Rev. J. M. Williams went to Manning yesterday afternoon to deliver the commencement speech at the town high school. He will return this morning.

A temperature of 98 was general in Council Bluffs yesterday and in several of the heated portions of the business streets thermometers indicated 111 in the shade.

F. M. Van Arnam, who left Council Bluffs a number of years ago, and for several years has been located at Sheridan, Wyo., has returned to the city with the intention of making it his home.

Secretary F. E. Eastman of the Young Men's Christian association left yesterday for Columbus, O., to attend the Employed Officers' association. He expects to be gone about a week.

The little cavity discovered in the newly filled embankment of the Benton street fiasco, proved to be an enormous cavern. Several wagon loads of brickbats, cinders and earth were required to fill it.

After three years' absence on the Pacific coast Harry Schmidt is home on a visit to his parents, Mr. and Mrs. Jacib Schmidt. He is located at Tacoma, with a good position with a financial institution.

Newell McGeorge has begun a suit in the district court against the International Harvester company asking a judgment for $800 for alleged wrongful seizure of an auto delivery wagon and $1,000 damages for the injury sustained by his business as the result of the loss of the vehicle.

A number of seabirds, entire strangers to this part of the country, have been sailing over Council Bluffs for the last few evenings. They are small white birds with black tipped wings, and appear to be very anxious for somebody to direct them toward the nearest body of salt water.

The funeral of Mrs. Elsie Harris, who ended her life on Thursday by hanging, was held yesterday afternoon from the residence. The attendance was very large and the expressions of sympathy hearty and sincere. The services were conducted by Rev. J. M. Williams, pastor of the Broadway Methodist church.

Judge Walter I. Smith will return from Kansas City this evening. On Monday he will return to St. Paul to complete his work there for the present term of the circuit court of appeals. Mrs. Smith will accompany him. They will be in St. Paul a week or more and will then go to northern Michigan, where Mrs. Smith may remain during a portion of the hot weather.

One Council Bluffs woman was in the wreck on the Frisco line near Kansas City when the train went over an embankment. She was Miss Francina Oursler, daughter of J. M. Oursler, general agent of the Union Pacific, and resided at 408 Morningside avenue. Miss Oursler is a teacher at the Iowa School for the Deaf. She was returning from Morganstown, N. C. She was very slightly injured, escaping with only a few slight injuries.

John L. Templeton, for years chief of the Council Bluffs fire department, and now at the head of the fine fire-fighting force at Muskogee, Okl., is in the city, accompanied by Mrs. Templeton and their son. The young man graduated this week at the Kearney (Neb.) school, and his parents came all the way from the southern home to be present and take him home. They will remain in the city several days the guests of some of their many friends.

Judge Wheeler and a jury in the district court heard the evidence yesterday in the suit of A. C. Hill against J. L. Monsperger and others interested in the management of an alleged vicious cow. The cow attacked and severely injured Mrs. Hill last October near her home on Avenue J and Twenty-ninth street. Judgment for $5,000 was asked. After an hour's deliberation the jury returned a verdict for the defendant. The case held the attention of the court all day.

The high school faculty held its final meeting of the year yesterday afternoon. The event wts given a social tint by a luncheon at the Grand hotel. A number of short and bright talks occurred. Prof. Brindley ,who has been a member of the faculty for the last three years bade farewell to his fellow laborers and received their good wishes for his success in his new field at Fort Dodge. Additional interest was given the meeting by the presence of Prof. S. L. Thomas, former principal of the high school.

The petition in the suit of Charles A. Horner, a former police officer, against Dr. J. H. Cole was filed in the district court yesterday. The original notice was served several weeks ago. Mr. Horner was shot and badly wounded by a negro desperado, and his suit is based on the injuries received by X-ray burns while Dr. Cole was seeking to locate the bullet which had lodged near his spine. He asks $10,000. Horner was pensioned as a result of his injuries, and will draw $35 a month from the city as long as he lives.

George W. Adams, president of the Iowa & Omaha Short Line railroad was arrested yesterday upon complaint of William A. Lewis, owner of a farm extending through two sections, who charged him with misdemeanor under the Iowa law requiring the construction of fences on both sides of railway tracks on all land acquired within six months after possession is taken. The new line which is in the last stages of completion has not been thus protected. The information was filed in the office of Justice Cooper. Mr. Adams was found hard at work near Treynor and brought into town by Constable Baker. His own recognizance was taken and the court permitted him to name the date for the hearing. Mr. Adams thought a moment and made it ninety days. Before that time the fences will be constructed.

Leonard Panique, who stormed the central police station armed with a repeating rifle and two big revolvers, bent upon releasing his wife, whom he believed was imprisoned there, had fully regained his senses when he confronted Police Judge Snyder yesterday morning. A few hours in jail had restored his momentarily dethroned reason, and he realized the tragedy that had been averted by the coolness of Officer Crum. He was very penitent, especially after finding that the charge upon which a warrant had been issued for the arrest of his wife was of such a trivial character that she was promptly discharged when the facts were presented to the court. Judge Snyder let the man off easy, imposing a fine of $25 and costs and exacting a bond of $300 from him to keep the peace.

Robert Willey, 81 years and 6 months old, died yesterday at his home, 150 Glen avenue, after a six months' illness from dropsy. Mr. Willey had resided at his Glen avenue home for forty-six years and had lived in this vicinity for more than two-thirds of his life. He owned one of the choicest fruit and vegetable farms in this locality, lying partly inside the city limits at the end of East Pierce street. Quite recently a portion of it was bought to enlarge the Catholic cemetery, and tombs are now sheltered by the protecting boughs of apple trees planted by him many years ago. Mr. Willey was born in England, January 11, 1829. Friends who desire to view the body may do so on Sunday afternoon between 2 and 4 o'clock preceding the funeral, which will be private at sundown. The request is made that no flowers be sent.

Dr. O. O. Smith, pastor of the First Congregational church, was called up by telephone a few days ago by R. W. Jones of Henderson, who made a number of kindly inquiries concerning the work of Rev. J. W. Hanley, pastor of the Peoples' Congregational church of this city. Mr. Henderson, who is a prosperous and helpful citizen, became interested in the work of Pastor Hanley through the reports made public at the recent session of the State Association of Congregational churches at Waterloo and the district association meeting at Creston. Later a letter came to Mr. Smith from Mr. Jones asking for some additional information in connection with the work, which was promptly answered. Yesterday morning Dr. Smith received another from the Henderson man inclosing a draft for $100 as a contribution toward the new church building found necessary to meet the requirements of the rapidly growing and de-

Council Bluffs

HOT FIGHT AT THE WINDUP

Both Parties Redouble Energy in Contest in Ninth District.

GUM SHOE WORK IN FAVOR

Almost No Speaking Has Taken Place, Since Hot Days Are Poor for Campaign Toilers—Farmers Busy.

Interest in the special congressional election which takes place next Monday is reaching the acute stage. Since the democrats have concluded that the election of their candidate, W. F. Cleveland, is necessary as the first expression of national confidence in the work of the democratic branch of congress so far in the special session, they have concentrated in the district the power of the whole national organization.

It is now admitted that the plans for a "whirlwind campaign, with a national speaker in every school house in the district," were only abandoned because the old wheel horses who have directed the course of the democratic mule team concluded the republican plan for still hunt was better than the brass bands and blazes of oratory. They recalled the fact that wherever Bryan spoke in the Iowa campaign last year the democrats were defeated. The democrats only decided to make some speeches after the republicans eased up a little in the personal canvass. The campaign managers have discovered that the farmers will not come out at all to hear a campaign speech in the busy month of June, but every voter in the district has been directly communicated with and the way to his duty clearly pointed out to him.

Bluffs Storm Center.

For the next forty-eight hours Council Bluffs will be the center of the political battle. The republican managers will make no effort to attract support to Judge Green by impassioned oratory or fervid appeals to political patriotism, but the democrats have decided that some political thunder shall shake the skies. Consequently they have arranged a boiling meeting at the Dohany theater this evening, when Judge Martin J. Wade, Candidate Cleveland and Emmet Tinley will be the speakers. There will be brass bands on the streets and plenty of enthusiasm in the vicinity of Broadway and Sixth street. But while this is going on the skirmish lines of the enemy will be thrown out in all directions in other parts of the city.

The campaign has been singularly free from personalities and bitterness. Judge Green has been tireless in his work, conducting his canvass with the dignity and sincerity that has characterized every act of his official life, and he has added to his strength by the force of his character and his candor and fairness. While there are so many elements of uncertainty to be reckoned with, such as the refusal of the farmers to quit their fields to vote and apathy of some of the republicans, the friends of Judge Green are extremely confident of his election.

A dozen republican automobiles have been engaged for work at the polls on Monday, and many voters will have the opportunity of free rides to the polls.

The Polling Places.

The work of preparing the election booths in the city was begun yesterday when County Auditor Hannan began sending out the ballot boxes. Following are the location of the polling places:

First Ward, Second Precinct—A. J. Anderson, contractor, 207 East Broadway.
Second Ward, First Precinct—Hansen carpenter shop, 23 Bryant street.
Second Ward, Second Precinct—L. P. Service, 734 West Broadway.
Third Ward, First Precinct—101 Fourth street.
Third Ward, Second Precinct—803 South Main street.
Fourth Ward, First Precinct—Court house.
Fourth Ward, Second Precinct—703 Sixteenth avenue.
Fifth Ward, First Precinct—County building.
Fifth Ward, Second Precinct—County building.
Fifth Ward, Third Precinct—Crippen store, 2325 West Broadway.
Sixth Ward, First Precinct—County building.
Sixth Ward, Second Precinct—Colburn residence, 2530 West Broadway.
Sixth Ward, Third Precinct—Fifth and Locust streets, East Omaha.

WE WILL all have to own up that our fruits and vegetables grown right at home are away ahead of the shipped goods. Today we have home-grown strawberries, 2 boxes for 25c; home-grown peas, 25c peck; beets, 3 bunches for 10c; turnips, 3 bunches for 10c; cucumbers, 2 for 15c; wax beans, 12½c pound; the long green asparagus, 10c bunch; head lettuce, 5c; radishes, 1c each; onions, 1c; pineapples, 15c each; chipped beef, 30c. We still sell the same kind of coffee, New York roasted, at 25c pound. Bartel & Miller. Phone 359.

BIDS OPENED FOR WORK ON MEMORIAL FOUNDATION

One Bidder So Much Lower Than Others that Promoters Ask Him to Figure Again.

Bids were opened yesterday for the construction of the concrete work in connection with the Lincoln memorial monument that is to be erected on the historic spot at the head of Oakland avenue where Abraham Lincoln stood in the summer of 1859 entranced by the beautiful panorama that made such a deep impression upon him.

Funds for the monument have been collected by the Lincoln Monument association, of which General G. M. Dodge is chairman and to which he has contributed a large amount of money.

Four bids were filed and there was such a difference between the highest and the lowest that the association instructed Engineer Etnyre, who draughted the plans in accordance to the wishes of General Dodge, to confer with the low bidder and let him be sure that no mistake had been made.

Big Range in Bids.

The bids were filed by Peter Nelson, who asked $3,200 for the job; E. A. Wickham, who figured the cost at $2,950 as the limit and agreed to do all the work at cost, submitting all bills for material and labor to committees; Norgard & Son, $2,750, and Nels Jensen, $2,453. Jensen's bid was so out of proportion to all of the others when such experienced concrete workers as Nelson figured the actual cost, including $400 for lumber for the moulds, and Wickham, $2,950, by using lumber that had been used, that the committee was sure Jensen had made a mistake based upon inadequate knowledge of the plans and the requirements of the specifications.

The association instructed Mr. Etnyre to go over the plans with him and explain them, indicating the large amount of expensive hand work of an artistic character required, and not permit him to take the job at a price that would cause financial loss or inferior work. A large amount of important white cement is required, and chipped granite is to be used for the surfacing to make all the cement work correspond with the granite shaft that is to constitute the monument itself. More than 150 cubic yards of the most expensive kind of artistic work is to be done.

Council Bluffs

CORONER'S JURY HOLDS NO ONE FOR ACCIDENT

Driver of Automobile Not Found Responsible for Death of Sammy Gillinsky.

A coroner's jury inquired yesterday into the death of Sammy Gillinsky, the 13-year-old son of Mr. and Mrs. Enoch Gillinsky, who was instantly killed Thursday evening by an automobile driven by John Erler, and decided that death was due to an accident for which no person could be blamed.

The testimony of a number of witnesses was taken, all of whom saw the accident. There was no conflict in their stories. The boy was returning from his father's store at 1001 Broadway to his home, 2015 West Broadway. With a number of other boys he had climbed upon a wagon belonging to the Nebraska Telephone company going to Omaha. The driver compelled the other lads to get off, but the little Gillinsky not observed. When the wagon came nearly boy was riding on the side step and was opposite his home he leaped off without observing Erler's big touring car that was approaching from behind and had turned out to pass the wagon. It was not ten feet behind him when he touched the ground. The fenders on the wagon concealed the boy from Erler and he did not see him when he swung off the wagon and a fraction of a second later the child disappeared beneath the automobile.

Dr. M. J. Bellinger, who was called immediately, testified that death had been instantaneous from a broken neck.

Arrangements had been completed for the burial of the boy on Sunday, but at the request of the family the time was changed and the broken little body was laid away in the Jewish cemetery yesterday afternoon.

STREET CAR WORKERS BUSY LOWERING TRACKS TO GRADE

Work on Repaving of Broadway Will Await the Completion of This Task.

With plenty of men waiting to begin work and unlimited quantities of material on hand and all preliminary preparations completed, Contractor Wickham has been compelled to suspend work on the Broadway paving, owing to the big task put upon the street railway company by the change of grade, which required the lowering of the tracks on Broadway above Main street from four to six inches.

Mr. Wickham, however, has put his men at work repaving the first block of South Main street, and is making some record time in getting out the old granite blocks and preparing for the new pavement. The west side of the street was cleaned off and the required filling finished yesterday. Today the concrete gang will begin work, and within a week or more the block will be finished.

The street railway company is not delaying the work of lowering its tracks, but has as large a force of men at work as can be used to advantage. They toiled like ants ten hours yesterday in the blistering sun under the direction of Foreman Mike Moore and removed the filling between the ties for a distance of several blocks. When this is finished the whole length of the tracks can be let down in a few hours. When this is done the old rails will be taken out and replaced by steel weighing ninety-seven pounds to the yard, the heaviest street car rails made. The paving work can begin whenever the ties are brought down to the new grade.

Real Estate Transfers.

Real estate transfers reported to The Bee June 2, by the Pottawattamie County Abstract company:

B. F. Cook and wife to C. A. Hinkle and wife, lots 9, 10, 12, 13, 14, 15, 16, 17, 18 and 19, block 1, Morningside add. to Council Bluffs; and part of nw¼ se¼, 30-75-43, w d. $7,000
William H. James and wife to M. H. Oderkirk, lots 18, 19, 20 and w½ of 21, block 14, Highland Place, an add. to Council Bluffs, w d. 1,300

W. Moore, trustee, and wife to Eldora Smith, lot 208, Belmont add. to Council Bluffs, w d. 210
Four transfers, total $9,510

N. Y. Plumbing Co.-Tel. 350. Night F-1702.

Marriage Licenses.

Marriage licenses were issued yesterday to the following named persons.

Name and Residence.	Age.
Albert D. Campbell, Council Bluffs	27
Ethel B. Shubert, Council Bluffs	24
W. L. Johnson, Des Moines	22
Gussie King, Omaha	19

Drink Budweiser, King of Bottled Beers.

Refrigerators that save ice. We have the Yukon and Economic refrigerators, $9 up. P. C. De Vol Hardware Co.

Mills Medical Society.

GLENWOOD, Ia., June 3.—(Special.)—The mid-summer meeting of the Mills county medical society, held here Wednesday, was one of the most enjoyable in the history of the society. The following physicians and guests were present: Drs. Christie, Hastings, Scott, Parsons and Campbell, Malvern; Merritt and Yates, Emerson; Craig, Henderson, Rush, Omaha-Glenwood; Bacon, Pacific Junction; Drs. Malcolm Campbell and Walter Scott, Seniors, Malvern; Drs. Agan, Hester, Plimpton, Donelan, DeCarson, Lange, Moon, Sidwell, Glenwood.

Papers were read and discussed as follows: De Garzon, "Unity In Action;" "Cases of Obstetrics," Craig; "A Surgeon In Each County Society," Campbell; "My Observations In Eight Years' of Osteopathy," Rush. At the conclusion of the program, which was carried out at the Masonic hall, the party were taken by waiting autos ten miles in and around the city, the ride drawing to a close at the lake, where an eight-course dinner was served.

Council Blocks Project.

FORT DODGE, Ia., June 3.—(Special Telegram.)—Interesting litigation impends between the city of Fort Dodge and the Northern Iowa Power company, recently incorporated to build a hydro electric plant above the city limits on the Des Moines river. By a two to one vote the council forbids the corporation to construct the dam for which the company let the contract today. W. W. Sterns, a Humboldt banker, heavily interested, characterizes the action as a joke and asserts that legal counsel informed their company the city has no power in this case. City Solicitor Mitchell holds the city has jurisdiction provided by state law.

Fort Dodge Scholarships.

FORT DODGE, Ia., June 3.—(Specfal Telegram.)—The yearly presentation of scholarships to any college for the entire course, possible under the terms of the will of a former Fort Dodge man, Harry Hawley, is made this year to Ella May Wilson, who has 61 8-100 per cent of credits out of a possible 64, and to Paul Gustafson, who in addition to completing his high school course with high rank has been a prominent debater, prominent athlete and has been graduated in a heavy music course and in shorthand. The Iowa university scholarship was granted to Ruth Sperry, also a prominent debater.

Iowa

LAW STUDENTS ALL PASS

Thirty-Five Get Their Certificates from State Board.

O'CALLAGHAN HAS HARD TIME

Man Implicated in Attempt to Loot County Treasury Likely to Have Close Shave in Court at Des Moines.

(From a Staff Correspondent.)

DES MOINES, June 3.—(Special Telegram.)—Thirty-five law students, who this week were examined by the State Law Examining board, had the distinction of forming the first class for many years that was wholly successful in passing the examinations. Certificates will go to every one except one, who is not yet old enough, and his certificate will be withheld until he is of age. Rev. H. H. Sawyer, the state superintendent of the Anti-Saloon league work, was among those who passed the examination.

Strong Testimony in Case.

Developments in the trial of James O'Callaghan accused of complicity with Al Rhodes and two others in trying to break into the county treasury, indicate that probably O'Callaghan will be convicted of the crime. Rhodes gave testimony implicating the defendant and his story was so straightforward that nothing has been brought forward to break its force. An effort was made to impeach the testimony of Rhodes. O'Callaghan had been a clerk in the county treasurer's office.

Publishers Make Good Case.

Des Moines publishers made a good case today before a special examiner for the Interstate Commerce commission in the matter of their application for an order to reduce the freight rate on paper from the mills to Iowa points. They showed that the rate to other points not further removed from the mills was 3 and 4 cents lower than to Des Moines and that this discrimination is carried on throughout the west. The examination was before Special Examiner Anderson for the Interstate commission, who will also take up a number of other complaints.

Eight Saloons to Close.

The operation of the Moon law, fixing the number of saloons in a city at a certain period of the population will have the effect of closing eight saloons in this city as soon as suits can be brought against them. Thus far the city officials have failed to act for the enforcement of this law, but now will order the licenses revoked. The eight licenses were granted after the law went into effect.

Will Enforce Road Laws.

Attorney General Cosson today mailed to county attorneys in the state a letter calling their attention especially to the laws relating to highways and the need of their enforcement. He includes the opinion of Special Counsel Lee on the interpretation of the new road drag law and states that under this law it is up to the county supervisors and township trustees to have the law enforced. Road dragging is made compulsory under the law and failure to do so is a misdemeanor. The plain intent of the legislature was to have this work continued right along this year and every year, and, although the law is somewhat ambiguous, yet it is the duty of all road officers to continue the work.

Destruction of Weeds.

The attorney general also insists upon enforcement of the law of the state regarding noxious weeds and has included to each county attorney a copy of the law in this regard. The law requires that persons having charge of the highways shall keep them clear of noxi[ous] and land owners can be requi[red] at their weeds along the highway[s]

Conference is Finished.

The conference of the heads of state institutions was concludede here this forenoon with the reading of a paper on the institution garden and its value by Henry Stocking of Cherokee. There was also discussion of the paper by Superintendent Kuser of the State Industrial School for Boys on the need of industrial training at the institutions. It was disclosed that at practically every one of the institutions there is some form of industrial training.

Takes Advantage of New Law.

A $6,000,000 corporation of New York today took advantage of the Iowa law as to paying incorporation fee only on that part of the capital stock of the company used in Iowa. This was MacArthur Bros. of New York, contractors, who paid on $10,000 of capital stock to be used in Iowa. Other corporations: Albia State bank, capital $25,000; Magic Chemical company, Davenport, $10,000; Conroy Building & Loan association, Conroy, $3,500.

Examination for Medical Corps.

An examining board for the Iowa National guard, headed by Dr. D. S. Fairchild of Clinton, has before it today a class for examination for commissions in the medical corps of the guard. These will be for the organization of the new corps in Des Moines. Another class will be examined tomorrow.

Des Moines suffered a $10,000 fire early today, when flames partially destroyed the plant of the McDonnell iron and boiler works. The cause of the fire is unknown. It started in the engine room. The engine room, boiler shop and the second story of the tinshop were badly damaged by the flames. Three lines of hose were laid by the firemen. They extinguished the blaze after a hard fight. The loss is partially covered by insurance. The McDonnell boiler works was visited by a disastrous firse several weeks ago and the plant badly damaged.

KENDALL TALKS AT LOGAN

Member from Sixth District Makes Address to Voters in Harrison County.

LOGAN, Ia., June 3.—(Special.)—Before an audience of between 150 and 200 voters here at the opera house last evening, N. E. Kendall of the Sixth district, discussed the political issues of the Ninth. Mr. Kendall paid a glowing tribute to the history of the republican party achievements, but condemned reciprocity measures now pending as unrepublican. Mr. Kendall's statement that he had voted twice against the measure was applauded. He urged the voters to support W. R. Green, republican candidate for congress, as the reciprocity measure would be harmful to the farmers and was the entering wedge against tariff.

W. R. Orchard of the Nonpareil made a few remarks urging the voters to support the republican candidate for congress. Judge Green was also present and in a brief speech stated that he had always been a republican and that he was opposed to the reciprocity measures now pending.

Gregory Accepts Deanship.

IOWA CITY, Ia., June 3.—(Special Telegram.)—Dean Charles Noble Gregory resigned as head of the college of law and accepted today the deanship of the George Washington university, Washington, D. C.

The Key to the Situation—Bee Want Ads.

Dick Ferris Elected Head of New Republic of Lower California

Former Omaha Man Chosen by Insurrectos in Tia Juana—Connection with Junta Severed.

TIA JUANA, Lower California, June 3.—The insurrectos in Tia Juana severed connection with the Mexican liberal party junta today, elected Dick Ferris president of the new republic of Lower California, and decided to wait upon General Pryce before choosing a new general. Pryce to have the preference if he returns. He is expected Sunday. Ferris is a promoter of Los Angeles.

This action followed an address to the insurrectos, who now number about 150 men, by Louis Bates, a rebel captain. A new flag and new constitution are being prepared.

It was not denied this morning that the situation in Tia Juna was gloomy. The men were out of ammunition and supplies and were said to be on the point of selling their guns and quitting Lower California.

EL PASO, Tex., June 3.—Abram Gonzales, elected yesterday by the Chihuahua legislature as provisional governor at Madero's dictation, declared today that federal and insurrectos would be sent jointly to Lower California to put down the socialistic insurrection there. He said permission had been granted by the United States for troops to go through New Mexico and Arizona by train.

Dick Ferris is well known in Omaha where for a long time he and his stock company were general favorities with theater patrons.

From Omaha, Ferris went to Minneapolis, and from there to Los Angeles, where he was the promoter of a number of amusement enterprises. Last fall he was a candidate before the primaries for lieutenant governor of California, and later manager of a big fete at Santa Monica, which included automobile races and a festival featured by continuing all night under arc lights.

QUAKE SHOCKS THREE STATES

South Dakota Cities Feel Severest Effects of Tremor.

COURT ADJOURNS AT HURON

Two Plate Glass Store Windows Broken — Buildings Rock at Mitchell—Felt in Iowa and Nebraska.

HURON, S. D., June 3.—(Special Telegram.)—This city and towns within a radius of 100 miles felt a pronounced earthquake shock about 4:30 yesterday afternoon.

Here dishes rattled, chandeliers trembled and buildings quivered. Two plate glass store fronts were broken and people rushed into the streets and onto lawns.

Circuit court was in session and when the vibration occurred all rushed from the building. Occupants of office buildings, clerks and business men deserted their stations.

MITCHELL, S. D., June 3.—(Special Telegram.)—A slight shock of an earthquake was felt in this city yesterday at 4:3[0] o'clock. It was of sufficient force to jar doors in residences in the eastern part of the city, while in the southern part the force seemed to be a trifle greater. A man sitting in his office there was moved back and forth twice three or four inches. This point seemed to be the end of the quake. Out at Plankinton the jar was greater and bottles were knocked from a shelf in the telephone office. No damage was reported at either place.

Tremor Felt at Sioux City.

SIOUX CITY, Ia., June 3.—A distinct seismic disturbance was felt here yesterday afternoon after 4:45 o'clock. People in business blocks were shaken by the tremor. Although the local weather bureau has no seismograph, the telephones in the office were kept busy for thirty minutes answering inquiries regarding the disturbance. Reports received here from Mitchell and Miller, S. D., and from Valentine, Neb., tell of earth tremors at those points about the same time. But one disturbance was felt here. It lasted about thirty seconds.

MILLER, S. D., June 3.—An earthquake shock was distinctly felt here about [1] o'clock yesterday.

VALENTINE, Neb., June 3.—An earthquake shock was quite strongly felt on the second floor of buildings here at 5 o'clock yesterday. It endured from three to five seconds.

Omaha Bandit Shot in Fight with Detectives

Two Highwaymen Trailed to Their Rooms in Denver Make Stand Against Police.

DENVER, June 3.—Trailed to their room, two highwaymen made a stand against three detectives tonight and in the battle which followed one of the bandits, James Lynch, was probably fatally wounded. Frank Ince, companion of Lynch, was taken into custody. Ince declares he came here with Lynch about three weeks ago from Omaha and that Lynch is an ex-convict, having served a sentence in the Nebraska penitentiary. Ince is 29 years old and says he is a stationary fireman.

FATHER NEVER KNEW OF SON, BOY WOULD INHERIT ESTATE

Louis Eichler, Born Six Months After Parents Are Divorced—Mother Marries Again.

KANSAS CITY, June 3.—A son, of whose existence his father never knew, appeared here today to inherit the $7,000 estate of William Eichler, who died here recently. The son is Louis Eichler, 21 years of age, of Solomon, Kan.

Six months after William Eichler and his first wife were divorced twenty-one years ago, Louis was born. The mother never spoke to him of his father when he grew up. She married again and Louis then left her.

Meanwhile the father married again. He and his second wife were soon divorced. When the elder Eichler died his estate went into the hands of the public administrator. The estate will be turned over to his son.
