

See the Player Piano styles that caused a furore at the Piano Trades Convention held in Chicago this week.

### UPON OUR FLOORS SATURDAY

The identical styles of Player Pianos that created a furore and compelled the admiration of all attending the exposition given by THE NATIONAL ASSOCIATION OF PIANO DEALERS OF AMERICA, at Chicago, this week, will be shown here Saturday.

You may see and hear the "last word" in Player Pianos—the latest ideas put forth by the world's most eminent builders—and make up your mind to hear and see "something different." Whether bent on purchasing or not, it will prove interesting as well as instructive to note the strides; the advancement; made in Player Pianos during the year just past.

The exhibit includes "Blue Ribboned" Auto-Pianos, Krell Autogrands, Packard Player Pianos, and the Chickering Electrelle, any of which may be secured economically, if you

### FAVORABLE TIME AT HAND

Contestants Find it Easy to Go Ahead Early in Game.

MEANS LESS STRUGGLING LATER  
Only Those Who Start Will Find Their Task Hard in Closing Days of This Exciting Race for Prizes.

Many of the contestants in the Ad-Getter game realize that the early leaders are the ones who should naturally be at the top. They, therefore, are going after votes in the right way; working every day and not awaiting some more "favorable opportunity." Now is the time to work, they know, and they are going right after things.

It is well enough to wait until the contest is far under way before starting if you have votes stored up, but if you have not—and none of the Ad-Getters have—you should get to work right now.

The weather is hot. But it may be hot for several days or weeks yet. There are times when contestants can do at least a little work. There is no reason, then, for waiting for the future. Now is the time when results can be secured.

More Work Early Better.  
The more votes the participants get in now, the less they will have to get later in the game. The contestants who score high now will be able to watch the leaders work in the last days of the contest.

It is always better, when there is plenty of time, to do a little work every day. There is no need now, of course, to overwork. A few hours each day, properly employed, will bring every contestant a large number of votes. There is absolutely no doubt about this statement.

Persistent Advertising is the Road to Big Returns.

### CREIGHTON STUDENTS HAVE AQUATIC MEET

Hronek and Donnelly Carry Off the Premier Honors of the Day.

Creighton university introduced another decided novelty in pulling off an aquatic meet at Lake Manawa. The events proved immensely interesting and revealed some fancy splashes and oarmen, the possession of which Creighton scarcely suspected. The program included swims and short distance boat races. The boat events were all double oared and in these the combination of Hronek and Donnelly excelled. They captured the 100 yards and one mile and one-half mile events. Their experience on the water showed conspicuously over some of the contestants who had had very little practice. Flaherty and Smyth, by steady team work with the oars, captured the first mile and one-half event by a good margin, but owing to a slight accident in the middle of their course, they finished fifth in the second event. Martin and Delahant meted a close second in this event, with Russum and Fester third. But the 100-yard swimming event proved the feature of the program. Fester won this very handily with his long overhand stroke, with "Hubby" Martin and Carl Russum, second and third, respectively. Martin protested the distance, claiming it too short, and as a result he and Fester will appear in a match race in the early part of next week.

The aquatic meet was in conjunction with the band and orchestra picnic conducted by Brothers O'Connell. In the morning a game of base ball was pulled off between the band and orchestra members, the latter winning by a score of 8 to 2. In the afternoon the aquatic members played the musicians and won by a score of 5 to 1. The biggest attraction was the classy meal arranged by Brothers O'Connell. All the amusements were open to the boys and they kept Blankwa's machinery in motion. After Rigger, Father Deolin and Prof. Meyers were the guests of the occasion. As a generous token from Brothers O'Connell a box of cigars was given each aquatic

victor. The automobile parade for the members of the team, which started from Farnam street, to the lake, was led by Mr. Hanighen's auto and they all displayed triumphantly the colors of the blue and white.

### Kountze Park Club Formed to Improve Organization Will Co-Operate with Park Board and to Promote Civic Pride.

The Kountze Park Improvement club was organized at a meeting held Thursday evening in the United Presbyterian church, Thirty-first and Emmet streets. One of the objects of the club is to co-operate with the Omaha Park board in improving Kountze park and vicinity. George W. Lower is president and Dr. R. E. Marlin has been elected secretary and treasurer. About thirty-five active residents of Kountze Place were present at last night's meeting. Splendid addresses were made by Harry Lawrie, L. L. Biesel, J. W. Barnhart, W. W. Christman, Dr. Mulien, George W. Lower and Uncle Joe Redmond. The newly organized club adopted the following resolution:

"Whereas, The Kountze Park Improvement club desires by its effort to improve the amenity and beauty of the north part of the city, and have in mind certain improvements which come directly under the

jurisdiction of the Park board; there, be it, "Resolved, That a committee from the club be appointed by the chair to wait upon the Park board at their pleasure to discuss improvements in connection with Kountze park and vicinity, and to report back the result of said meeting to the club at the next regular meeting."

A membership petition will be circulated by W. W. Christman, 2111 Pinkney street, and J. W. Barnhart, 1807 Pinkney street, to which all interested will be asked to enroll and co-operate with the club by lending their active support.

The next meeting will be held at the church parlors, corner Twenty-first and Emmet streets, June 22.

### Squeals, Cackles and Coos Rouse Neighbors

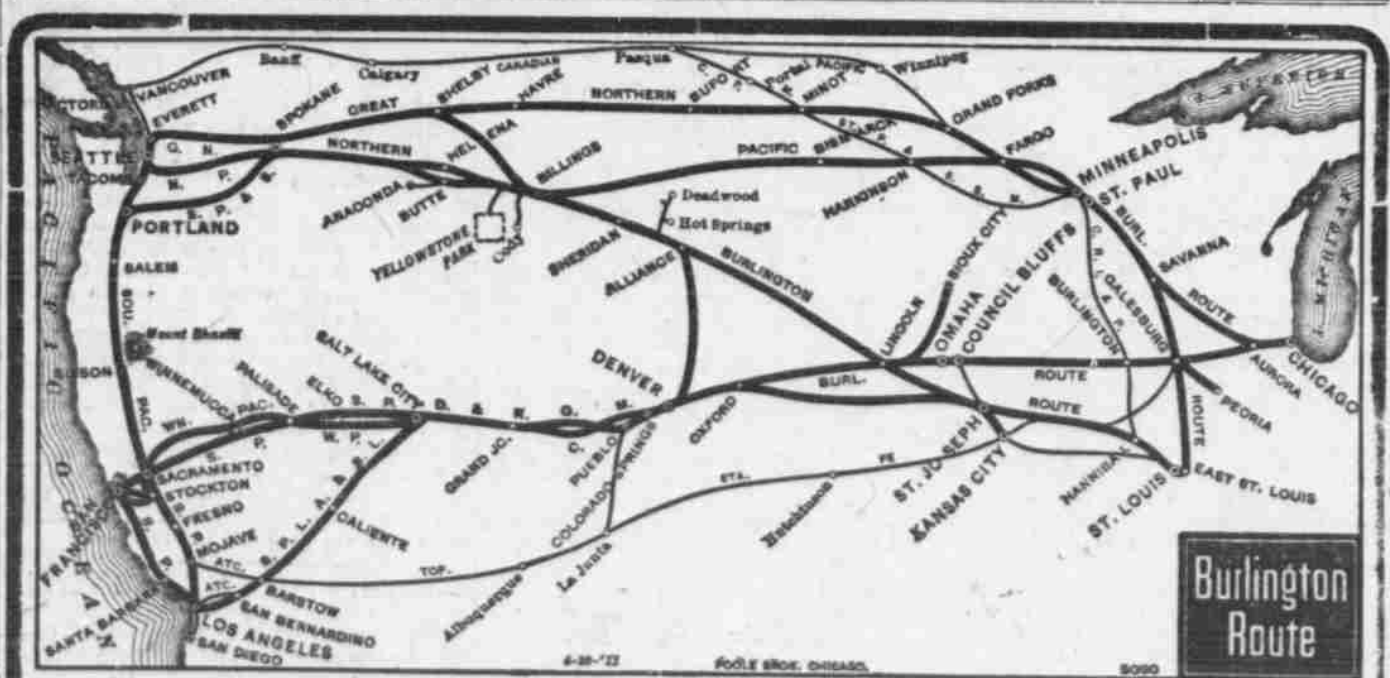

Complaint is Made of Man Who Raises Pigs, Chickens and Pigeons.

A look of horror passed over the features of Judge Crawford in police court Friday morning when Jan Rubick was hauled before him, charged with operating a pig hatchery, a chicken ranch and a pigeon farm in the yard of his home at 1124 North Seventeenth street.

Jan had been arrested by Detectives Dunn and Fleming on complaint of several neighbors, who asserted the squeals,

cackles and coos from the menagerie have been so fierce of late that sleep was out of the question in that locality. The Austrian had been warned repeatedly that it was a violation of the city ordinance to raise hogs within the city limits. The case against him was continued until Friday and he was released on bond.

The Glad Hand removes liver inaction and bowel stoppage with Dr. King's New Life Pills, the painless regulators. 35c. For sale by Beaton Drug Co.

### THE MAP SHOWS

how one who holds a Burlington ticket can tour the Pacific Coast, over routes that include all of the interesting cities and much of the industrial development and scenery of the West.

## Bona Fide Reductions

For Saturday's Selling that Mean an Enormous Saving for You

You cannot only save a very substantial sum, but you can buy the very best styles, the newest weaves and finest tailoring from the "Broken Lines" of the famous tailors we represent.

Selling the enormous amount of clothing we do, depletes many of our lines early in the season, especially the good ones. In sorting up our stocks we find an unusual number of "Broken Lines" and we have decided to sell these at once.

Not a back number among them, all materials are represented, including blue serge. Some three-piece and some two-piece, as you like and two and three button styles. If money is any object DON'T miss this chance to make or save it.

Therefore, all the "Broken Lines" of \$15.00, \$16.50, \$17.50 and \$18.00 suits are especially marked for Saturday selling, at....

### Straw Hats

A man's hat is the most conspicuous feature of his whole outfit, especially a straw hat, and an unbecoming straw hat spoils an otherwise correct dress, and does certainly jar on the nerves. We think we are safe in saying that there's not another such showing of absolutely correct straw hats in this vicinity—

**\$1, \$1.50, \$2, \$2.50, \$3, \$3.50 etc.; Panamas \$3.50 up**

Mallory's waterproof straws in the regular shapes and the "new pencil curl."
