

BOARD ELECTS MISS M' HUGH

High School Department Head Made Principal at \$3,000 Year.

REED OF BLUFFS VICE PRINCIPAL

J. F. Woolery Assigned Associate Vice Principal—Miss Belle Ryan Elected Assistant Superintendent with Increased Pay.

Miss Kate A. McHugh, head of the department of English literature, was elected principal of the Omaha high school for a term of three years at a salary of \$3,000.

Miss Belle Ryan was elected assistant superintendent of schools for a term of three years, and her salary placed at \$2,400 a year, an increase of \$600 per annum.

Other Department Heads. The remaining heads of departments were assigned as follows: Ada I. Atkinson, history; Nathan Steinmetz, physics; Aosa Willard Bowen, modern language; L. C. Woolery, mathematics.

Six changes were made in the principalships of the ward schools and three teachers were advanced to principalships, while Miss Margaret M. White, principal of the Pacific school, was placed on the retired list, along with Miss Katherine Crane, eighth grade teacher in the Cass school.

These transfers were made: Jennie L. Redfield, from Lincoln to Castellar; Alice D. Orr, from Dupont to Lincoln; Lizzie L. Blakes, from Leavenworth to Pacific; Elizabeth Thompson, from Sherman to Leavenworth; Isabelle Doyle, from Clifton Hill to Columbian; and Carrie Nash from Druid Hill to Clifton Hill.

Central School—Margaret M. White. Central Park School—Elizabeth Rooney. Clifton Hill School—Carrie Nash. Columbian School—Isabelle Doyle. Columbus School—Helen Wyckoff. Druid Hill School—Alice D. Miss Adella Kiewit was placed on the permanent list of teachers and Miss Clara Jones was elected to the position of stenographer in the high school, being assigned to work in the office of the principal. Mabel McBride was placed on the assigned list of teachers, to be used as a substitute teacher in the department of free-hand drawing in the high school during the absence of Miss Mary Hastings, who has been granted a year's leave of absence for study in the Pratt institute.

Call for Manual Training. A petition signed by 150 residents in the Park school district, requesting that manual training be placed in the school, was presented, and a committee consisting of J. H. Adams, Dr. Charles W. Follard and Floyd Smith appeared to plead the cause of the petitioners.

Speaking for them, Mr. Adams declared that the district was entitled to manual training and urged that the board comply with the request. He said the district was one of the largest in the city and suggested that a building on Park avenue and Woolworth avenue be rented for the purpose. The petition was referred to the teachers' committee and the superintendent of instruction.

Hearkening to the appeals of the police department, the board decided to buy two motorcycles and loan them to the police for emergency purposes to run down violators of the automobile speed laws.

"Inasmuch as the fines resulting come into the school fund, I think it good business policy to buy the machines," said Charles Courtney, chairman of the buildings and grounds committee, in presenting the report. "The machines that the auto police have now are incapable of overhauling violators, and as the department is without funds I think we should purchase the motorcycles."

"In the last two months more than \$1,400 in fines have been given to the school fund and last week, when two machines were loaned to the police for two days, the receipts ran well over the \$200 mark."

Courtney's report was adopted unanimously.

Domestic Science Pays Way. The report of the director of the domestic science department of the high school, Miss Ethel C. Fullaway, showed that the receipts for the year were \$18,000 and the expenditures, including the director's salary, were \$4,607.71, leaving a credit balance of \$13,392.29. The total attendance during the year was \$5,835, which averaged a cost of 15 cents each. Two hundred and fifty-five pupils were fed.

HITCHCOCK HAS THOMAS CASE Postmaster General Will Make Final Decision on Testimony Introduced.

(From a Staff Correspondent) WASHINGTON, June 20.—(Special Telegram)—President Taft has not been appealed to in the case of Postmaster B. F. Thomas. The papers in the investigation are in the possession of Postmaster General Hitchcock, who will make final decision in the matter when he has read the voluminous testimony which, judging from the size of the package, amounts to 200 or 300 typewritten pages. There are certain discrepancies between the testimony taken before the civil service representative and the inspector for the Postoffice department. These discrepancies Mr. Hitchcock is looking into and the best trained men in his department have been at work to get the truth of the entire affair.

Hitchcock has not hesitated to discipline and in some cases has separated from the service officials who have been derelict in their duty and those who are watching the case say he will not hesitate in the Thomas case should the evidence submitted against the Omaha postmaster be conclusive.

NEW THOUGHTER IS ABSENT

Prevented from Reading Paper by a Most Material Fact.

NOT AMENABLE TO THOUGHT

Had a Lame Back from Having Slipped and Fallen—Mayor Decries Address of Welcome Before Convention.

Prevented from coming to the New Thought convention by a material fact so gross that it could not be denied Dr. J. M. Debieb was unable to give the lecture that was to be the feature of the morning session of the National New Thought association. He sent a paper instead, which was read by R. C. Douglas of Boston, who was presiding over the meeting.

Dr. Debieb, according to the new thought doctrine, has had an "evolution" in common parlance he slipped up and fell and the resulting strained back was not immediately amenable to the power of thought. Consequently only his spiritual presence was in the Tuesday morning meeting.

Mrs. Debieb has been playing a large part in the program so far. Oscar A. Albrecht gave a rather solo Tuesday morning and Helen Kerns was on the afternoon program to sing a new thought hymn, "Who Knows?" A. P. Barton was the speaker for the afternoon. Pupils of Millie Ryan and invited musicians gave a concert in the theater last night.

The enclosure is a cutting from the Paris edition of the New York Herald reproducing an item of editorial comment from The Bee relating to the problems confronting the new government in Mexico.

BOOSTERS' NIGHT AT THE DEN

Commercial Club Entertained by Knights of Ak-Sar-Ben.

GYMKHANA ATTRACTIONS GROW

Speeches Made by Visitors and Business Men—All Give Due Praise to Progressive-ness of City.

With every week that passes Samson's little stunt at the Den grows bigger, better, snappier and more entertaining. Last night it was a boosters' night all the way through, the Commercial club, and particularly the trade excursionists, or "bon-deferret," being entertained and furnishing the nub of the entertainment. And right along with the boosting spirit of the evening very appropriately came the announcement that the paid membership now registers 1,000.

Just to inject a little ginger into the drooping nerves of the victims about to be and to show them that no malice was back of the altogether necessary tortures through which they were about to be put, Chief Siskonut's dusky band of cannibals sang the following limerick to the wondrous tenderfoot:

"Have you heard of the Omaha boosters? They're earlier up than the roosters; They stay up with the owls And other night fowls; They are sure on the job, those boosters."

The gymkhana, which is proving mighty popular, unfolds new wonders at every production. Captain Henry Dunn, cast in a leading role, sings with the soaring notes of a lark, and when it comes to mimetic ability he is striking a pace that brings him showers of applause and will soon place him in professional ranks.

The ritual this year is more than ordinarily impressive and in exceptionally good taste. A fact which reflects credit upon Charles E. Black of the board of governors and head of the committee on ritual.

John M. Guild of the Commercial club acted as chairman during the speaking. Talks were made by A. W. Jeffers, W. S. Wright of the firm of Wright & Wilhelmy, Justice Erick of the supreme bench of Utah and the Rev. John Mathews of the First Baptist church.

Messrs. Wright and Jeffers made typical booster speeches.

"There are three things," said Mr. Wright, "of which all Omaha ought to be proud: first, its Commercial club; second, its trade excursionists, and third, its Ak-Sar-Ben. The praises of these three institutions a person hears everywhere he goes."

Mr. Wright outlined a little of the history of the trade excursionists. He was a member of the first junket, made in 1892, a two days' trip over the lines of the Northwestern, and has ever since been an enthusiastic booster.
