ACCOUNTANT COX ENDS WORK

Checks Over Books of Water Works -Starts City Accounts.

ONLY TWENTY-FIVE DELINQUENT Operation of Plant for June Will Be

at Loss If Interest Charges Are Considered-Cost \$3,000 a Month.

M. F. Cox, state municipal accountant, completed yesterday his work of checking over the books in the office of the water company to determine the amount to be returned by the company for the month of June collected after April 1 for the quarter ending July L. After all deductions and allowances are made the expert finds that the city's new water works cash book should begin with \$2,096.91 to the good. Mr. Cox completed his work yesterday morning and left for Des Moines in the

afternoon, after having been here little

more than a week.

The expectation was that he would be believe it come in and let us of the period of his employment was due detained for several weeks. The shortness Mrs. W. Letson will seave today for low City to attend the commencement exercises at the state university. Her daughter, Miss Helen Letson, will graduate this year from the College of Liberal arts with degree of B. A. Mrs. Letson will remain the balance of the summer in Iowa City with her daughter, who has charge of the state university library during the summer. Next fail Miss Letson goes to Albany, N. Y. to finish her library work at the State Library school there.

Mr. Cox in his report thus:

Record Production Forecasted by the June Report of the Department.

general assembly of the Presbyterian 764,291,857 BUSHELS ESTIMATED

Will Be Increase of About 68,848,758 Bushels Over Last Year-Spring Wheat Acreage is the Largest.

WASHINGTON, June 8.-Promise that this year's wheat crop will be the greatest ever produced is given in the June crop report issued today by the Department of Agriculture. Estimates by the depart-HATTIESBURG, Miss., June 2.—Four ment's experts indicate that approximately persons lost their lives today in a vain effort to save the life of Pearl Coursey, a vested this summer and autumn, an in-5-year-old girl, who had ventured too far crease of about 68,848,887 bushels over last year. Of winter wheat the indicated yield The child escaped from her sister, Annie, is almost 480,000,000 bushels and of spring

Prof. N. C. Murray, acting chairman of the report said:

"The acreage of spring wheat shows a sons, Ernest and Henry, aged 12 and 15, total larger than any previous record and The girls were daughters of J. C. Cour- bined being such as to give hope for a yield of nearly 23 per cent more than last year, and nearly 17 per cent more than the

average for the last five years. More Winter Wheat.

"May was unfavorable for winter wheat, but, nevertheless, with the increased acreage, there probably will be produced between 3 and 4 per cent more winter wheat than last year, and between 6 and 7 per cent more than for the average of the last five years. A total production of all wheat will be 9.9 per cent more than last year and 10.2 per cent more than the average

for the last five years. "The acreage of oats was not quite so large as it was last year, but the onetenth of 1 per cent reduction is substantially immaterial. The crop prospects are not so promising as a year ago. The condition of the crop indicates a yield per acre of 27.7 bushels as compared with 31.9 last year, and 28 for the average for the last five years. This would make a total production of about 13.8 less than last year, but 4.8 per cent more than the average

of the last five years. "The condition of all crops in the Pacific northwest, particularly in Washington and Oregon, is notably fine."

New President of Palmer College. MARSHALL/TOWN, Ia., June 8 .-- (Spe-Iowa.

S.S.S. REMOVES ALL HUMORS

The cause of all skin diseases can be traced to some humor in the blood, and therefore the cure of any skin trouble can come only through a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., relieve some of the itching and discomfort, help to reduce inflammation, or aid in keeping the cuticle clean, but such treatment does not reach the blood, and of course can have no real curative effect. S. S. S. cures Skin Diseases of every kind because it purifies the blood. It is an internal remedy for an internal trouble, and works on the only reasonable and certain method of cure. S.S.S. removes all acids and humors from the circulation and leaves the blood stream rich, healthy and nourishing in order that it may supply the cuticle with the necessary properties to restore it to its smooth, normal condition. Book on Skin Diseases and medical advice free, S. S. S. is sold at drug stores.
