## VETERAN MEMBERS DISPLACED

Frank L. Haller and Harry P. Deuel Leave Library Board.

DAHLMAN MAKES APPOINTMENTS

Mayor Boes Not Make Any Statement Regarding the Succession of Others to the Chairs of Long Time Members.

Frank L. Haller, president of the library board, and for eighteen years a member of the board, and Harry P. Deuel, who for sixteen years has served in a like capacity, were replaced Wednesday morning when Mayor Dahlman made his appointments. C. N. Dietz was named in the place of Haller, while Dr. E. H. Bruenning succeeds Mr. Deuel. Albert D. Fetterman, the other retiring member of the board, was reappointed. Mayor Dahlman sent the names down for confirmation to the city council Wednesday morning.

No reason is assigned for the displacement of Haller and Deuel. Dahlman was absent from his office during the morning. Comptroller Cosgrove scored a victory over the standpatter democrats when he got a resolution through the council, reconsidering a former resolution, when he waas denied a linoleum covering for his office. On motion of Brucker, the council, by a vote of 7 to 4, awarded the contract to Miller, Stewart & Beaton at \$1.22 a square yard. Funkhouser, Bridges and McGovern opposed the reconsideration on the grounds that there was not enough money in the city hall maintenance fund.

They rallied Schroeder to their support. A resolution ordering the city attorney to prepare a contract, which will give the city garbage to the Omaha Rendering and Feed company for three years, was passed, while the pay of special policemen who served at the last bond elections was put at \$5 each and approved.

Autos Must Stop.

The ordinance compelling drivers of automobiles and motorcycles to come to a full stop when crossing street car tracks at corners where cars take passengers on and put them off was passed unanimously. A fine of \$5 to \$25 is provided for violation of

Bids for public printing were opened and placed on file. Two bids, one from The Bee and the other from the World-Herald were received. The Bee was low with an estimate of 34 cents an inch for first insertion and 19% cents for subsequent inser-

The contract for paving Ninth street from Douglas to Howard street was awarded to Charles Fanning. David Cole was granted permission to excavate under Howard and Tenth streets. A subway 133 feet on Howard and 66 feet on Tenth will be constructed.

John McCaffrey, Andrew Smith and Martin Dunham were named as appraisers to assess damages for the opening of Seventeenth, Eighteenth and Nineteenth streets north of Kirkwood and for acquiring property for the Prospect Hill boulevard.

An ordinance for the narrowing of Hickory street from Third to Fourth streets passed second reading, while one for the paving of Forty-fifth street from Military avenue north was passed.

The board then met as a board of equalization. Protests against the plan of assessment for the opening of Half Cass street from Thirty-second street to a point 162 feet east poured in. Property owners on the south of Cass contend that the assessment is unfair in that they are made to pay two-thirds of the costs when the owners on the north side of the street are

#### Two Police Officers Get Good Trimming

Steve Malony and John Savage Come Out Second Best with Youth from Fremont.

Detective Steve Maloney is wearing a lovely black eye and Captain John Savage of the detective department is nursing a badly swellen neck as a result of coming into too close contact with the fist of Sam Olsen, a husky young Swede from Fremont

A few minutes after Sam's arrival at the police station, where he went for a little information, the place was converted into a rough house, with the Swede having the upper hand until several other policeme came to the rescue of their down-trodden comrades. When he was surrounded by the batch of cops Olson fought like a bull pup and it required the combined efforts of severe' policemen to land him behind the bars where he could not administer any more black eyes.

When Olson went to the station late in the afternoon he was given the necessary information by Captain Savage, who re-minded him about a friend being waiting after Olson had tarried beyond his time. This angered Olson, who gave the captain a swipe on the neck accomplishing a knockout on the Wolgast style. Detective Maloney heard the commotion and rushing in to save his chief was greeted with a "bunch of fives" in the eye which sent him sprawling. Steve neglected to take the count as he had some fighting blood left and getting into the ring once more he was mixing it fairly well with the Swede when help came.

Policemen of all denominations rushed through the ropes and saved Steve from wearing a duplicate "lamp." In the meantime Captain Savage was recovering his wind and by the time the gong sounded the belligerent Swede was landed behind the When the charge of assault was called against Olson before Judge Crawford Wednesday the Fremont man said all he remembered after the first few blows were struck was that he awoke in juil this mornigs. He did not carry very many scars of battle. The case was continued until Thurs-

KUHL AND SMITH MEET HERE

Say Politics Are Not as Interesting Now as the Crops and Weather.

John Kuhl of Randolph, speaker of the house furing the 1911 legislature, and Aubrey A. Smith of St. Edward, state senator, met on Farnam street Wednerday morning to reminisce and prognosticate.

"Politics don't exist in Boone county," said Senator Smith. "My namesake, R. R. Smith, representative last winter, is out for county judge, but beyond the race Afternoon and Evening Band Concerts. after county offices nobody seems to be interested in anything. The bankers, of course, are beginning to prepare for the going into effect of the mortgage law which was passed and which necessitates new forms for all the mortgages issued."

"Crops are what people in Cedar county are thinking about," said Speaker Kuhl, and they are very well satisfied with the Saturday, July 8th, 2 P. M. at prospects. The pastures are all dried up and timothy is not what it should be, but grain is excellent.

County offices are interesting a few politicians and there is some talk already from now, but there is no excitement about

## **BRANDEIS STORES**

We have studied the Cleaning and Dyeing business in Omaha from every angle for the past four-teen years. We know what it costs to get the bus-also what it costs to do the work after we get it. We have tried Branch Offices and found that it took so great on age of their receipts to pay office expenses that it left nothing to pay for doing the actual cleaning or dyeing. Experience has taught us that if we spend our money for first class help, good materials and up-to-date equipment and then give you better work than you can get elsewhere, you will send it here, no matter where we are located or how many branch offices we may or may not have. That is what we have been doing and will continue to do so long as we can maintain the steady growth we have enjoyed for years.

Our complete price list will be sent to any address in or out of the city on request, and the work we send home to you will be satisfactory or we will not accept pay for it.
