## PANTORIUM BULLETIN

### SECOND EXTRA

#### The Advantage of One Office

The cost of maintaining Branch Offices takes such a big per cent of their gross receipts that one must either charge more for the work or cut down the cost of doing the actual cleaning or dyeing. Of course, he could do business at a loss—but he won't.

During our fourteen years in business here the Pantorium has passed through all these experimental stages and we are now permanently settled in one location—a little out of the way—but we own the ground and buildings so are obliged to figure only a nominal rental.

The money you pay for Cleaning and Dyeing your clothes goes into the clothes and not into some landlord's pocket for a high priced office.

About 90 per cent of our business is done over the telephone, but those who do come to the office are sure to find some one who can tell them what they want to know and give them intelligent information about any phase of the Cleaning and Dyeing business.

If you want work that stands the test get it done by a firm that has stood the test for 14 years

## DON'T FORGET Try HAYDEN'S First IT PAYS

## "It is too good."

This is what a prominent architect said the other day of The Bee Building

"No architect today," he continued, "would dare reproduce the beautiful architectural lines nor make it so commodious for the tenants because the modern idea is to utilize every square foot of space and cut out every possible expense except for utility."

## THE BEE BUILDING

is the standard of office building excellence in Omaha.

There are nine offices from which you can select, as follows:

ROOM 613—Is another desirable court exposure space having all the advantages of the above described room, except it is a little larger and rents, at, per month ..... **\$17.00**

ROOM 523—Is located close to the elevator on the court and is very convenient for anyone to "just step in." There is a good sized vault in this room and a total of 266 square feet floor space. Rent per month ..... **\$18.00**

ROOM 413—Has 236 sq. ft. floor space and is a good office facing on the court. Inside rooms are comfortable in the Bee Building on account of the large and well lighted court. The rental, per month, is only ..... **\$17.00**

ROOM 522—Has been newly decorated and is now in first class shape. It is 12 1/2x22 in size and we will arrange to suit desirable tenant. Price, per month ..... **\$17.00**

ROOM 640—A very attractive space on the 6th floor, facing Seventeenth; having in connection a commodious vault which affords space for stationery, valuable papers, etc. This room rents at, per month ..... **\$18.00**

ROOM 302—The most desirable small office in the city of Omaha, located almost directly in front of the elevator on third floor. Has a south front, is 11-6x19-6, making the room convenient to partition into two offices. The rental, per month, ..... **\$25.00**

ROOM 320—Is a choice corner office having a north and west exposure, making this space attractive at any season of the year on account of good light and ventilation. We will arrange this space, 12x20, suitable for tenant, and there being a vault in the room it affords extra protection for valuables. Rental, per month ..... **\$40.00**

ROOM 416—Has a south and west exposure which makes a well lighted office 13 1/2x20 1/2 feet in size. We are only asking 75c a square foot for this space which is very cheap rent, considering location and all conveniences furnished by the Bee Building. Price, per month ..... **\$18.00**

ROOM 418—Adjoining above on the north. Rents, per mo. .... **\$12.00**
