BANKERS DISLIKE NEW ACT

Write Sarcastic Letters to Secretary Royce at Lincoln.

SAY SIGNS ARE NO BENEFIT

Superintendent Kern of Ingleside Asylum Regs State Officers Not to Send Painating Bertha to Him at This Time.

(From a Staff Correspondent.)

LINCOLN, July 5.—(Special.)—Secretary Royce of the State Banking board has other troubles besides keeping cool these days, not the least of which is the difficulty he is having while enforcing the provisions of the new bank guaranty law, which has gone into effect and for which the first quarterly assessment has been levied.

Bankers over the state who are entitled to certificates showing they have complied with the provisions of the new law, as soon as they have done so, are more than anxious to have their slips forwarded to them, while others say that they have as little use for them as does a wagon for a fifth wheel. The tone of the letters, in the main, is that the various banking institutions have survived year in and year out without such an enactment and that the 1 per cent levy for the guaranty fund is nothing more nor less than a hold-up.

How One Banker Feels.

One letter indicative of many that have come to Secretary Royce's desk within the last few days reads as follows:

Herewith report called for in yours of the 28th ult. in which you state that certificates will not be forwarded until this report is made.

If it is all the same to the banking board they need not forward this certificate as I shall feel no greater pride in exhibiting it than I have in exhibiting my discharge from prison.

I have never heard of the James and Younger gang giving their victims a receipt after having robbed them, and as long as the great state of Nebraska has engaged in the same line of hold up I see no reason why it should try to improve on the above named gang's method.

Possibly there are some voters (myself included) who deserve this for having crossed over and voted for a horse doctor for governor when they thought they were voting for a banker.

Says Sign No Added Help.

Another letter of the same tenor puts these things up to the State Banking board for perusal during off hours:

Unless this display of sign certifying that the state guarantees the deposits in the bank is mandatory we have no earthly use for it, and have no desire to build upon that foundation. The writing has been in the banking business for over twenty-five years and he thinks he has the entire confidence of the people in this community. He has always in the most strenuous times met every demand made upon him, and this sign in his community would be no added strength to this institution, on the contrary, I think the very reverse.

Newcastle Loss Transferred.

Twenty-four hours after the Western Fire insurance company of this city had reassured all its risks with the St. Paul Fire and Marine company of St. Paul large losses were suffered by the company through the \$100,000 fire at Newcastle.

This statement was made this morning by George W. Holmes, the president of the company which has just completed the sale to the Minneapolis concern, through W. C. Lyle of Omaha.

In speaking about the sale of the local company, Mr. Holmes further said that the company here retained all of its assets and

that it would liquidate them. "As a matter of fact," declared Mr. Holmes, the sale is simply a reinsurance of the risks carried by us."

Emil Laumann Dead.

Acute alcoholism combined with the excessive heat of yesterday is supposed to have been the cause of the death of Emil Laumann, a butcher, whose body was found at his rooming house in this city. The deceased was a widower, having lost his wife six years ago. He left no children. Other relatives surviving him are believed to reside in Switzerland.

Water Supply Short.

Mayor Armstrong of this city today issued an official request urging water users to conserve the supply on account of the present tense condition of the system. Lawn sprinkling is also asked to be discontinued while the pressure is at its present low point.

Not Ready for Bertha.

"Painting Bertha," Liebetka, who has given notice to the police of a dozen or more western cities and who since her imprisonment at the state penitentiary has given the guards more trouble than all the other inmates combined, will not be taken to the Hastings asylum for a few days at least.

A telegram received by Warden Delahanty today from Superintendent Kern of the asylum asks that official to staff off the trip to that institution until further word is received here. Improper facilities to hold the fainting one is the reason for the delay.

Orders were issued yesterday by Governor Aldrich for the removal of the woman prisoner to Ingleside. The executive's ultimatum came as a result of the investigation into the mental condition of the woman by the State insanity board.

Counties Show Decrease.

Five out of nine counties that reported the amount to the State Board of Assessment show a decrease in the total assessed value of property. The total valuation of the counties reporting for the past two years are as follows:

Boyd	\$2,512,297	\$2,292,800
Chadron	4,318,421	3,922,049
Cuming	4,455,025	4,641,210
Haran	3,767,712	3,694,554
Hooker	42,367	64,526
Kimball	1,386,361	1,462,791
Nemaha	1,321,062	1,469,000
Thomas	42,529	51,556
Thurston	2,006,344	2,340,301

More Bonds Bought.

State Treasurer George has received and paid for Beaver City water bonds, amounting to \$2,000; Chadron school district bonds, \$20,000; city of Crawford water bonds, \$24,000; school district No. 11, Antelope county, \$20,000. Burt county has paid the state \$20,000 and Cedar county has paid off \$6,000 and Cedar county has paid \$6,000 for bonds which were due and held by the state as an investment.

Company Goes Into Camp.

Company F, Second Regiment, Nebraska National guards, went into camp near the penitentiary this evening for four days of rifle practice. The entire company will remain in camp during the four days and put in the time shooting on a range which has been improvised. Captain Hall is in command and Captain Kinterson of the adjutant general's office will be in charge as range officer.

J. J. Langer Files.

J. J. Langer of Wilber has filed as a candidate for railway commissioner on the republican ticket. Mr. Langer was once presidential elector from Nebraska, once senator at Solon, Germany, and several times candidate for state office. Judge James R. Dean of Broken Bow has filed as a democratic candidate for judge of the supreme court and has filed an acceptance of the populist petition filed on his behalf.

so he will be a fusion candidate for judge. Judge Harry S. Dunlap, democratic candidate for judge in the Tenth district, has filed a populist petition. Judge Leslie G. Hurd of Harvard has filed as a republican candidate for re-election in the Seventh judicial district.

Conditions at Prison.

Warden Delahanty's monthly report shows that the penitentiary population is stationary. The first of June there were 68 convicts in the prison and at the close of the month the number was the same. During the month twenty prisoners were received and two were returned from asylums.

Eighteen prisoners were discharged by reason of expiration of sentence, four were paroled and two escaped from the penitentiary corn field where they were working. Those paroled were Simmons of Douglas, serving four years for forgery; Connelly of Sioux, serving eight years for manslaughter; Buck of Douglas, serving a term for robbery; and Strehman of Keith, serving three years for obtaining money under false pretense. Myers of Lincoln, for three years for horse stealing, and Matthews of Nemaha, in for one year for forgery, were the prisoners who escaped from the corn field.

At the first of June the warden had \$23,112 in the treasury, leaving a balance of \$23,112 on hand.

Governor Aldrich Overcome by Heat

Compelled to Return Home and Date to Address Stockmen at Alliance is Cancelled.

(From a Staff Correspondent.)

LINCOLN, Neb., July 5.—(Special Telegram.)—Although spending his holiday at home in a quiet way, Governor Aldrich was temporarily overcome by the heat yesterday. Although he was rather sick for a time, no physician was called. The governor appeared at his office late this morning, but after only a few minutes' work was compelled to return to the executive mansion. Governor Aldrich was overcome with heat about three years ago while working in a hay field, and since then has not been able to stand excessive heat. A date at which the governor had to speak at the stockmen's convention at Alliance had to be broken this noon.

Today's noon reading of the weather bureau thermometer showed 107 degrees, the highest ever recorded in this vicinity at the same hour.

Fatally Kicked by Horses.

RUSHVILLE, Neb., July 5.—(Special.)—A man named Henderson, who lives at White Clay, was found Saturday morning in a stable with five horses in an unconscious state. He was conveyed to the hospital and the doctor sent for. Yesterday no less than seven pieces of bone were removed from his skull, that was so badly fractured that little hopes for his recovery are entertained.

Automobile Burned Near Lyons.

TEKAMAH, Neb., July 5.—(Special.)—A touring car belonging to C. O. Swanson of Lyons caught fire last evening while on the way to Lyons from Tekamah. The fire was discovered, but the machine was wrecked before the fire could be put out. The accident happened about four miles west of Tekamah. The occupants of the car were not injured.

Arlington Family Poisoned.

ARLINGTON, Neb., July 5.—(Special.)—The family of Sam Hammang, a farmer living southwest of here, was poisoned yesterday by eating canned meat. Shortly after the family had eaten it they were taken sick and with the doctor's assistance they are improving as well as can be expected.

Fall from Wagon Fatal.

SEWARD, Neb., July 5.—(Special.)—While returning to his house, six miles southwest of Seward, with a load of coal about 11 o'clock, Adam Grab fell from the seat and broke his neck. Grab was a bachelor, 65 years of age, and had resided here about twenty years.

THREE ARRESTS IN AUBURN

Grant Satterly Files Charge Against Wife and William McCormick and is Also Locked Up.

AUBURN, Neb., July 5.—(Special.)—Grant Satterly appeared at the county attorney's office and complained that one William McCormick was living with Mrs. Satterly illegally. A complaint was prepared and filed by Satterly before the county judge making a statutory charge against McCormick and Mrs. Satterly. Warrants issued and the offenders arrested by the sheriff. Mrs. Satterly informed the sheriff that Satterly was a deserter from the United States navy and was wanted by the government. The sheriff investigated his records and found that a reward was out for the arrest of Satterly, so he immediately arrested him, and all three are in the county jail.

Thirty-Four Bushels to Acre.

TEKAMAH, Neb., July 5.—(Special.)—The first threshing of winter wheat took place here Monday and Tuesday on a piece of land just south of the city belonging to C. W. Conkling. The yield was very close to thirty-four bushels and the quality was excellent. Winter wheat has not been much damaged anywhere by the hot weather and the most of the spring wheat is not in as bad shape as the farmers first thought it would be. Cutting is in progress this week.

BURIED UNDER TONS OF COAL

Hostler in Rock Island Yards in Fairbury Has Remarkable Escape From Death.

FAIRBURY, Neb., July 5.—(Special.)—Charles Baxter, a hostler helper in the Rock Island yards, had the novel experience of being buried under five tons of coal Monday while "coaling" up a large passenger locomotive to go out on its run. Mr. Baxter alleges that he had "spotted" the locomotive just opposite the coal chute and was preparing to trip a pocket containing five tons of coal, when he lost his foothold and fell into the empty tender awaiting the coal. The pocket had been already tripped and down came the coal on top of Baxter. He managed to shout before he was completely merged and a car repairer ran to his assistance. Several other employees were also summoned and by quick work Baxter was uncovered. He was completely covered and would have suffocated. Outside of being stunned, he suffered no injuries from the accident.

Livery Barn Burned.

HILDRETH, Neb., July 5.—William Sloan of Wilcox lost his livery barn by fire Sunday night. There were no horses in the barn. Loss fully covered by insurance. It is supposed that tramps, sleeping in the haymow, dropped ashes in the hay.

Boy Injured at Hastings.

HASTINGS, Neb., July 5.—(Special Telegram.)—Sander Pitzer, aged 11, was run over by a switch engine in the Burlington yards on his way from the ball game this afternoon and his left leg cut off at the thigh.

RAIN GIVES THEM COURAGE

Workers in Ad-Getter Spurred On to Greater Efforts by Break.

CAN DO MUCH BETTER SOLICITING

One Contestant Finds the He Gets Excellent Results, and Believes He Will Land One of the Grand Prizes.

The rain of yesterday was as welcome to the contestants in the Ad-Getter race of the Bee as to any other people in the city. For the past few days the contestants have had a hard time getting down to work. In this respect they were no different from any other people. The heat kept them from doing their best.

With the coming of the break in the heated spell, however, contestants are expecting to get down to their steady grind again and secure votes by twenties as they were doing before the hot weather began its siege.

One of the workers last night reported that he had done his most effective work during the day, despite the terrible heat. He was well pleased with the way in which his votes are stacking up, and he said he felt that he would land one of the prizes. Other contestants in the game feel that they are going to be among the winners, too.

Only Paid Ads Count.

Only paid ads count in this contest. Every ad is worth one vote. If the ad is run twice it counts as two votes; if run five times it counts as five votes, etc. No entry fee is charged for the contest.

The rate for Bee want ads is 1/4 cent a word if run only once. If run more than once the rate is 1 cent a word. Bring the cash and the want ad to the Want Ad editor and you will be credited with the votes.

List of Prizes.

The first prize is a \$75 baby grand Ludwig piano, and may be seen in Hayden Bros' store. The other prizes are: Second, \$50 graduation scholarship course in the Omaha Commercial college; third, \$100 graduation scholarship course in the Omaha Commercial college; fourth, ladies' or gentlemen's solid gold watch, sold by T. L. Combs; fifth and sixth, ladies' tailored suits, valued at \$50 each, sold by Novelty Skirt company, 214 1/2 North Eleventh street; seventh and eighth, two National bicycles, value \$20, sold by the Omaha Bicycle company, Sixteenth and Chicago streets; ninth and tenth, value \$12 each, two full memberships in the Young Women's Christian association; eleventh and twelfth, value \$12 each, two full memberships in the Young Men's Christian association.

Gleeful Women Break Up Games on Fourth

Bachelors and Benedicts Try Hard to Carry Out Program at the Dietz Club.

At the Dietz club for a Fourth of July celebration there was an all around athletic contest between bachelors and benedicts, which was never definitely decided because of the distractions furnished by the women of the club, who broke up the ball game with a parade when that event was about to decide the athletic supremacy of one side or the other. The grounds and bungalows at the club were prettily decorated and every member had his guests. The costume band began the program at 2:30 with an amazing display of queer dress and weird noises. The married men then won the tug-of-war. F. S. Spellman for the bachelors won the tennis court from W. H. Platner, representing the married men, by a score of 6-4, 4-6, 6-2.

In the ball game the single men were represented by Ketcham, McNeil, Blauvelt, Spellman, Lafferty, Evans, J. Evans, L. Platner, Flanagan, and their opponents were O'Neill, Clay, McMahon, Cox, W. H. Platner, E. Platner, Palm, Jones and Anderson. President Johnson was umpire.

Nobody knew just how the game ended, because the women's parade arrived in time to turn it into a riot, so the match was declared even. In the evening fireworks and dancing were the amusement.
