TO SAVE TIME WITH MAILS

Mail Cars to Be Run to the Burlington Station. ROOM SET ASIDE AT THE DEPOT. Officials Estimate that an Hour Will Be Saved in Handling Letters from the Postoffice to the Trains.

Quicker delivery of mails from Burlington trains, which have been urged and asked for by the wholesalers for the last two years, is at last to be realized. Postoffice inspectors have approved plans for a mail room in the east end of the Burlington station at Tenth and Pacific streets.

With the approved plan put into effect, six delivery wagons would be done away with, which now run from the depot postoffice to the Burlington trains. The cars under the new system will be run straight to the mail room in the Burlington station and avoid two extra handlings, which takes at the present time all the way from thirty-five minutes to an hour.

CHAMPION BAD MAN FROM OKLAHOMA HELD

Horse Stealing, Cattle Rustling, Claim Jumping and Grand Larceny Are Some of Charges.

The Omaha police claim to have the champion bad man of Oklahoma locked up in the police station. His name is John Norwood, a negro who is wanted for almost everything bad people do in Oklahoma. Horsestealing, cattle rustling, claim jumping and grand larceny are among some of the charges against Norwood.

SAUNDERS SEES HIS AUTO SCOOTING UP THE ROAD

Grain Man Arrives Just Too Late to Stop Culprits with His Machine.

Sherman Saunders is anxious to know the whereabouts of his big red Franklin, which was appropriated Wednesday night by a brace of joy riders. Mr. Saunders was visiting at the Beaton apartments when he heard the engine of his machine start chugging merrily. He went out just in time to see the joy riders stirring up great clouds of dust. He shouted at the disappearing culprits, but they only accelerated their speed. The police have been notified.

Police Are Holding Five Tough Youths. Chicago Lads Are Visited by Pinkertons and Postoffice Inspectors in Jail. A quintet of Chicago toughs, none of them over 18 years of age, are being held at police headquarters suspected of being connected with a number of holdups and robberies. Both Pinkerton detective and postoffice inspectors have visited the lads at the jail, but none of them will talk. The boys will probably be turned over to the juvenile court. Their names are Ralph Hill, Ed Carr, William Gooder, Charles Moody and Eddie Coats. They say they came here from Chicago enroute to the harvest fields in Kansas.

RECEPTION TO PASTOR OF ST. PHILIP CHURCH

Rector is Presented with a Beautiful Gold Cross and Chain by the Congregation.

Jacobs hall was the scene of a delightful social function Wednesday night when the congregation of the Church of St. Philip, the Deacon tendered their pastor, Rev. John Albert Williams, a reception in honor of the twentieth anniversary of his pastorate. M. F. Singleton, chairman, introduced the first speaker, Rev. John Williams, rector of St. Barnabas', who was for a number of years in charge of St. Philip's. Thomas Reiss, in a brief, well chosen speech, presented Rev. John Albert Williams a handsome gold cross and chain, appropriately inscribed, as a gift from the members and friends of the congregation. In accepting the gift Mr. Williams said that he had no higher ambition than to continue to give the best services of which he is capable to the congregation and city which he loved. Mrs. James G. Jewell sang most acceptably "Daddy," by Behrends, which closed the program, after which refreshments were served and the evening spent socially with dancing by the younger set.

SIDLES OF LINCOLN SAYS THINGS LOOK BRIGHT

Enthusiasm Over the New Welch Automobile and the New Ashland Trestle Bridge.

H. E. Sidles of Lincoln, general manager of the Nebraska Buick Automobile company, spent Wednesday and Thursday in Omaha. He is most enthusiastic over the big Welch car a recent addition to the makes of automobiles he distributes throughout western Iowa and Nebraska. Heretofore the manufacturers of this car limited their entire production to a very confined number, but the very highest grade—the \$10,000 variety. Now, the luxurious car is made in larger numbers and various designs at more enticing prices. The car, however, still maintains its position considering reliability, endurance powers and reputation for easy riding. Lee Huff, local manager of the Nebraska Buick company, will sell the big Welch car in Omaha. Since June 1 three of the cars have sold.

Head of Harriman Roads Fifty-one Years Old

Judge Robert S. Lovett, president of the Harriman system of railroads, who was 51 years old Thursday, stands as a monument to Mr. Harriman's intuitive judgment of men. A lawyer by profession, a diplomat by instinct, a judge by occupation—for a time—President Lovett might be said to have been untrained for the executive headship of a great railway system; yet those who knew Mr. Harriman best, knew that this made no difference and that Judge Lovett, then head of the Harriman legal department, was the one man to take up the great mantle laid down by the late wizard of finance and transportation. For Mr. Harriman had a few years ago, picked him up in Texas. It is now believed, with precisely that end in view. "Bobby" Lovett's father, a Texas slaveowner, wanted the boy to become a doctor. Bob chose law instead. Both were hard-headed, and the boy's determination caused friction. But he soon demonstrated his wisdom. At 29 he was attorney for the Gould roads in Texas. Continuously his career has been successful and its climax in his present great capacity is brilliant. Inwrought with the Harriman policies, he has no difficulty in successfully advancing them.

WORKING OUT GARBAGE PLAN

City is Asked to Sign a Three Years' Contract.

CONNELL SAYS HE FAVORS IT. Some of the Councilmen Object to the Terms Asked by the Company Which Receives the Garbage Free.

Fifty tons of garbage, collected throughout the city Wednesday by the eighteen wagons operating under the new regulations, were dumped at the hog farm, Sixth and Grace streets. Never in the history of the city has the garbage been collected as thoroughly as under the new scheme, says Health Commissioner Connell. But with the garbage accumulating in such quantities, the city is facing a problem of whether to grant a three-year contract to the Omaha Rendering and Feed company, which operates the hog farm. Dr. Connell declares the city should enter into a three-year contract with the owners of the farm. He will go before the city council Monday afternoon in favor of such a scheme unless he changes his mind before the committee of the whole convenes.

Compound Callouses Tells Splendid Cure for Them and All Foot Troubles!

A compound callous is the secondary stage when it grows inward and presses on the nerves, causing intense pain. Callouses never cure themselves, but always get worse, sometimes irritating the whole nervous system. The following is a most effective and speedy cure: "Dissolve two tablespoonfuls of Calocide in a bowl of hot water. Dip the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give the desired results.) The soreness will disappear immediately and the callous can be easily peeled off. Rub the feet several nights. A little olive oil rubbed into skin is very beneficial. This Calocide is a very remarkable preparation for all foot ailments. Bunions, corns and ingrown nails get instant relief and are soon cured. Bad smelling shoes never cure themselves, but always get worse. Calocide is no longer confined to doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually enough to put the worst case of foot condition. It will prove a blessing to persons who have been vainly trying ineffective tablets and foot powders.—Adv.
