Mrs. Bridges Says She Saw a New Light

Mother of Girl See is Accused of Detaining Testifies of Doctrine of Absolute Life.

CHICAGO, June 7.—"I saw a new light and a feeling was in me as though there were something for me to do to better myself and better the world at large. It was a feeling which was like walking on a cloud. That feeling was absolute life."

The foregoing statement, given in the testimony of Mrs. Lucille Bridges in the abduction trial of Evelyn Arthur See today, is regarded by the defense as one of the best indications of the cult given during the present case. Mrs. Bridges is the mother of Mildred, whose father, Evelyn Bridges, alleged that See hid the girl at his flat for immoral purposes.

"Mildred was our only child," said the witness. "She was made so much of that she became stubborn and somewhat spoiled. There was a decided change for the better after she began studying Mr. See's teachings."

Mrs. Bridges denied that she had been any derelict in the See flat.

"Did you ever tell your husband that you had a revelation of motherhood?" Attorney Cantwell asked.

"No."

Witness stated that she had made contributions of \$1,000 and \$500, respectively, to the cause of "absolute life."

Lorimer Committee to Meet in Chicago

Senator Gamble Says Session Will Be Held Within Two Weeks, When New Witnesses Will Testify.

CHICAGO, July 1.—United States Senator Gamble of South Dakota, member of the Lorimer senatorial investigating committee, arrived in Chicago today and conferred with John E. Marble and John J. Healy, attorneys for the committee, now at work here.

Senator Gamble said that the committee would hold a session in Chicago within two weeks, when a number of new witnesses would be called.

Lorimer may take the stand in this city.

KANSAS CONGRESSMAN DEAD

A. C. Mitchell, Who Defeated Representative Scott, Dies at His Home Near Lawrence.

LAWRENCE, Kan., July 1.—Representative Alexander C. Mitchell of the Second Kansas district died at his home here at 7:45 this morning, following a long illness.

Mr. Mitchell was elected to the house of representatives last year on a progressive republican platform, defeating Representative Charles F. Scott, "regular" republican. Two weeks after Mr. Mitchell took his seat in the national house of representatives last March he became ill. He returned to the west and on April 30 underwent an operation in Kansas City for a disease of the stomach. Two weeks later he was taken to his home in Lawrence.

Mr. Mitchell was a graduate of the University of Kansas. He was a member of the Kansas state legislature in 1907 and 1908 and during his term in the legislature introduced the law abolishing capital punishment, now in force in Kansas. For six years he was a member of the board of regents of the University of Kansas.

WASHINGTON, July 2.—Representative Mitchell voted for but one legislative measure—Canadian reciprocity. Despite his hopeless physical condition he insisted upon remaining in Washington to vote for the bill. Immediately afterward he left for his home in Lawrence.

Kansas Bloodhound an Agent of Justice

State Supreme Court Holds that Fact of a Dog Following Footsteps is Dog Evidence.

TOPEKA, Kan., July 1.—The Kansas supreme court today upheld the bloodhound as an agent of justice.

"If the blood had been proven accurate in following the trail of human footprints, that evidence was enough," said the court, "to convict."

The decision came in the appeal of Glen Adams, convicted in November, 1910, in Graham county, of the murder of Joseph Anderson, a farmer.

Tracks about Anderson's home gave the bloods a good trail and they followed it to the Adams home, six miles distant. Shoe tracks at the Adams home and around Anderson's body corresponded with the shoe Adams wore. The shoes and the bloods were the only evidence against Adams.

ST. JOSEPH WILL LOOK INTO ADVANCE IN PRICE OF ICE

ST. JOSEPH, Mo., July 1.—People here are up in arms over the action of the ice manufacturers in raising prices as a result of the continued hot weather. An investigation will be made to ascertain whether there has been an unlawful combination and prosecutions may follow.

MARKED DROP IN TEMPERATURE

Relief Comes to All Larger Cities Except Washington and Baltimore.

WASHINGTON, July 1.—Relief from the heat has come to practically every large city in the country except Baltimore and Washington, which are included in a little circle now monopolizing all that is left of the record-breaking hot wave.

Marked reductions in temperatures are reported from New England, New York, Pennsylvania and the lake regions and it is somewhat cooler in the lower Ohio and upper Mississippi valleys.

It is slightly warmer over the northern plains and in the Rocky mountain region, but this will be of short duration, as a change to cooler already has set in along the northern Pacific coast.

CHICAGO, July 1.—Clouds over the southwest this morning and general rains and thunderstorms last night so lowered the temperature that none of the extreme heat of last week will be experienced in that territory today, according to the local forecaster. Further north, in Missouri and northern Kansas, hot weather is again prevailing with little rain in sight.

DANBURY, Conn., July 1.—(Special Telegram.)—Leaving the New York express train at 7:30 a.m., Samuel Wellman, 210 South Thirty-third street, Omaha had just finished writing the following telegram in the local station, when he dropped dead of heart disease.

"Jay C. Duell, 100 Warren street, New York: Meet us at Grand Central station. I am sick."

Wellman's daughter, Elizabeth Wellman, who was traveling with her father, did not leave the train at the local station and continued toward New York, the train pulling out a moment after the man's death. The daughter was located at Branchville, the first station out of Danbury. She continued to New York. Wellman was about 70 years old.

Captain Richard W. Burr.

FEDELLA, Ill., July 1.—Captain Richard W. Burr, 85 years old, a veteran of the Mexican and civil wars, died today. He was prominent in business here.

George F. Boyd.

OAKDALE, Neb., July 1.—(Special Telegram.)—George F. Boyd, one of Oakdale's prominent citizens, died here this morning of malignant typhoid. His widow and baby survive him.

IRON WORKERS IN CONFERENCE

National Organizer Visits Des Moines to Quiet Trouble.

PACKING PLANT MAY REOPEN

Price of Pork Goes Up Since Close of Establishment at Iowa Capital and Local Capital Considering Reorganization.

DES MOINES, July 1.—(Special Telegram.)—F. J. Murphy of Detroit, national organizer for the Structural Iron Workers' union, has been in Des Moines all day endeavoring to secure an adjustment of labor troubles at the Des Moines Bridge and iron works, with a view to having the men take charge of the business. Members of the city council were called in as arbitrators to assist in the settlement because of the fact that work on a city contract for construction of a viaduct over the railroad has been held up for months because of the labor troubles.

Since the closing of the local packing plant this week, which occurred as soon as the sale was concluded to Chicago parties, the price of pork in the local market has advanced and the price is said to be now 2 cents a pound higher than last week. This fact has spurred Des Moines people on to make an effort to for a local company and secure the reopening of the plant.

Salisbury to Speak.

Congressman Salisbury, author of the pension bill which has been generally endorsed by the soldiers, has been engaged to come to Iowa and speak on soldiers' day at the state fair and his coming will be a boost for the pension bill.

Mining Men Disagree.

After a stormy conference the state mine inspectors and the committee of mine owners failed to agree on any uniform code of signals for the mines of Iowa. Two propositions were agreed to. One is that the present signals, as prescribed by law, shall not be disturbed. It was also agreed that if any new signals are found necessary that the mine inspector of the district where the signals are needed and the mine owner shall get together and promulgate an additional set of signals, which shall apply to that particular district.

New Consent Point.

Owing to a decision of the supreme court the validity of the saloon consent petitions in about a dozen cities of the state will again be subject to question in court. The decision was in effect that when a name had been withdrawn from a petition it was not restrained by taking the same name off the withdrawal, but a new signature would have to be obtained. Among the cities said to be affected are Des Moines, Creston, Okaloosa and Fort Dodge.

Rock Island Cuts Freight.

The Rock Island railroad today announced a reduction in freight rates between Des Moines and St. Paul over the new Des Moines and St. Paul line of that system, amounting to 5 per cent. This is on merchandise and commodity rates and the excuse given is because of a shorter distance.

Coal is Bought Cheaper.

The State Board of Control today awarded contracts for supplying coal for the state institutions. The prices were lower than last year. The steam coal was bought for about 35 cents a ton cheaper and in some cases the lump coal for from 15 to 30 cents cheaper on the ton. A total of \$6,325 tons was ordered which will cost about \$300,000. The awards went as follows: Anamosa, Chicago & North Western; Ottumwa, Cherokee, Excelsior Mining company, Okaloosa; Clarinda and Knoxville, Roseland Fuel company, Ottumwa; Council Bluffs and Mount Pleasant, White Ash Coal company, Avery; Davenport, Bell-Zollinger company, Chicago & North Western; Schiefel Lumber company, Eldora; Fort Madison, Frank Millard company, Burlington; Glenwood, Bolton-Hoover company, Okaloosa; Independence, W. G. Haskell, Cedar Rapids; Mitchellville, Colfax Consolidated company, Chicago & North Western; Grinnell Coal company, Grinnell; Oakdale, Clark Coal and Coke company, Davenport.

Rain Has Helped Crops.

Reports to the office of the State Grain Dealers' association from all parts of Iowa indicate that the rain of last night was general and the showers continued today. These reports also indicate that the rain has had the effect of preventing the total destruction of the crop.

Live Stock Board to Meet.

The new Iowa Live Stock sanitary board is to meet here the latter part of next week and organize. The commission consists of the state veterinarian, Dr. J. L. Gibson of Des Moines, and Messrs. J. L. Gibson, Tom Downing, Washington; Frank Kinley, McGregor, and C. A. Saunders, Manila. The board will assume all the duties of the state veterinarian and veterinary board and generally direct the care of live stock in the state. The veterinary members of the board and others will be called to attend a meeting of the Missouri Valley association the same week.

Young Woman Gets Insurance Money.

The supreme court settled the long-standing case of Brinsmade against Steele, involving a question as to who shall get the insurance money. A well known young business man of Des Moines died suddenly at Los Angeles a few years ago. He left an insurance policy payable to his mother, but she had previously died, and he left a will giving everything to Miss Alice Steele, employed in the state library, to whom he was betrothed. The heirs of Brinsmade contested the will, but the court holds that it is sufficient to transfer right to the insurance money and that the young lady is entitled to it.

Iowan Dies at Sea.

Word was received by Governor Carroll today of the death at sea on the German steamship "George Washington," of one, District Meyer, a resident of Iowa, who formerly lived at Sibley. He was buried at sea. The notice came through the German embassy at Washington.

The Liberty City company of Des Moines, capital \$10,000, filed articles of incorporation today and the South Slope Coking company of Marshalltown, increased from \$10,000 to \$25,000.

Milk Licenses Mean Something.

Commissioner Barney of the Iowa pure food and dairy department is planning to have the milk licenses issued to dealers mean something. The new law in Iowa, force and effect but not very many of the dealers have been granted licenses. The commissioner is in consultation with Inspector Thompson planning for a general investigation of the dairies of the state prior to issue of the licenses, and then to insist upon the best sanitary conditions at all these dairies under penalty of having the licenses revoked at any time. It is believed that the quality of the dairy milk sold in Iowa can be improved materially by strict enforcement of the new law.

Auto Numbers Not Ready.

Although the law requires that all motor cars in Iowa now have number plates both front and rear, very few of them have been supplied as yet and the owners are experiencing some trouble with the authorities. The secretary of state has been unable to secure more than a small number of the plates for sending out and it

Get a
Permit
TO SMOKE
and
win
out
5 cents

has been impossible to issue the motor numbers as rapidly as called for. It is expected the work of issuing 25,000 motor car numbers will take at least a month.

Would Change the System.

Judge G. S. Robinson, member of the State Board of control, after an investigation of the methods pursued in eastern states, favors a change in the plan of operation of the state inebriate institution at Knoxville and to give the superintendent greater discretion in what is done with the inmates. He would practically abandon the compulsory feature and permit patients to leave the institution after a short time, but on condition that afterwards they may be committed to a state farm and be put to work.

Husband and Wife Die Together.

WEST POINT, Ia., July 1.—(Special.)—While the strains of "Asleep in Jesus" was being sung by the church choir, in closing the funeral service over the body of Mrs. Henry Weber yesterday, the dead woman's husband, who lay critically sick in adjoining room quietly slept away. Watchers by his bedside said he breathed his last while the closing verse of the song was being sung. Both Mr. and Mrs. Weber were past 80 years of age and had been prominent.

Iowa Epworth Assembly.

COLFAX, Ia., July 1.—(Special.)—The Iowa Epworth league assembly and training school will open the sixteenth encampment in Colfax August 1-13. The meeting will be held at Epworth park, a beautiful, twenty-acre woodland with every attraction for rest and recreation. The program has a splendid array of talent. Dr. Frederick A. Cook, on "My Conquest of the North Pole," will give the opening lecture August 3.

Large Quantity of Opium is Seized

Twenty-Two Thousand Dollars Worth of Drugs Concealed in Coal Bunker of Steamer Siberia.

SAN FRANCISCO, July 1.—One of the largest seizures of smuggled opium ever made at this port was accomplished today when 555 five-ounce tins of the drug were found by customs officers on the steamer Siberia, which arrived yesterday from the Orient. The contraband opium is valued at \$22,000. In order to secure it 500 tons of coal was moved.

Five Persons Caught Under Auto at Erie

All Occupants of Machine Which Turns Turtle Are Probably Fatally Injured.

ERIE, Pa., July 1.—Five persons were seriously and probably fatally injured today in an automobile accident at North-east, near Erie. They are Frank Bowman, hotel proprietor, of Northeast, and Mrs. Hattie Horn, Mrs. Thomas Paine, Mrs. Frank Stennett and Mrs. Archie Mead of Corey, Pa. The machine turned over, pinning the five under the car in a ditch.

STOKES CONTINUES THE STORY

(Continued from First Page.)

and when she discovered that she was visiting him alone, she left the following morning.

Girl at Farm Three Days.

"Didn't ask her because you tried to insult her?" Stokes was asked.

He was not allowed to answer this question, but replied that she remained at the farm about three days.

His attorney read the letter of invitation in which Miss Graham's sister was asked to visit Stokes at the same time.

"But you did entertain so-called fatherly affection for Miss Graham, didn't you?" asked the girl's attorney.

"I did feel kindly toward her," replied Stokes, turning to smile at the two young women.

"What were your intentions toward her?" "To be polite to her."

The prosecution closed its case with the examination of a policeman, who first reached the house after the shooting. He said he told him that each of them had shot Stokes.

NEW BUILDINGS DURING JUNE

Thirty-Four Cities Show Increases and Twenty-One Decreases.

CHICAGO, July 1.—There is a marked increase in building operations throughout the country, the totals of the principal cities for June showing an increase of 11 per cent.

Permits were taken out in fifty-seven cities for the construction of 17,419 buildings, involving an expenditure of \$95,535,319, according to official reports received by the Construction News, compared with 16,811 buildings, involving a total investment of \$54,945,000 for the corresponding month last year, an increase of 66 buildings and \$40,590,319, or 11 per cent. There were increases in thirty-four cities and decreases in twenty-one cities.

Philadelphia leads with 1,738 new buildings for the month, Chicago is second with 1,061 and Cincinnati is third with a total of 1,063.

Sealing Treaty is Ready to Submit to the Senate

Convention Signed by United States, Russia, Great Britain and Japan in Washington Friday.

WASHINGTON, July 1.—The final signatures were affixed to the treaty for the protection of seal life shortly before noon at the state department and the convention will be submitted immediately to the senate.

By the terms of the treaty, pelagic sealing is prohibited in the seas of Berlin, Okhotsk, Kamohatka and Japan.

The convention arranges for the apportionment among the signatory powers of the annual proceeds of the several seal herds in which they are interested, as follows:

Thirty per cent of the skins annually taken from the American and Russian herds, respectively, is divided equally between Great Britain and Japan, 20 per cent from the Japanese herds is divided among the United States, Great Britain and Russia, and 30 per cent from any herd which may hereafter resort to the breeding grounds under British jurisdiction in the North Pacific ocean is to be divided equally among the United States, Russia and Japan.

In connection with this apportionment, the United States will make an advance payment of \$200,000 to Great Britain and Japan each.

These payments are to be refunded to this country out of the proceeds of the British and Japanese share of skins taken from the herds. "This payment," says an official statement on the subject, "is in effect merely a loan and was necessary only because the United States reserves the right to discontinue altogether the killing of the Pribilof island seals."

The treaty will extend for fifteen years.

Garrison in Havana Called to the Palace

Action of President Comes in Ordering Maneuver Starts Report of Another Revolution.

HAVANA, July 1.—Following the disquieting rumors yesterday projected uprises in the provinces of Oriente and Pinar Del Rio, the city was thrown into intense excitement early today when drums beat to quarters in Castle La Fuerza, "opposite the presidential palace and the harbor of 200 men sailed forth and threw a cordon around the executive's home. The soldiers stood on the defensive apparently to repulse an attack.

Soon afterward, nothing else having happened, the troops marched back to their quarters. President Gomez later explained that the maneuvers had been ordered merely for the purpose of seeing how quickly the garrison would surround the palace in case of emergency.

The incident says "the rumors that a revolution had broken out in Havana and caused much alarm. There was some adverse comment on the action of the president in ordering the maneuvers at the time when so many alarming reports are abroad."

Mysterious Death of Union, Mo., Man

Body of A. B. Small, with Bullets in Head, Taken from River—Counterfeit Money Found in Home.

UNION, Mo., July 1.—County officials are trying to solve the mystery of the death of A. B. Small and United States secret agents are endeavoring today to learn the origin of counterfeit money found in a box in Small's home.

Small's body was taken from the Meramec river near here. It showed bullet wounds in the head. Coroner Bried says Small could not have shot himself. The coroner is trying to learn if Small was pushed into the river or fell into it after being shot.

Women Start Ice Riot in Cleveland

Company Limits Amount to Each Customer and it is Rumored that Delivery Was to Stop.

CLEVELAND, O., July 1.—Two hundred women started a riot at a station of the City Ice Delivery company today because the company would not give them as much ice as they wanted. Some one spread the rumor that the distribution was to be discontinued altogether, and at that the women rushed the doors and threw stones at the windows. Three women were arrested.

DEATH RECORD

Mrs. H. B. Fairchild.

FAIRBURY, Neb., July 1.—(Special.)—The funeral services of Mrs. H. B. Fairchild were held at her home near Endicott in this county. Mrs. Fairchild had been ill for some time. She was over 71 years of age. Mrs. Fairchild was born in Hartsgrove, O., March 8, 1840, and her maiden name was Jane H. Alderman. She was married to Herman B. Fairchild at Ypsilanti, Mich., August 30, 1868, and five children were born to this union. They all survive her. Mr. and Mrs. Fairchild moved to Iowa in 1871 and to Jefferson county, in 1880, locating near Steele City. They located on the home place in 1900. Rev. Thomas A. Maxwell, pastor of the Christian church, officiated at the funeral and burial took place in the Fairbury cemetery.

Colonel W. O. Haggard.

LAFAYETTE, Ind., July 1.—Colonel William S. Haggard, commandant of the State Soldiers' home here and former lieutenant governor, died at the Soldiers' home here today after an illness of three months. He served through the civil war in the Sixteenth Indiana battery. He was once a candidate for governor. Colonel Haggard was 64 years old.

Herman Forster.

WASHINGTON, July 1.—Herman Forster, father of Rudolph Forster, chief clerk of the White House offices, died today at his home in this city. Mr. Forster was more than 80 years of age.
