ICE AT DENVER AND ST. JOE

Cheaper Than in Omaha and Only Artificial Sold.

OMAHA RATE HIGHEST REPORTED

Inquiry Shows that Householders Here Pay More for the Commodity Than in Any Neighboring City.

Two other western cities in which the price of artificial ice delivered in quantities to suit the consumer is sold at lower prices than in Omaha, are Denver and St. Joseph.

In St. Joseph no natural ice is sold, and the price of artificial ice to consumers of domestic quantities is 35 cents per hundred weight.

In Denver both natural and artificial ice is sold, but the price is the same, 4 cents per hundred weight. Buyers do not know whether the ice is natural or "made," and do not seem to care much.

The result of The Bee's inquiry shows that all around us ice is being sold at less than is asked by the Omaha companies. As yet no reason has been assigned for the advance of 2 per cent in the selling price to local consumers on June 1.

KODAK

Commercial Club to Watch the City Council Meetings

Guild May Be Given an Assistant-Industrial Parade Seems Assured.

Among the duties of an assistant to the commissioner of the Commercial club, the office which the executive committee is planning to create, will be regular visits to city council meetings on behalf of the municipal affairs committee of the club. This was announced by Commissioner J. M. Guild before the manufacturers' bureau in a meeting today.

By the assistance of this reporter the municipal affairs committee hopes to keep in touch with the various measures introduced in the council and thereby be able to take immediate action against whatever ordinances would be considered inimical to the interests of the city or of business men. Mr. Guild said.

The question of employing a secretary to take the place of Henry Gering, resigned, was before the manufacturers. A committee from the bureau will confer with the executive committee of the club next Tuesday. It is planned to make an arrangement whereby the office of assistant to the commissioner also would take care of the detail business of the bureau.

The Ak-Sar-Ben officials accorded a hearty reception to the bureau's plans for a manufacturer's float parade on Tuesday afternoon of Ak-Sar-Ben week, representatives of a special committee appointed to confer with the officials reported. Predictions that there will be fifty floats in the parade were general. The Ak-Sar-Ben will furnish twelve bands, and pay all expenses with the exception of the prizes that will be awarded to the winners.

Mrs. Seymour Smith Loses Diamond Ring

Removed it While Dining at a Cafe and Departed, Leaving Gem on a Table.

Mrs. Seymour H. Smith of 2543 South Tenth street, lost a diamond ring valued at several hundred dollars in Wroth's cafe while having lunch with her husband two nights ago.

Dr. and Mrs. Smith had been out driving and on the way home stopped to have some chili. She inadvertently laid the ring on the table. The ring was missed when the couple returned home, but the only trace of it found was through a waiter at Wroth's, who claims to have seen the couple which occupied the next table pick up something like a ring.

Several detectives who are working to restore the ring stated today that they know the identity of the couple who found it, but in view of the fact that Mrs. Smith has offered a reward for its return, no arrests will be made unless the couple retain possession of the ring.

Mrs. Kimball Gives Use of Park Wilde Home Free of Charge

Associated Charities Will Continue the Home in Operation for Another Year.

The Park Wilde home, operated under the auspices of the Associated Charities, is assured for another year. Mrs. T. L. Kimball, owner of the building, which is situated at 1331 Park Wilde avenue, tendered the use of the building to the Associated Charities Friday morning free of rental, provided the association will keep the structure in repair.

"The offer will be accepted," says Miss Ida V. Jontz, secretary of the Associated Charities. "The terms are the same as we have had the building under since the installation of the home."

"During the last year the home has more than proved that it was worth while. We have had the co-operation of the public library officials and the Young Women's Christian association."

WOMAN WOULD NOT JOIN NAVY

Application Blank Goes to Her by Mistake, but She Answers It, Anyway.

At the navy recruiting station it is the custom to send blanks to likely applicants to be filled out as to whether they are thinking of joining the navy or not. In some unaccountable manner one of these blanks went to a woman in South Dakota. The following letter was received:

"I hardly think I care to join your navy, as I fear I would feel sadly out of place with so many men. However, if you have any office work in Omaha, I would gladly consider it. ELSIE FAIRVIEW, 'Sturgis, S. D.'"
