More Than Three Thousand Bids Make Panama Loan Big Success.

PRICE WILL BE ABOVE 102 1-2

Issue Will Be Entirely Taken by Comparatively Small Investors—Indicates National Credit Best in World.

WASHINGTON, June 17.—The government's new 3 per cent \$9,000,000 Panama loan is a complete success. More than 3,000 bids opened today over subscribed it at least three times and probably more.

Before the opening of bids had been in progress half an hour treasury officials declared that the loan would be entirely taken by comparatively small investors at a price higher than 102 1/2.

The prices bid for the new bonds are taken to indicate that the national credit of the United States is the best in the world. Securities of England, France and Germany are selling at a discount, and many financiers believed that the new Panama loan would bring little above par.

Not since the civil war has this government issued bonds which did not have an artificial value because of the national bank circulation privilege attached to them.

The National City bank of New York submitted fifty bids, covering the entire issue of \$9,000,000, at prices ranging from 102.50 to 102.75. Harvey Park & Sons of New York bid 102.75 for \$20,000,000. There were other large bids at about that figure.

Among the smaller bids prices ran to 102 and higher for small allotments of \$500 and up. Hundreds of bids for sums ranging from \$1,000.00 to \$10,000.00 at prices between 102 1/2 and 103 probably will take the issue, though the successful bidders may not be known until tomorrow.

Secretary MacVeagh and A. Platt Andrews, assistant secretary of the treasury, who have been in active charge of the issue, opened the first bids. Secretary MacVeagh expressed satisfaction at the showing.

NEGROES REGISTER PROTEST

Nebraska-Lowa Colored Baptists Object to Segregation of News.

TENDS TO FOSTER ILL FEELING

H. L. Anderson of Omaha Elected Vice President of Association—Everett Firmingham Indicted at Des Moines.

(From a Staff Correspondent.) DES MOINES, Ia., June 17.—(Special Telegram.)—At a meeting of the Iowa-Nebraska State Negro Baptist association held here today, resolutions were adopted condemning the custom in some papers and especially in a Des Moines morning paper of setting apart a separate page for news concerning the negro people, and placing all of that class of news separate from the other news.

The resolutions include: Resolved, That this convention representing several thousand of the colored people of the states of Iowa and Nebraska, enter a protest against this method of publishing the news affecting our people, as it tends to spread among the people of Iowa the idea of segregation as a method of dealing with our people, and to intensify racial illfeeling, which has been on a rapid increase since this method was adopted.

Rev. J. F. Woodward of Buxton was elected president, H. L. Anderson, Omaha, vice president; Mrs. James Bowles, Colfax, secretary; Mrs. Sule Smith of Omaha is a member of the executive board.

Trouble for Firmingham. It became known here today that Everett Firmingham, who was last week convicted in Minneapolis of forgery, is under indictment here for swindling and that he is a parolee convict from Kansas. He went under the name of Adams while here and lived at the best hotel, bought an automobile and posed as a military man. It is said of him that he swindled a number of firms on goods bought and did not pay for anything. While here he wore the uniform of a lieutenant.

Release for J. W. Stols. J. W. Stols, who has been in the insane department of the state reformatory at Anamosa for fourteen years, will probably be released soon. He was indicted for the murder of Frank Kahler in a shoe store in Des Moines and was adjudged insane. Today the indictments against him were dismissed, thus clearing the way for his release on the ground of restoration of reason.

Interurbana Prosperous. Iowa interurbana railways are prosperous. According to their reports filed with the state executive council they received for business done in 1910, the sum of \$1,782,982 and their net earnings amounted to \$254,923 or \$1.28 per mile. The year before they earned \$1,582 per mile. The mileage is 48.7, from which should be deducted forty-one miles recently abandoned. There are thirteen companies operating.

New Savings Bank. There was filed with the secretary of state today the articles of incorporation of the People's Savings bank of Iowa, capital, \$15,000; J. W. Corush, president; W. H. Stanser, cashier. The Postville State bank reincorporated for \$60,000.

Further Investigate Murder. State Labor Commissioner Van Durn announced today he would cause to be made full investigation of the murder of a Greek at Mason City. The man had been of great assistance to the department in its investigation of the alleged padrone system in use at the cement mills there. The commissioner has no doubt the murder was due to this activity on the part of the man. The padrone system there has been cleverly disguised so that it may not be possible to convict those who are guilty.

New Supplied with Armories. Practically everyone of the National Guard companies in Iowa is now provided with an armory, according to Adjutant General Logan. The Knoxville company was mustered out because it had no armory, a reorganization is being effected to build an armory. There are twenty-two armories in the state constructed especially and solely for the use of companies and a number of others that are combination halls. This has been brought about in recent years by the rule requiring an armory for each company.

Going After an Estate. At the instance of the state treasurer the attorney general today started proceedings in Dubuque county to compel the executor of the estate of Patrick Mohan to file a report and to place himself in readiness to pay the state the collateral inheritance tax. The property, amounting to \$2,000, all went to collateral heirs outside the state and it was all personal property. The executor lives in St. Louis and the attorney general will ask the courts to compel him to conform to the Iowa law.

Department of Iowa, Grand Army of the Republic, at the encampment held this week gave formal endorsement to the arbitration treaty negotiated by the governments of the United States and Great Britain, and in general approved of the plan to have all matters of international controversy disposed of by arbitration rather than by war. A copy of this resolution will be forwarded to the State department at Washington.

Old Settler Gone.

CRAIG, Neb., June 17.—(Special.)—P. B. Gibbs, the oldest man in Craig, died here after a short illness. Had he lived until next Friday he would have been 92 years old. He was one of the Calif. Kyle of the second common pleas district today ruled that the two affidavits of bias and prejudice filed by Prosecutor Hunt yesterday against Judge Hunt and Dickson in the George B. Sentiment in Diamonds

Some sentiment about the diamond makes it the most admired of all stones and gives it a place of pre-eminence. For the young girl there is no joy so great as the anticipation of the solitaire that she will receive as the betrothal present. Every young man longs for a brilliant white or blue-white stone. Every father and mother likes to own one or more pure stones. The diamond occupies a unique place. Its beauty and character are so distinctive that no stone can ever take its place. With the diamond holding in so much prominence it is natural that one should buy of a dealer whose reliability is protection against any deception. One of the most gratifying features of the Edholm diamond trade is that people buy here with the same confidence with which they deposit money in a bank. Here are many new and exclusive diamond rings and other diamond jewelry, made entirely of gold and platinum.

NEW YORK, June 17.—Robbers today entered the home of Mrs. Morando in the lower east side, tied a rope about her neck, and murdered by tightening the rope with a stick. COOKE IS GIVEN A CLEAN BILL

Jury Out Less Than Two Hours and Returns a Verdict of Not Guilty of Embezzling.

CINCINNATI, June 17.—Edgar S. Cooke was today declared not guilty of embezzling \$24,000 from the Big Four railroad. The jury was out about three minutes less than two hours. Of those indicted in connection with the \$24,000 shortage of Charles L. Warriner, Cincinnati, treasurer of the Big Four, Cooke was the last to be tried. Warriner, indicted on numerous charges, pleaded guilty to one count charging embezzlement of \$6,000. He was sentenced to six years in prison. Then Mrs. Jennette Stewart Warriner, accused of the same crime, was tried in February, 1910. The jury in her case disagreed.

Cooke sat impassive as the verdict was read, but Mrs. Cooke, who had been at his side for days, put her face in her hands and then approached the jurors and shook each one by the hand. An indictment against Cooke for having received \$100 of stolen money remains, but it is not probable that any action will be taken by the prosecutor. Four ballots were taken by the jury before a verdict of acquittal was reached. According to one juror, a verdict would have been returned sooner, but the jurymen were interested in reading the letters from Cooke to Mrs. Ford, which were offered in evidence.

The jury was unable to find any actual evidence of Cooke's having embezzled money and the destruction of the cash books, which he had kept, had great weight with the jurors.

WARRANT FOR MAYOR DUMAS

Executive of a Minnesota Town is Charged with Being a Firebug.

ST. PAUL, June 17.—A special from Bemidji, Minn., says that a warrant sworn out by the sheriff, E. D. Dumas, mayor of Cass Lake, Minn., was today charged with being the leader of a gang of incendiaries. The issuance of the warrants followed the wounding of two robbers and the capture of one of them as the two were preparing to blow a safe at Pupey, eighteen miles from Bemidji.

The captured robber gave his name as William Bean and that of his companion as Mike Davis. A gang of incendiaries and safe blowers have been active in this section of the state for some time. The charges of incendiarism against Mayor Dumas grew out of a number of fires which have occurred in and about Cass Lake, Black Duck and other places. Mayor Dumas was arrested at Hibbing, Minn., today as he stepped from a Great Northern train at the head of Cass Lake base ball nine, of which he is also manager. The warrant on which he was arrested, charges him with conspiracy for the "willful, malicious and felonious destruction of property."

After being locked up in the Hibbing jail, Mayor Dumas declared he was the innocent victim of a conspiracy to ruin him.
