Folk County Man and One From Franklin After Railway Place.

COURT DECISION LONG IN COMING

Mortensen-Furse Case May Not Be Decided Before Election, in Which Event Injunction Against Candidates May Lie.

(From a Staff Correspondent.)

LINCOLN, June 8.—(Special.)—The reluctance with which candidates have announced themselves for the railway commission, a vacancy to be filled at this fall's election, was broken today when H. C. Beebe of Osceola filed for the republican nomination for that office. Senator J. B. McDrew of Franklin county was in the city today and declared while here that he would also file papers for the republican nomination in the near future.

The primary is to be held August 15, and whether the case can be decided before that time is a question. The assertion is made by some of the democratic leaders that it cannot be decided even by the time for the general election and that an election to fill the vacancy cannot be avoided.

Under the new rules of the court adopted following the passage of several laws at the late session of the legislature, Commissioner Furse has filed a printed abstract which may result in the advance of the case. Whether or not an election to fill this vacancy should be called has puzzled several people of late and it was said at the state capitol that in case the Mortensen-Furse contention is not definitely settled before the time to print the primary and the general election ballots, respectively, injunction proceedings could be instituted to keep all of this year's candidates out of the ticket until the question relating to the holding of an election is settled.

Thomas Makes Explanation.

Superintendent Thomas of the State School for the Feeble Minded at Beatrice called on Governor Aldrich today in regard to the closing of the school. George Baker, who was an inmate of the institution twenty-four days. Verdict Against McBrien.

The district court jury which tried the case of Victor H. DeBolt of Omaha against J. L. McBrien, former state superintendent, today brought in a verdict for the plaintiff fixing the amount of recovery on the alleged libel charge at \$1,000.

DeBolt is a school teacher, and it is alleged that while McBrien was head of the school system of the state in 1907 the two became involved in a quarrel as to the appointment of a Cass county superintendent, where DeBolt was the challenger.

Auditor Files Report.

The semi-annual report of State Auditor Barton, filed with Governor Aldrich, shows a total of \$308,658.69 state warrants outstanding June 1. Of that amount \$259,678.05 are warrants issued on the treasury fund, and \$48,980.64 are warrants issued on the state fund.

The total of trust funds of the state invested June 1 was \$1,156,421.21.

The insurance department of the state auditor's office is a big fact-producing department, as shown by the collections from December 1, 1910, to June 1, 1911, that time the state treasurer received from insurance taxes and fees \$107,317.23. This is shown by the books of the insurance department and the state treasurer's receipts on file in the auditor's office. In addition to the regular salaries paid in the insurance department, office expenses amounting to \$421 were paid during the six months. The largest items for office expenses in the insurance department were \$120 paid to W. A. Wagner for services and \$112.50 to Ben H. Wiggin for services.
