HUSENETTER TURNS OVER FEE

Pays in to State What Standard Pays for Copy of Records.

JUDGE LETTON FILES FOR PLACE

First of Supreme Judges Whose Term Will Expire This Year to Get Into Race for Re-election.

(From a Staff Correspondent.) LINCOLN, June 1.—(Special.)—On inspectors may come and go in the course of changing state administrations, but for the first time in the history of that department it is said there is a man at the head who has returned to the state a \$100,000 fee in the hands of the Standard Oil company in the hands of paying for a copy of the office records. The present incumbent of the office, William HuseNETTER, who is also the chairman of the republican state committee, in his report makes a return of the money to the state along with other moneys collected by his department, asserting that it belongs to Nebraska and therefore should go to the state treasury.

The office has been in the habit of selling this copy of the month's business, which shows where all other competing companies have made sales during the month, and also the amount disposed of. This, of course, is a distinct aid to the big concern for they are thereby enabled to see at just what points they have the most competition and in what towns over the state they are losing out or business. For this they are said to be more than willing to cough up monthly to the tune of \$10,000. Mr. HuseNETTER's report is as follows for the month of May:

DEBITS: Standard Oil company copy of records \$100,000. By salary state inspector and expenses \$1,000. Office expense \$100. Amount turned over to treasurer \$100,000.

LETTON FILES FOR JUDGE. Charles B. Letton of Fairbury, at present a judge on the state supreme bench, is the first of the three members of the court whose terms will expire this year, to request that his name be placed on the primary ballot as a candidate for re-election. His petition, filed with the secretary of state, is signed by twenty-eight electors, all of his home town.

J. E. Miller of this city, a well known business man and prominent democrat, has filed a petition asking that his name be placed on the democratic ticket as a candidate for his party's nomination for rector of the State university. His petition is headed by Charles W. Bryan, C. H. Dodge, T. S. Allen and other well known democrats.

Hotel in Sheriff's Hands. The Royal hotel of this city has been placed in the hands of Sheriff Hoagland, who has taken charge of the place on receipt of papers issued on the petition of the Royal Hotel company, owners, against Mr. and Mrs. Levi Mussen, the present proprietors of the concern. Several debts secured by the Musses at the time the place was opened by them, and an arrangement in rent, it is said, precipitated action in the matter.

Mussen, who late last week pleaded guilty in the federal court to selling liquor without a government license, will leave here Saturday for Fremont, where he will begin serving a thirty-day term, to which he was sentenced by Judge Munger.

Wheeler Will Yield. Frank Wheeler, for whom a requisition for his return to Kansas for alleged complicity in two or three bank robberies in what state was issued, left for there yesterday after refusing to fight, as he had first decided. Wheeler and O'Donnell, a companion, who are said to have worked together, went to Maryville, where they are to be held for the robbery of a bank there. Later they will be taken to Hancock, where they are alleged to have robbed the Taft bank.

Suit Against McBrien. Trial was begun in district court today of the \$1000 suit of Victor H. De Bolt against Jasper L. McBrien and the National Surety company, the latter having been on McBrien's bond when the latter was state superintendent. De Bolt is a school teacher and during the year 1907-8 was employed at Norfolk, Cas county. The superintendent of that county resigned and it is alleged that De Bolt and McBrien, the latter being state superintendent, got into a controversy over the appointment of a man to fill the vacancy, this difficulty furnishing the motive for the attack the state superintendent is alleged to have later made upon De Bolt.

Banker Is Sent to Jail. State Senator C. M. Skiles, city attorney of David City, called at the state house this forenoon to offer to the state \$1000 water bonds voted by the people of David City. The bonds, together with \$2,000 of light bonds, were in court for a time, the warrant of the David City electors being plant alleging that the sale of the bonds to the First National bank of David City was illegal because the mayor of the city was president of the bank and that he could not buy from the city. The light bonds are still under a cloud, but the court refused to hold up the water bonds. Now Senator Skiles offers them to the state.

Cotton Crop Will Be Largest Ever. Acreage Has Increased and Outlook for Yield is Good—Prices Lower in New York and New Orleans.

WASHINGTON, June 1.—Present indications point to this year's cotton crop as the largest in the country ever has produced, according to government experts. The crop will be greater by about 1,500,000 bales than the average and larger by nearly 600,000 bales than the biggest crop the country ever raised—that of 1904. The maximum in 1904 was 12,366,939 bales.

The area planted to cotton this year in the United States, as estimated by the crop reporting board of the Department of Agriculture, is the first crop report of the season is about 10.7 per cent of the area planted last year, or 2,004,936 acres, including that already planted and expected to be planted. on the family expense account that calls for careful handling it's the boys' clothing account.

Probably in no other item is there so much wastefulness. Few boys but are hard on their clothes. Parents know this, many wish to economize—but they attack the problem from the rear. They cut down on the price instead of demanding more quality. One good suit will outwear two poor ones and the cost of a good suit is but little, if any, more than that of a shoddy, thrown together suit so often advertised as a "Bargain." If we can induce you to buy just one of our suits your boy's clothes bill will be cut in two and your boy will always look better.

Prices run from \$2.00 to \$15.00 With the Majority Selling at \$3.50 and \$5.00

Half-Minute Store Talk. A man was in the other day who said he had fully made up his mind that it was a Tailor's store for him. He had traded five years at one of the prominent stores, but he said they were never able to properly fit him with a suit. He mentioned it at some one evening and his wife advised him to try King-Swanson. It is wonderful how a knowing wife can help a fellow out of his clothes troubles. This fellow didn't have to pay a tailor an exorbitant price—he wrote her him in touch with a store that could fit him with a strong accent on the word "Fit."

WHAT STATE DOES FOR PEOPLE

Facts About Three State Institutions for Unfortunates.

COMPARISON MADE OF THE COST

Omaha School for Deaf, Orthopedic Hospital and Millard Industrial Home Each Aid in Own Way.

(From a Staff Correspondent.) LINCOLN, June 1.—(Special.)—Reports of three charitable institutions of the state show that a daily average of fifty-two dependent crippled children are being treated at the state orthopedic hospital at Lincoln. During the last two years, according to the biennial report of the institution, twenty-seven were cured, 22 were discharged or died and sixty-three were in the hospital at the end of the biennium. The cost to the state is about \$2,000 a year.

The object is to provide proper surgical treatment for deformed children, many of whom have been and by means of a number having club feet have been either cured or much improved. Others have been operated on for hare lip, curvature of the spine and the like. A school is maintained, industrial education being emphasized.

School for Deaf.

At the Omaha School for the Deaf, during the last two years 224 pupils were enrolled. At present thirty-four boys and eighty-four girls—118 in all—are in attendance. One hundred and twelve pupils have been enrolled since the founding of the institution, and eighty-eight of this number have graduated. Twenty-one were cured. As reported by parents, 22 were born deaf, brain fever caused deafness in forty-four, catarrh, fourteen; diphtheria, twelve; inflammation of ear, thirty-two; jaundice, nineteen; measles, thirty-two; scarlet fever, sixteen; spinal meningitis, eight; typhoid, seventeen; whooping cough, twenty-three; cold, thirteen. Signs are not taught or used except to a limited degree in advanced classes. Every child is given an opportunity to learn speech and lip-reading. Industrial training is a strong part of the educational system.

Home at Millard.

Twenty-two years ago the state opened at Millard a home for unfortunate girls, and during that time over eighty have sought its shelter. The majority of these are between twelve and eighteen years. A few are as old as thirty and thirty-five years, but these are poor, feeble-minded creatures. This is not strictly a home for fallen women, but gives protection to any girl who is not getting proper home treatment and who is in danger of being led astray. When ready to leave a home is provided as well as a wardrobe. As a rule the girls make good records after leaving the home. They are taught useful occupations and attend school afterwards. Fifty-two were in the home at the last report. The state expends about \$2,000 a year on the institution.

HERE'S a mighty good proposition for you men who want Spring Suits. Five hundred Spring Suits, Hart, Schaffner & Marx make, \$25 & \$22.50 values, choice—

\$18.00

For 500 men who appreciate good clothes, for men who would consider a saving of 25% on clothes of a national reputation for high quality and style perfection—standard merchandise, where manipulation is out of the question. Most men know the high standard and superior merit of the Hart Schaffner and Marx Clothes, and no further talk on quality is necessary.

Why do we offer these suits at \$18.00? Here's the answer briefly outlined.

More of these fine suits on our counters at the beginning of June than we should have—the reason—backward delivery—the cause—No doubt you know the labor troubles which existed in the Chicago Clothing industry last winter, on account of which manufacturers were delayed 3 to 4 months on deliveries. Our order placed with this large concern has since been completely filled, but on account of delay and necessary filling in we have too many fine suits on hand. This offering is only a small part of our purchase with this firm and we are willing now practically at the opening of the season to sacrifice our profits on 500 of these \$25.00 and \$22.50 suits in order to quickly reduce our stock. Only a few days will be necessary to deplete this allotment of 500 suits, so get in early; better come Saturday.

You'll find for selection all the newest colorings, weaves and patterns, fancy worsteds, Scotchies, tweeds, homespun, cassimeres, in any model best suited to your figure—including the classy new "Shapemaker" models. Half lined or full lined—two-piece or three-piece—plain sacks or Norfolks, stouts, slims, regulars, all at the one price Saturday, \$18.00.

If you want something at a less price just look over the magnificent bargains we're offering from our big special purchase at \$7.75 \$9.75 \$11.75 \$14.75. You'll find them values worth full 40% more than our sale prices. TRU-BLUE SERGES at \$14.75 are making a hit, you bet; they're absolutely fast color and tested. Let us show you.
