ANNIVERSARY NUMBER OF BEE **RECALLS EARLY OMAHA DAYS**

Congratulations to Editor Mingled with Memories of 1871 and City's Growth. The fortleth anniversary number of The

Bee was received with much interest by the public yesterday, and the editor of the paper was warmly congratulated by many on the excellence of the publication and on the achievements of the paper during its career. Older residents of Omaha recalled with pleasure the days when The Bee "was born, and many reminiscent remarks were mingled with the congratulations.

The Bee's birthday has incidentally called forth congratulations from some of the oldest subscribers. Dr. Albert Ayer, 2306 South Thirteenth street, is one of The Bee's most loyal friends, his father, who died last April, having taken it from the first. Miss Margaret Connor at 1616 Webster

street also takes pride that her father. William Connor, had been among The Bee's earliest subscribers, and she continues to read it every day at the old family homestead. One of the incidents was the receipt of

a note from L. W. Wakeley, general passenger agent for the Burlington road, who wrote: "In this connection, I would like to say

The big bulk of all the bogs sold at the strated such as the sold statuday, there being the sold such as the sold at the sold statuday, there being the sold statuday.
 The big bulk of all the bogs sold at the sold statuday, there being the sold statuday, there being the sold statuday.

the paper well exemplifies the growth of

as guests of Miss Magee at the thirtyeighth annual picnic under the auspices of the City mission. They will be at liberty that day to enjoy all the attractions at Courtland Beach and have a lunch provided into the bargain.

Through the generosity of the Omaha and Council Bluffs Street Railway company the children will be carried free to and from the beach. The management of the resort has donated free admission and many of the concessionaires will make reduced rates for the kids on all the mechanical and natural attractions there. There will be free rides on the switchback, the merry-goround and all the other amusements that are calculated to make the hearts of the young once glad.

have their closing exercises on Monday Tuesday and Wednesday evenings of this week.

High and Junior Schools Will Indulge in Appropriate Programs This Week. The Sacred Heart high and junior schools

The junior school comes first with a two-night program. The little tots of the kindergarten and lower grades will have the stage Monday evening. On Tuesday evening the graduates and more advanced pupils will exhibit their dramatic talent in a varied program. Nineteen pupils, eight boys and eleven girls, will graduate from the eighth grade and receive diplomas. Father O'Grady will give a short address to the graduates.

Of Wednesday evening the Sacred Heart high school will render a select program and five pupils will receive graduating diplomas. This school is exclusively for girls and gives to its students a complete high school course, including all the university entrance requirements. The teaching staff of both schools include fifteen Dominican Sisters. The graduating ad-dress will be given by Very Rev. Michael A Shine of Plattsmouth, Neb.

United States Government Bonds for the **Small Investor**

It is seldom that the man of moderste means, the so-called small investor, has opportunity to purchase Government Bonds and enjoy the unequalled security and the instantaneous market which they afford.

But the recent issue of Panama Canal 3 Per Cent. Bonds belongs to the small investor by virtue of the fact that these bonds are obtainable in denominations of \$100 and \$500 as well as \$1,000.

No matter how small your total holdings of securities may be, a part of them should consist of United States Government Panama Canal Bonds. There are three pre-eminent reasons for this. First, the absolute security which they offer. Second, because of the fact that if necessity demands they may be sold at any time for their full value. Third, because they are exempt from any form of tax. We will supply you with these bonds, in any of the denominations, at the lowest market price. If, in order to obtain them, it is necessary for you to dispose of any of your present securities, we will sell the latter for you at the best price possible. On this point we should be glad to give you the benefit of our experience, if you so desire.

Our Circular No. 96, giving full data on the new Panama Issue, sent upon request.
