## NINE BILLS FOR WIRE TRUST

Federal Grand Jury Returns Indict-  
ments Against Alleged Pools.

## PROMINENT OFFICIALS NAMED

Frank J. Gould and Herbert L. Satter-  
lee Among Indicted—Un-  
lawful Combination Is  
Charge.

NEW YORK, June 30.—Nine indictments,  
charging restraint of trade in violation of  
the Sherman anti-trust law were returned  
by a federal grand jury here yesterday  
against many associations and a long  
list of individuals comprising the "wire  
trust" affiliated with the steel industry.  
Prominent among the defendants are Her-  
bert L. Satterlee, a son-in-law of J. Pier-  
pont Morgan, and William Palmer, pres-  
ident of the American Steel and Wire com-  
pany, a subsidiary of the United States  
Steel corporation, and Frank Jay Gould  
of New York, president of the Old Do-  
minion Iron and Nail Works company.

There is no indication that evidence gathered  
by the bureau of corporations in its  
investigation of the steel corporation  
played any part in the indictments. Only  
two of the indicted associations contain  
subsidiary companies of the giant corpora-  
tion, namely the American Steel and Wire  
company and the Trenton Iron company.

**General Charges Same.**  
The general charges in all the indict-  
ments are the same, all setting forth the  
difference of the business in which the  
defendants were engaged. Thus one in-  
dictment reads:

"Because said corporations, at all such  
times, have been, and in fact now are,  
separate and distinct from each other, their  
said interstate business should have been  
conducted by each strictly on a competitive  
basis, and would be so conducted but for  
the unlawful conspiracy hereinafter men-  
tioned."

It is set forth that the various associa-  
tions organized under their association  
names and each elected a supervisor, and  
adopted rules and regulations. An arbit-  
rating rating was determined, it is charged,  
by the ratio of output for an agreed time;  
each member was obligated to pay \$5.00  
or less into a fund called "the general  
deposit" and in case any member failed  
to abide by the regulations his deposit  
was forfeited.

**Prices Kept Down.**  
Raw materials were bought, it is alleged,  
in one indictment, at "arbitrary and non-  
competitive prices to be agreed upon by

## Taft Promises Shotwell

Omaha Postal Employees Who Told  
Truth Need Not Fear.

## ON RECORD AS TO LOCAL POLITICS

Washington Post Gives a Line on the  
Nebraska Lineup—Harmony in  
the Republican Camp in  
This State.

(From a Staff Correspondent.)  
WASHINGTON, D. C., June 30.—(Special  
Telegram.)—Franklin A. Shotwell left  
for Omaha today by way of Columbus  
and Indianapolis. Yesterday he had  
another talk with President Taft about the  
Thomas case, the president assuring the  
Omaha attorney that the evidence in the  
case would be carefully reviewed and that  
the men who had testified need feel no  
uneasiness if they told the "truth" and  
nothing but the truth.

Mr. Taft said it would not be necessary  
for Mr. Shotwell to remain any longer in  
Washington, as he would be advised of the  
decision when reached. Before leaving  
Mr. Shotwell joined the National Republi-  
can club of which Omaha holds the record  
of having the largest number of non-resi-  
dents of any one city in the country, prob-  
ably due to the fact that an Omaha man  
is its president.

## Shotwell Praises Taft.

The Washington Post today prints the  
following interview with Mr. Shotwell.  
"Franklin A. Shotwell of Omaha, Neb.,  
secretary of the National Progressive Re-  
publican league of that state, who has  
been in Washington for ten days on law

business, speaking of politics in his home  
state, said:

"The state of Nebraska, like all the  
west, is very progressive in its politics.  
Our people stand for advanced policies in  
government, and are for those men who  
are in sympathy with advanced policies.  
We like men like Taft, La Follette,  
Bourne, Bristow, Cummins and Roosevelt.  
We are for Taft for re-nomination and re-  
election. He has stood firm for the western  
idea in politics. That is a square deal for  
all and no marked cards.

"Taft was not fully appreciated by our  
people at first, but we have found that he  
is our friend. He made some mistakes by  
allowing some of the eastern standard re-  
publicans to get too close to his adminis-  
tration, but we have found out that they  
cannot control him. You know Nebraska  
feels proud of Taft, because it was the  
first in the union to endorse his candidacy  
in 1908, and we are going to stand with  
the rest of the west for him in 1912.

"We like men in the west who have cour-  
age and Taft has demonstrated he has all  
sorts of courage and lots of good home  
sense. Nebraska in 1912 will hold a primary  
election and we will vote preferentially  
for president and I do not believe that Taft  
will have any serious opposition for the  
republican preference vote. The republi-  
cans are extremely fortunate in the fact  
that we enjoy harmony and good leader-  
ship. Governor Aldrich, our progressive and  
brilliant governor, will have no opposition  
for re-nomination. His administration has  
been very satisfactory to all our people,  
and is very strong in the west. He would  
make a good running mate for Taft.

## Re-Elects Brown.

"Senator Norris Brown, one of the pro-  
gressive leaders in the senate from Ne-  
braska, will be re-nominated. Senator Brown  
has pleased our people with his hard fights  
for progressive legislation, and we want  
to return him to the senate where he may  
continue his splendid work in behalf of  
the masses. I do not believe that he will  
have any opposition at the primary.

"Our republican delegation in the house  
will also be re-nominated. We think an  
awful lot of George W. Norris, and he is  
very popular. Norris is a strong man in the  
house, and we believe that his leadership  
in that body will make him a strong can-  
didate for speaker in the next congress,  
should it be republican, and desire to keep  
him there. Kinkaid is very well liked, and

his legislative career has suited our people.  
Congressman Sloan, our new member, has  
demonstrated great force in the house, and  
he has a brilliant future before him.

"It is the general opinion of the republi-  
cans in Nebraska that our national com-  
mitteeman, Victor Roosevelt, should be re-  
elected. He is editor of The Omaha Bee,  
our leading republican paper, and he will  
make a strong campaign for the republican  
ticket. The republicans in Nebraska are  
very harmonious and we are going to win  
the election. We have good crops, a pros-  
perous and happy people, and a splendid  
state government."

## PULL INAUGURAL ON CUMMINS

Senator from Mississippi Reads from  
Iowa Man's Address.

WASHINGTON, June 30.—"No self-re-  
specting nation can accept with quali-  
fication the Canadian agreement in the  
exact form proposed to us," declared Sen-  
ator Cummins of Iowa in renewing his at-  
tack on the reciprocity bill in the senate  
today. Senator Cummins declared he be-  
lieved in tariff revision. "But, mark my  
words," he said, "the people of this coun-  
try, with unerring judgment and intelli-  
gence, will know very well the responsibility  
putting the farmer into free and unlimited  
competition in what he sells, while still  
protecting the things that he buys."

Senator Williams of Mississippi inter-  
rupted to read from Senator Cummins' in-  
augural address in Iowa in 1908. In this  
speech Mr. Cummins expressed the belief  
that the farmer of Iowa would not suffer  
from free Canadian agricultural products  
more than they do from the competition  
of nearby states.

"It seems the senator is now almost in-  
consistent in his views," said Senator  
Williams.

"I am not," said Senator Cummins; "ten,  
or even seven, years ago there was not the  
danger from competition of Canadian  
farm products that there is now, when the  
United States almost ceased to be an ex-  
porter of such products."

"But I am not addressing the senate now,  
but holding the tariff duties on agricul-  
tural products," he added. "I am plead-  
ing only for some justice in the arrange-  
ment so that when the removal of his  
protection comes it shall be accompanied  
by some equal removal of the duties on the  
manufactured things which he buys."

## NEGRO STABBED BY WOMAN

TAKEN TO HOSPITAL DYING

Wound Inflicted Was Not Thought to  
Be Serious at First, but Jack-

son Cannot Live.

George Jackson, who was stabbed last  
night by his sweetheart, Ethel Cook, was  
rushed to St. Joseph's hospital this morn-  
ing in a dying condition. At first it was  
thought he was not seriously hurt, but  
developments indicate that he cannot live.  
Ethel had stabbed him in the chest. Both  
had been arrested and were at the police  
station, Jackson lying prone on the floor,  
figuratively reaching out to unlock the  
doors of eternity; Ethel standing over him,  
weeping.

"Is he going to die, doctor. Oh,  
don't let 'im die, don't let 'im die."

Police Surgeon Peppers, smiling up his  
face, "I'm afraid so."

Jackson, moving slightly after affecting  
with no avail a heart-rendering guttural  
"death rattle." "I'm going to die, honey;  
but they shan't 'reat yo.' Kiss me, honey."

Ethel, blotting the tears which might  
flood her dying lover out of the jail, leaned  
over and kissed him.

"Til nevaah do it again, George, nevaah. I  
love's you."

Jackson and Ethel were taken into the  
cell room, Jackson, the would-be corpse  
and Ethel, his only mourner. If Jackson  
lives, he says he will marry her, but he  
fears he won't.

Dr. Peppers declares Cupid has the  
chance of a lifetime.

## CONCERT AT ZION LUTHERAN CHURCH OF HIGH CLASS

Olaf and Sophie Selberg Make a De-  
cided Hit on First Appear-  
ance in Omaha.

Olaf and Sophie Selberg held one of the  
largest audiences that ever assembled in  
the Zion Lutheran church last night for  
two hours, in concert. The former gave  
some unique and highly interesting selec-  
tions on the organ and his work was re-  
ceived by the audience with hearty ap-  
plause. Selections of class and of the high-  
est order were played with equal suc-  
cess by him and his work was brought out more  
forcibly by the singing of his sister, who  
has a beautiful soprano voice.

Selections from the best composers were  
rendered by the duo, who have just recently  
arrived from Sweden, where they gave a

number of successful concerts, and in such  
a manner that their appearance in this  
country was heralded by the lovers of  
music as something rare.
