MURDER AT THORNDALE FOLLOWED BY LYNCHING

Mexican Boy Stabs Owner of Garage and Mob Hangs Him to Pole with Trace Chain.

THORNDALE, Tex., June 20.—The Whittling of a stick led to the killing of Charles Zeitung, a garage owner and the subsequent lynching of a Mexican youth here last night. "When the boy was a citizen of the United States or Mexico is not known. The sheriff of Milam county is on his way to Thorndale to investigate. The Mexican, a lad of about 15 years of age, whose name has not been ascertained, was sitting on the sidewalk in front of Zeitung's garage early last night industriously whittling his pocket knife and making a pile of shavings. Zeitung protested against the littering up of the entrance to his place of business and ordered the youth to stop. This, according to bystanders, angered the Mexican and he stabbed Zeitung through the heart. The youth was arrested and lodged in the town jail. Shortly after nightfall a mob of about 100 men gathered, stormed the prison and secured the Mexican with little difficulty. Some of the party went for ropes, but others of the party were impatient and held up a farmer who was driving a load of watermelons to market. The team was un hitched and the four trace chains fastened together. One end of the chain was fastened about the neck of the youth and another boy climbed a telephone pole, throwing the free end over a beam. The Mexican was hoisted about six feet from the ground and the free end was made fast to a foot spike on the pole. The crowd quickly dispersed, but the body hung for an hour before it was lowered. The lynching occurred on the principal street of Thorndale.

PEDDLERS START RIOT IN RANDOLPH STREET MARKET

Chicago Vegetable Vendors Upset the Wagon of Men Who Refuse to Join in Strike.

CHICAGO, June 20.—Peddlers who have gone on strike today to force the repeal of an anti-noise ordinance preventing them from crying their wares today began acts of violence to force less demonstrative members of the strike to join them. When the peddlers appeared at the big Randolph street market at daylight wagons were overturned, fruit and vegetables scattered about and drivers who refused to strike were driven from their wagons. A number of riot calls were received by the police and more than a score of arrests had been made before the strikers deserted the market place. In most instances police found it necessary to use their clubs and nearly all of the prisoners suffered minor cuts and bruises. There is said to be 10,000 peddlers in the city. The anti-noise ordinance was passed for the benefit of night workers, of whom there are thousands here and whose days of rest were broken by the cries of the peddlers. The fruit men yesterday planned to march to the city hall and present their demands to Mayor Harrison, but the parade was prevented by the police. One man was killed in the riots today, George Matropols, with eight other peddlers, constituting one of the wrecking gangs, was shot and killed by George Burpulis, when the gang tried to pull Burpulis from his wagon and force him to join the strike. Burpulis with the eight wreckers, were arrested.
