Furse to serve.

If the appointment is legal Mr. Furse will serve only till his successor is elected this fall. If Mr. Mortensen's election is legal he will serve for the unexpired term of three years. Mr. Mortensen fied a suit in the supreme court to test Mr. Furse's right to hold the place by appointment. This case has not been advanced by the supreme court and may not be decided till after the election this fall. The suit could have been filed in the district court and then appealed and advanced under the rules of the supreme court, but being filed as an original suit in the supreme commence Saturday evening, May F. with court, the court may use its discretion in regard to advancing it.

My son was in the university, but he has now returned to Ord to work in a bank and Lincoln is no longer my home. For this reason alone I do not care to make any further effort to be a candidate for railway commissioner this fall if it turns out that a candidate is to be elected this fall."

Cobbey to File for Judge. J. E. Cobbey of Beatrice this afternoon secured from the secretary of state blanks for filing for the primary nomination for udge of the supreme court. Judge Cobbey will file on the republican ticket.

Unable to Candle Eggs. Food Commissioner Jackson has received word from a few merchants in small towns who assert that it will be a physical impossibility for them to candle eggs purchased by them from farmers. In a bulletin Mr. Jackson indicated that dealers who buy eggs must candle the product in order to avoid the penalty of the law. He believes most merchants can do so by employing an extra man and many may be able to do so themselves. Those who candle will be watched by the food inspectors

to prevent them from accepting bad eggs for the sake of retaining the trade of farmers. If bad eggs are found in possession of merchants, this fact will be considered evidence that the bad eggs are for sale and prosecutions will follow. Vote on School Site. Omaha's Only Modern Clothing Store

The Home of Quality Clothes

"Readyto-Wear"

Less than twenty-five years ago, the man who wore ready-made clothes was looked upon with something of the same feeling inspired by the man who now wears a celluloid collar. Then, ready-made clothes were produced only for men who demanded "cheapness," regardless of style and quality.

The new era of ready-to-wear apparel, of which apparel this store is Omaha's leading distributor, has banished the prejudice formerly existing, and ready-to-wear clothes are now the choice of the most critical and best dressed men.

Our Spring and Summer Suits, \$10 to \$35 *Ready-to-wear" represent the highest type of quality, style and tailoring-a standard that no merchant tailor can surpass. Shown in an assortment of fancy weaves and True Blue serges several times greater than in any store hereabouts. You'll do better if you do your clothes buying here.

Those popular \$15, \$20 and \$25 Suits of ours meet the requirements of a vast number of men and young fellows who want to be economical and still be faultlessly attired. They find in them suits like which they were never able to find in a clothing store. There isn't a popular fabric from light fancy weaves to True Blue serges that is missing. Better let us show them to you.

HALF MINUTE STORE TALKS

There was a big husky fellow of outlandish proportions in a while back. He said in his brusque manner -"You fellows claim to fit any man, regardless of his build. I've come a long ways to disprove your assertion. Show me one single suit that will fit me, I don't care what the kind or cost, and I will buy it." We showed him, not one, but a dozen or more, gave him an ample choice and he "I've read so much "bunk" about fitting us big fellows that I put this in the same class with other stores but I must take you out of that class and establish a class for your sole occupancy."

Last Day of Summer Shirt Week

Of course you can buy summer shirts here throughout the season, but just now the line is without a break in it. Monday we might not be able to say as much, We honestly believe it would pay you to come in today and select a few of the choicest numbers.
