TO HOLD CONVENTION OR NOT

Republican Committeemen Called to Meet June 9.

LAW PROVES TO BE PUZZLER

Evans-Gustafson Act Fails to Repeal Section of Old Law Providing for State Gatherings in July.

(From a Staff Correspondent.) LINCOLN, Neb., May 30.—(Special.)—With the announcement by Chairman William Husenetter of the republican state committee of the meeting to be held in this city June 9 for the purpose of appointing delegates to the state convention comes the answer to a question which has arisen in many prominent republican's minds whether or not such a convention would be held this year.

The Evans-Gustafson primary law which was enacted at the late session of the legislature made no mention of a state convention. Later, however, it was discovered that no sections of the new bill repealed what is known as section 1143 of the former law, which provides that political parties shall hold state conventions on the last Tuesday in July of each year.

The clause of section 1143 of the old law provides that delegates to the national convention shall be selected by state or state and congressional conventions, no method of such selection, however, being explicitly defined.

This is in direct conflict with the new law which provides that such delegates shall be selected at the primary convention to be held in August, four delegates at large from the state and two from each congressional district.

Chairman Husenetter has consulted Assistant Attorney General Frank E. Edgerton, with the result that he has called his committeemen to gather here to consider this matter with others which will be taken up at the meeting.
