

GARBAGE ORDINANCE IS VALID

Appropriation Measure Upheld by District Judge Troup.

REFUSES TO GRANT INJUNCTION

Dr. Connell, Father of Ordinance, Suggests Systematic Plan of Removing Garbage Free to Household.

"Such a condition exists that the city council was justified in passing an emergency ordinance appropriating \$10,000 for the collection and removal of garbage," said A. C. Troup, district judge, Monday morning, "and for that reason I will deny the injunction asked by the plaintiff."

"However, if the ordinance affected any other than the public health of the city it would be disposed to grant the restraining order."

Such was the decision of Judge Troup when the request for an injunction against the city council was heard on the application of James Whelan, an independent garbage collector.

Whelan instituted proceedings to restrain the members of the council from proceeding under the ordinance, passed at an adjourned session last week. The ordinance appropriated \$17,000 from any available funds to be used for garbage purposes. Whelan's attorney recited in their petition that the ordinance was illegal in that no emergency existed and if it did, funds already appropriated could not be transferred.

"Judge Troup's decision settles the validity of the ordinance under the plaintiff's appeal," said W. C. Lambert, assistant city attorney, who represented the city. "Under this decision the city can take the money from any appropriated funds or so out and borrow the money if such is deemed advisable. However, the suit is given forty days to perform an appeal."

Under the plan of the health department the \$17,000 will be used for the collection and disposal of garbage for the remainder of the year. The scheme, as outlined by Health Commissioner Connell is to divide the city into eight or twelve districts, employ teams and drivers and collect the garbage free of cost to the householders. A superintendent and an assistant superintendent will be appointed by the mayor to supervise the work.

The ordinance was passed at the suggestion of Dr. R. W. Connell, who stated that unless provision was made for the collection of garbage, epidemics of fever were liable.

Abstracters Remove Competitive Methods

Forming an Organization to Maintain a Uniform Schedule of Prices.

Following a season of strong competition, in which prices "have been cut down to the bone," as one man expressed it, the nine abstract companies of the city are forming an organization; the primary object of which is to maintain a standard price.

Certain dealers have been working on the plan for some time. Others have held out against joining the organization. It is said now that the definite formation of the body will be announced to the public in the latter part of this week.

S. M. Sadler of S. M. Sadler & Son, stated that the organization will be along the lines of the real estate exchange, where ideas for the advancement of the business and the protection of the trade may be exchanged. Meetings will be held at regular intervals.

The real estate men have been getting all the profits in the abstracting business, prospective members of the association aver. Another abstractor stated that prices have been cut in the strong competition down to the point where the companies "could not pay office rent."

WOMEN URGE SCHOOL BOARD TO APPOINT MISS McHUGH

Communication Sent by Committee and Officers Gives Reasons for Appointment.

The Omaha Woman's club by its educational committee and its officers, urge the Board of Education to elect Miss Kate McHugh to the position of principal of the Omaha High school, in the following communication:

"OMAHA, June 12.—To the Board of Education: Gentlemen—As the election of Mr. E. U. Graff to the superintendency of the public schools of Omaha has left the position of principal of the high school vacant, we, the members of the directory of the Omaha Woman's club, acting for the club, wish most heartily to recommend to your favorable consideration Miss Kate A. McHugh for this position.

"Her many years of faithful and efficient service as an educator in Omaha are well known to you, and we firmly believe that if you elect her as principal of the Omaha High school she will discharge the duties of the office to the best interest of the school and to the entire satisfaction of the public.

"IDA V. THILDEN,
"Chairman Educational Committee Omaha Woman's Club.
"VIOLET J. CAMERON, President.
"EDNA R. NELSON, Secretary."

GRANDMOTHERS PRESERVED COLOR OF THEIR HAIR WITH GARDEN SAGE

A Harmless Remedy; Restores Color to Gray Hair and Makes it Grow.

Druggists everywhere comment on the fact that they are selling large quantities of sage for making old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair, making it fluffy and beautiful and restoring its natural color.

The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact and has placed on the market, an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations, called Wyeth's Sage and Sulphur Hair Remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by druggists, Sherman & McConnell Drug Co., and Owl Drug Co.

PANTORIUM BULLETIN NO. 2

Cleaning Made-Over Garments

Many women laboring under the impression that dry cleaning will make any garment as good as new, have their dresses made over, put on new trimmings, and then send them to Dry Cleaners expecting them to come home looking like brand new garments.

In four cases out of every five made-over garments should be Wet Cleaned, after being Dry Cleaned, in order to remove stains, thread marks, pleat marks, etc., that Dry Cleaning will not remove.

They should be sent to the Cleaner after being ripped and and before being made up again. That goods can be wet cleaned and restitched on the cylinder so it will look like new material.

If the trimming needs cleaning send it separate, it will cost no more than when on the dress.

If the garment is not to be entirely ripped apart remove the trimming and buttons, let out the hems, etc., and then send to the cleaner.

It is our aim to co-operate with our patrons in order that they may have the best work possible at reasonable prices.

Phone or write for our complete Price List. Out of town work receives prompt attention. Express paid one way on \$1.00 orders.
