Several Complaints Have Been Filed by Women Living in the North Part of the City.

Women residents along North Twentieth street have complained to the police that they have been repeatedly insulted by negroes within the last few days. Sergeant Havey reported to Captain Dempsey that Mrs. Gus Wylie and Mrs. Joseph Franks were insulted by two burly negroes while walking toward their homes at 607 and 609 North Saventeenth street Saturday. After giving the two women a terrible fright the regroes ran away to escape detection and disappeared into 1115 North Twentisth street. Later in the evening Arthur Charry, a negro butcher, was arrested, charged with being one of those who insulted Mrs. Wylie and Mrs. Franks. He was fined \$10 and costs by Judge Crawford in police court Monday morning after protesting that he was not implicated in the affair.

### SUNDAY AT HANSCOM PARK

#### Concessionaire Solves the Problem Without Waitag Action of Park Board.

W. W. McCombs, concessionaire at Hanscom park, has solved the problem of whether a union or nonunion band will furnish music, as far as he is concerned. The Union Pacific band, the members of which are not members of the Musician's union, has been employed and gave the first concert Sunday afternoon. Whether union music should be hired was put up to the board of park commissioners two weeks ago. McCombs appeared before the board and told the members that he could get a nonunion band of twenty pieces or a union organization of about twelve pieces for \$50, the amount he is to expend each Sunday, and asked the park board to decide which was wanted. The question was referred to a committee, sposed of Miller, Watson and Mullin, which was expected to report last week. But for some reason the report was not fortheoming, and McCombs hired the nonunion organization. As the park board has to approve the

selection of the band, the proposition wil again face it. In the meantime, the non Flynn Lays Off His union band will furnish the music. The committee has not had a meeting

as yet," said Rome Miller Monday morning. "I suppose that when the approval of the park board is asked, the proposition will be thoroughly threshed out."

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the phys-ical ordeal she is to undergo. The health of both she and her coming child depends largely upon the care ahe bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tis-sues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby too is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a
