Bluffs Woman Finds Mrs. Smith's Diamond

The valuable diamond ring lost in the Wroth cafe by Mrs. Seymour Smith has been returned to the owner through the medium of The Bee. The ring was found by a Council Bluffs woman, who read in The Bee an account of the loss, and notified the Omaha police just as soon as she learned the name of the owner. The Council Bluffs woman called the police Friday evening and Detective Steve Maloney went to that place to secure the property, which has been restored to Mrs. Smith.

Gem Lost a Few Nights Ago is Returned to Owner Through Story Appearing in The Bee.

Detective Maloney stated that the ring had been found by Miss Powers, who, with her escort, took a seat at the table just vacated by Dr. and Mrs. Smith. Miss Powers lives with her parents at 711 South Seventh street, Council Bluffs. After informing the members of her family about finding the gem, Miss Powers put it safely away and waited until The Bee announced its ownership. Then she promptly communicated with the Omaha police department and Detective Maloney called for the ring.

FRACTURES SKULL BY FALLING FROM STREET CAR

Christ Nilgaard is hustled to St. Joseph's Hospital and it is thought he may recover.

Christ Nilgaard, 24 years old, a powerful looking Dane who resides near Benson, is at St. Joseph's hospital suffering with a fractured skull, which he sustained by falling off a street car at Benson Friday night.

The descent of the young man was witnessed by several persons, and Charles Creighton telephoned for an ambulance to St. Joseph's, which made a quick trip to the scene of the trouble. In the meantime Dr. T. J. Dwyer was telephoned to meet the ambulance, and he had reached the hospital when the patient arrived unconscious.

The injured man was accompanied by two friends, but as they were not familiar with the exact manner in which he became hurt, little information was obtainable. Nilgaard is resting easy and no serious results are anticipated unless complications set in.

MYSTERY OF ABSENCE OF THE DOCTOR IS CLEARED

Great mystery reigned at the navy recruiting station Saturday morning over the non-appearance of Examining Physician R. J. Stratton. It had been the first time since coming to this station that he had missed a day at the office. Repeated efforts to get in communication with him over the phone proved futile.

Recruits waited in the outer office all morning and came back again in the afternoon, but still no doctor. It began to look like a case of desertion, when about 2:30 o'clock the doctor came whistling up the hall of the postoffice building and walked in with a large box of cigars. Then the mystery was cleared. The new arrival is a girl and she drew the scales down to ten pounds.

Health and Beauty Queries

By MRS. MAE MARTY.

Mrs. Core F.: Even though your husband objects so strongly to your using face powder, it is your duty to look as youthful and charming as possible; try this lotion and although it will beautify your face much better than powder he can never detect any evidence of a powdered face. Get four ounces of apurmax at any drug store; dissolve it in one-half pint of water, then add four teaspoonfuls glycerine. Apply this lotion to your face, neck and arms, rubbing gently until dry and it will lend most wholesome natural, charming tone to your complexion and take away that shiny, sallow look. I find it excellent for removing freckles and skin pimples; it also affords the skin splendid protection against the sun and wind, and will not rub off easily like powder does when you wear a veil.

Daisy L.: Scanty, thin, short hair can be fluffed up and made to appear abundant without the aid of false hair. Try shampooing your hair with a teaspoonful of cantrox dissolved in a cup of hot water. This shampoo produces a rich, creamy lather that cleanses the hair and scalp and takes away that itching, scaly scalp. You can get cantrox at any drug store. After shampooing, never shampoo with soap. The alkali streaks, bleaches and eats the very structure of the hair, making it dull and lifeless.

S. M.: To purify the blood, tone up the system, sharpen the appetite, and get more life strength, there is nothing like taking a good tonic. If you will go to any drug store and get one-half cup sugar and boiling water to make a full quart, you will have one of the best tonics known to medical science. It is inexpensive and by taking a tablespoonful before each meal, you will soon get rid of your pimples and liver blotches and your mallow skin will take on the tint of perfect health. This excellent tonic has a most beneficial effect upon the complexion and will brace you up from that "played out" feeling.

Nancy: Don't worry even if your eyes do seem to be weaker and losing their color. You can easily make them strong and just as clear, bright, sparkling and full of color as ever by putting in each eye twice daily a few drops of

Hot Weather Has No Terrors Our special bed room fan insures restful slumber no matter how hot the night. Made to attach to any bed—operated by switch under pillow. Last a lifetime. Price complete, \$13.00. Brush brass, 8-in., 3 speed fan for office or home, \$10.75. Special, perfectly noiseless residence fans, \$16.00.

Irene: Unless you want your face covered with unsightly hairs, you had better stop using those greasy creams at once. If you want a good dependable, greaseless complexion beautifier, make it yourself as follows: Stir together two teaspoonfuls glycerine, one ounce alcohol and one-half pint water. Let stand a few hours before using. You will find this fine for magne-sium as it removes thoroughly all pore dirt. There is nothing like it for removing all preventing blackheads, wrinkles, skin roughness and enlarged pores. This cream-jelly will make your skin clear, smooth, fresh-looking and plump. As a complexion beautifier, you will want nothing better.

Worried (and others): Yes, I am glad to repeat the flesh-reducing formula which has given such splendid results in relieving so many of their burdensome fat. Get four ounces of paraffin and mix with four ounces of olive oil and one-half pint hot water and shake well. Dissolve it in a glass bottle and take a tablespoonful of the liquid before each meal. This remedy is harmless and cuts down fat rapidly without the inconveniences of dieting and exercising. It has accomplished excellent results where other remedies failed.

Ada (also Eva): I am glad to repeat the formula of my wonderful remedy for hair and scalp troubles. Mix together one-half pint alcohol, one-half pint cold water and one ounce glycerine. This tonic is noted for its remarkable hair-growing properties as well as for stopping falling hair and destroying dandruff. I have known many people that were practically bald, who by using this tonic regularly twice a day, saw their scalp soon had as luxuriant and fine hair as any one could desire. It checks scalp irritation instantly and makes the hair glossy, fluffy and free from dandruff. Many high class hair-dressers and barbers use this tonic exclusively and with excellent results.

Maudie: The troublesome hairs of which you speak can be quickly removed by applying plain delatone. Get an ounce of delatone from your druggist and with a little mix some water to form a paste. Spread on hairy surface and in two or three minutes rub off and wash the skin. You will have to pay a dollar an ounce for delatone, but it is worth it, as it rarely requires the second application.
