

OUTSIDERS ASSIST MANY

Enterprise of Runners Wins Votes from Business Men of City.

RACE GETTING CLOSE FOR SOME

Rapid Spurts During Last Few Days Put Awakened Contestants to the Fore with Very Large Number of Votes.

"I am aiding every one of the contestants that comes into my office." Thus spoke a business man of Omaha, who is interested in seeing contestants in the Bee's Ad-Getter go ahead. He is doing all he can to help the contestants and has run several ads in the paper so that energetic runners might pick up votes.

Other men in the city are doing the same thing—giving the young contestants ads. It is an easy thing for a man who has anything to advertise to give his ads to one of the contestants in this game. The boys go around to various parts of the city soliciting and gathering in ads where none have ever been placed before.

Doing Outsiders Good. The contest is doing the outsiders good, for it is getting them to advertise goods that they otherwise would not have thought of telling about through the columns of the paper.

The race is running very close just now and some of the racers who were behind a few days ago are now crowding the leaders very hard and it looks as though they would spur ahead within the next few days.

Only Paid Ads Count. Only paid ads count in this contest. Every ad is worth one vote. If the ad is run twice it counts as two votes; if run five times it counts as five votes, etc. No entry fee is charged for the contest.

The rate for only once is 15 cents a word for five days. If run more than once the rate is 1 cent a word. Bring the cash and the want ad to the Want Ad editor and you will be credited with votes.

List of Grand Prizes. The first prize is a \$750 baby grand Ludwig piano. The other prizes are: Second, \$100 graduation scholarship course in the Omaha Commercial college; third, \$100 graduation scholarship course in the Omaha Commercial college; fourth, ladies' or gentlemen's solid gold watch, sold by T. L. Combs; fifth, a watch, ladies' tailored suits, valued at \$50 each, sold by S. J. Sweeney; sixth, a bicycle, sold by the Young Men's Christian association; seventh and eighth, two National bicycles, value \$50, sold by the Omaha bicycle company; ninth and tenth, two full memberships in the Young Men's Christian association; eleventh and twelfth, value \$10 each, two full memberships in the Young Men's Christian association.

Declare Method of Opening Street Not According to Law

Property Owners Give Their Reasons for Protesting Assessment on Twenty-Second Street.

A copy of the petition, filed by attorneys for Joseph H. Millard and Ed O. Hamilton, on which a restraining order was granted Wednesday, forbidding the Board of Equalization from equalizing the assessment for the opening of Twenty-second street from Dodge to Howard streets, was referred to the city attorney Thursday morning.

The petition recites that the proceedings of the council in creating the street improvement districts were illegal in that they were an attempt to evade the provisions of the law and asks that they be declared null and void. To open a street where the damages exceed \$50,000, it is contended that five appraisers should be appointed and after the appraisal is approved by the city council, it must then be submitted to the voters for approval.

Two districts were created, it is charged, to evade the provisions, and three instead of four appraisers were appointed. The case is set for trial Saturday morning. City Attorney Rine stated that he would not be ready to try the case then and would ask for a continuance. The city attorney will attempt to show that the ordinances are regular.

Damages of \$50,000 were awarded for the opening of the street.

HARVARD ALUMNI OF OMAHA ATTEND ST. PAUL GATHERING

Three Days' Session Promises to Be Full of Interest and Pleasure.

Several Omaha graduates of "Old Harvard" left last night for St. Paul, Minn., to attend the annual meeting of the Harvard Association who reside in Omaha, and which will meet there June 9, 10 and 11.

This is the annual meeting of the alumni association and will be attended by President Lowell and ex-President Elliot. The convention will be held in the new St. Paul hotel. Among the members of the alumni association who reside in Omaha, and who will attend the meeting are: Arthur C. Smith, G. W. Holdrege, Dr. R. R. Hollister, Charles H. Brown, C. S. Egger, W. B. Poppleton, H. W. Yates, William J. Coad and W. M. Rainbolt. Ezra Millard, president of the Omaha club, will not be able to attend the meeting.

Extensive arrangements have been made by the St. Paul Harvard club for the entertainment of the visitors. A trip to the surrounding lakes is planned for Friday afternoon, which will be followed by a picnic at White Bear lake. On Saturday the bunch will make a trip to Minneapolis and a tour of the University of Minnesota will be included.

On Saturday night a banquet in honor of President Lowell will be held. The entire association will be the guests of the St. Paul Commercial club at luncheon, to be held one of the days. It is expected that the largest gathering of Harvard graduates in the history of the club will be seen at St. Paul.

BOOZE, GUN, FRENCHMAN CAUSE A DISTURBANCE

Octave Nodel Fires Bullets Through Door of Hotel in Windsor Hotel.

Octave Nodel, a Frenchman, enroute from Paris to San Francisco, was arrested Wednesday night at the Windsor hotel for disturbing the peace with firearms. He had become jubilant over a few glasses and bottles and fired twice through the door of his room and a third time when E. Rentfrow, the proprietor, came to locate his trouble.

Earlier in the evening the Frenchman had deposited twelve 30-franc and nineteen 50-franc French government bonds with Sergeant Harvey at the police station, telling the officer that if he should die, to keep them.

He was happy enough to state that he was a former president of France.

Foley Kidney Pills contain just the ingredients necessary to regulate and strengthen the action of the kidneys and bladder. Try them yourself. For sale by all druggists.

FOUR TOTS AT THE BABY CAMP

Moderation in the Weather Keeps Down the Attendance. CAMP IS OPENED EARLIER With the Return of the Warmer Days More Babies Are Expected—Improvement is Already Being Shown.

Moderation in the hot weather resulted in a failure to materialize of the rush to the baby camp being conducted by the Visiting Nurses' association. However, this does not mean that there is a lack of interest in the institution to the nurses. The camp was opened nearly a month earlier this year than last.

Only four youngsters filled cribs in the hospital tent yesterday. They have been since the camp was opened on last Tuesday, and the proud mothers think they already see a marked improvement in the babies.

"I know this tot has more color in his face than he did the other day," said one of the nurses proudly. C. F. Schwager, manager of the Alamo Sanitary Dairy company, told Miss Nan Dorsey, in charge of the camp, that he would furnish the milk that is used there.

Boy Under Arrest for Auto Accident

Herbert Wichterman Admits He Crashed Into Buggy at Twentieth and Sprague Streets.

Herbert Wichterman, 17 years old, is under arrest for crashing into a buggy at Twentieth and Sprague streets Wednesday night. He is the son of A. L. Wichterman, 23 South Twenty-ninth street, and is employed at the E-M-F garage.

The lad admits his guilt, but declares that his machine was out of order and that it was impossible to stop until the gasoline was exhausted, in the north part of town. He has been turned over to the juvenile authorities. The arrest was made by Officers Morgan and Emery.

The buggy was occupied by Charles Jones, 21 years of age, of Eighteenth and Lake streets; Ed Walker, 27 years, 232 Seward street, and Mabel Hayes and Ethel Bell.

PROMINENT GAS OFFICIALS PAY A VISIT TO OMAHA

Hold Conference with Omaha Gas Men and Representatives from Des Moines.

Men interested in the Omaha Gas company through other large gas interests of the country are in Omaha and some sort of a compromise may result to relieve the present situation, which has put Omaha and the Omaha Gas company at odds as to the value of services rendered through a period of years. W. F. Douthett, secretary of the Philadelphia Gas company, was in conference with N. T. Guernsey of Des Moines at the Rome hotel.

"There is no particular significance in our meeting here," said Mr. Douthett. "While here I shall confer with Mr. Hamilton as to the advisability of submitting a bid to furnish the city with gas for street lighting. A former bid of \$1 per 1,000 cubic feet was rejected with some other propositions. By the decision of the supreme court the gas company cannot sell to the city anything but just the gas and has no chance to bid upon material or apparatus. The bid which we will make will probably be at about the former figure of \$1 per 1,000."

SPECIAL COUNT COMPLETED

Report of Number of Pieces of Mail Handled is Issued.

MANY NEWSPAPERS SENT OUT

Ten Times More Papers Are Sent Than Come, but More Letters Received Than Are Mailed Out of Omaha.

Omaha sends just ten times more newspapers out of the city in one day than are brought in. This fact was established by the postoffice authorities in the special count which was held during the month of May. During that period 3,288,500 newspapers were among the outgoing mails, an average of 104,600 papers daily. The incoming mails brought an average of 11,400 papers daily, or a total of 356,200 for the thirty-one days.

Postmaster General Hitchcock, in order to determine the actual cost of maintaining the Postoffice department, ordered a special count in every postoffice and substation in the United States. Mails of every class were counted twice, both incoming and outgoing. The exact time spent by each carrier and clerk on the various classes of mail was also recorded.

The report, which was completed on the final day of the last month, and the tabulations, finished Thursday, show that the first class outgoing pieces numbered 2,877,161 and the incoming first class 2,718,353. The number of first class pieces collected by carriers from boxes numbered 2,677,796. The number of first class pieces delivered by the 114 carriers was 2,807,272.

The total of all classes of outgoing mail numbered 7,906,948, the incoming 3,368,082, of which 356,200 were newspapers. The total number of pieces of all classes delivered by carriers was 3,111,149, an average of 99 pieces daily by each carrier. Total collected, all classes, 3,407,272. The pieces handled on an average of six letters a minute, of which each letter received from three and one-half to five handlings, making a total of about twenty pieces a minute. An average of forty-six papers a minute was substituted in the city. Figures showed that two-thirds of the mail both outgoing and incoming was handled in the main office, while the other third was distributed among the substations.

In all about half a ton of paper was used in the main office for figuring.

Bursting Sprinkler Does Heavy Damage

Stock of the M. E. Smith Company Damaged to the Extent of Twenty Thousand Dollars.

When a sprinkler head on an automatic fire protection system burst in the plant of the M. E. Smith company at Ninth and Douglas streets Wednesday night, three floors were flooded. Damage to the stock of dry goods and manufactured products in the storage amounted to about \$20,000.

The accident happened on the fifth floor of the nine story building at 4 o'clock in the morning. Half of the fifth, fourth and third floors were under water, before the firemen could shut off the stream. When the sprinkler burst a fire alarm was turned in.

Cuts and bruises may be healed in about one third the time required by the usual treatment by applying Chamberlain's Liniment. It is an antiseptic and causes such injuries to heal without maturation. This liniment also relieves soreness of the muscles and rheumatic pains. For sale by all dealers.

GARBAGE ORDINANCE IS TO BE GIVEN A TEST

Contractor Will Bring Suit to Have the Ordinance Declared Invalid.

The city will not be required to resort to a friendly suit to test the validity of the emergency ordinance, passed by the city council Wednesday afternoon, appropriating \$17,000 from any available fund for the collection and disposal of garbage. Such action was proposed by City Attorney Rine.

James Whelan, who has been collecting and disposing of garbage on his own hook for the last three months, says he will bring suit to have the ordinance declared invalid.

"The ordinance will put me out of business," said Whelan Thursday morning during a conference with Dr. R. W. Connell, city health commissioner. "If the residents of the city can get their garbage removed free, do you suppose they are going to pay me to do the work? However, I will admit that under the system proposed by Dr. Connell the householders will get better service."

COAT COLLAR WHITE WITH DANDRUFF

Scalp Badly Affected. Itched Terribly. Hair Fell Out. Used Cuticura Soap and Ointment. Now Has Thick Growth of Hair and Is Never Troubled with Any Dandruff or Itching of Scalp.

"I am more than gratified by the successful results I obtained by the use of the Cuticura Remedies. For several years my scalp was very badly affected with dandruff and a red, itchy, scaly condition. My hair fell out in places. My coat collar would be actually white with the dandruff that had fallen from my head. I consulted a hair dresser, but that of a barber. I was particular about having my hair in good condition, and was also in a position to try many lotions, etc., for relief. These had little or no effect. I had heard so much about the Cuticura Remedies that I decided to try them. I shampooed my head with Cuticura Soap twice a week and after drying my head thoroughly I applied Cuticura Ointment. I was pleased from the outset, and continued to keep up this treatment. To think that only three cakes of Cuticura Soap and one and one-half boxes of Cuticura Ointment would cure my scalp and dandruff, and give me such a thick growth of hair, and that I am never troubled with any dandruff or itching of scalp, is a wonderful thing. I am now in a position to try many lotions, etc., for relief. These had little or no effect. I had heard so much about the Cuticura Remedies that I decided to try them. I shampooed my head with Cuticura Soap twice a week and after drying my head thoroughly I applied Cuticura Ointment. I was pleased from the outset, and continued to keep up this treatment. To think that only three cakes of Cuticura Soap and one and one-half boxes of Cuticura Ointment would cure my scalp and dandruff, and give me such a thick growth of hair, and that I am never troubled with any dandruff or itching of scalp, is a wonderful thing. I am now in a position to try many lotions, etc., for relief. These had little or no effect. I had heard so much about the Cuticura Remedies that I decided to try them. I am now in a position to try many lotions, etc., for relief. These had little or no effect. I had heard so much about the Cuticura Remedies that I decided to try them. I shampooed my head with Cuticura Soap twice a week and after drying my head thoroughly I applied Cuticura Ointment. I was pleased from the outset, and continued to keep up this treatment. To think that only three cakes of Cuticura Soap and one and one-half boxes of Cuticura Ointment would cure my scalp and dandruff, and give me such a thick growth of hair, and that I am never troubled with any dandruff or itching of scalp, is a wonderful thing. I am now in a position to try many lotions, etc., for relief. These had little or no effect. I had heard so much about the Cuticura Remedies that I decided to try them.
