

SAMSON IS FOR GOOD ROADS

Sets Aside a Night at Ak-Sar-Ben's Den for the Cause. VISITORS COMING IN FORCE Lincoln Will Entertain All Automobile Men Enroute to Omaha Next Monday - Parade Will Be Given.

If Samson has any influence, stock in good roads movements of all kinds and descriptions will soar way above par next Monday night, for the prime minister of his majesty, King Ak-Sar-Ben, has set that night at the den aside for a good roads night.

The Omaha Motor club and the Omaha Automobile club are asked to attend to the full of their large memberships, and every automobile man in Omaha is asked to come out and boost for better highways.

Big Delegations. From the outside, Minden and York hold out promises of big delegations. A meeting was held at Minden last week at which there were 300 good roaders, a large number of whom professed a desire to come to Omaha to see Samson's show on good roads night.

The Lincoln Commercial club has arranged to give lunch to such as may come through the capital city on their way to Omaha on that day and to add a goodly number to the procession when it leaves.

An automobile parade will be a special feature of the night. It is scheduled to start from the corner of Seventeenth and Douglas streets, near Samson's downtown headquarters at 7:30 o'clock.

Outfitted with Ak-Sar-Ben pennants the parade will wind about the city for awhile and finally end up at the den.

Samson urges in a special letter that every man in Omaha who owns a machine should get in line for the parade.

Journeyman Barbers Preparing to Fight

Declare that Agreement of Masters is a Ruse to Defeat Ordinance Now Pending.

The rank and file of the journeyman barbers are organizing to meet the efforts of a few master employers to defeat the Sunday ordinance, which will come up for action soon before the city council.

What was purported to have been a general protest against the ordinance which was up the other day is said by the journeymen to have been a misrepresentation by a few masters who oppose the ordinance.

The masters presented a petition to the council setting forth that the ordinance was not needed, and that they had agreed to close their places at noon on Sunday.

"Ninety-five per cent of the journeymen are in favor of suspending work entirely on Sundays," declares C. M. Felder, a representative of the American Federation of Labor, and special organizer sent here to work among the Omaha craftsmen.

All of these have but one purpose in view, and that is to secure the passage of the ordinance now pending. The alleged protest before the council the other day was nothing more than a ruse on the part of the masters to defeat the journeymen.

PETITIONS FOR RECALL OF WICHITA COMMISSIONERS

WICHITA, Kan., July 12.—Petitions asking the recall of Mayor J. H. Graham and Commissioners R. J. Campbell and E. M. Leach were placed in circulation today.

The petitions charge both inefficiency and willful neglect of duty. The movement grew largely out of an attempt on the part of the commission to run through appropriations to buy the Wichita water works plant and run it as a municipal plant.

BREWERY SET UP AS A MODEL

Prof. Crowley says that Hop Factories Set Good Example of Cleanliness.

"Milkmen, get thee to a brewery," Prof. E. G. Crowley, city gas commissioner, gave this pointed remark as his advice from a scientific standpoint.

He does not mean, of course, that the festive milkman should frequent the hop factories at the expense of his health, or that he should substitute beer for the innocuous water in his dairy cream.

FAKE CATTLEMAN SENTENCED

Man Who Gains Confidence of Chauteaur and Borrowed Money Gets Thirty Days.

"If you had not been so anxious to skin a sucker you would not have been skinned yourself," was the pointed remark of Judge Crawford in police court Thursday, when Jack W. Wolf of the Her Grand Taxi company had finished explaining how he had been "stung" for \$50 and all manner of free entertainment by W. R. Baird, an alleged cattleman from Wyoming.

Baird had been arrested a week ago on complaint of Wolf. When the men became acquainted Baird pictured out a hilarious time when his five carloads of cattle arrived at the stock yards. There were taxi rides galore and Wolf was so impressed with the stranger that he loaned him \$50.

Later Baird gave Wolf a check for \$100 which was no good.

As the check had not been given in payment of the \$50 loaned money there was no charge of passing worthless paper preferred against Baird. He was tried on the charge of vagrancy and sentenced to thirty days on the rocks.

Miss Barge Tells Summer School of Immigrants Near Omaha.

DR. CORKEY ON WORLD'S NEED Says Belief is the Essential Element in All Religious Work—Summary School is Now Well Under Way.

In speaking of missionary work among immigrants Miss Carrie Barge of Delaware, O., one of the mission study teachers at the missionary summer school being held at the University of Omaha, brought vividly home to the audience the fact of their responsibility.

"What do you know about the immigrants in your own city?" she asked. "Do you know that there are Japanese in South Omaha who have never heard the name of Jesus Christ?"

"The missions are not proselyting among the foreigners," said Miss Barge. "They are letting in the light. Social work leads to religious work, but the missions must provide churches for their souls."

Miss Isabelle Horton of Chicago gave a talk on "Problems of the City."

Gov. Aldrich Empties One Small Bottle—But It's Buttermilk

"No, thank you, I don't think I will," "Well, then, governor, will you take some buttermilk?" "All right, I'll try some, if it is no trouble to get it."

With that Dr. Foster, the dentist, forthwith raided Ak-Sar-Ben's larder for two small bottles and proceeded to divide with Governor Aldrich in the royal refectory, the other night.

"This is a prepared buttermilk called Fermilac, governor," ventured the doctor. "It's all right," replied the governor. "There is nothing more refreshing than buttermilk. It's the strongest drink I'm taking these days," as he drained the bottom of the bottle.

Charles Compton Leaps from Fourth Story Window of Jail and Makes Escape.

Many a man would be unable to enjoy the healthful exercise of golf if the telephone did not keep him in touch with his business.

A word over the wire saves him an hour's delay in leaving the office. There is another reason.

The busy man's day is made shorter by the Bell Service, which brings him in instant communication, not only with his fellow townsmen, but with correspondents in distant cities.

"It is too good."

This is what a prominent architect said the other day of The Bee Building

"No architect today," he continued, "would dare reproduce The Bee Building. He would not dare reproduce the beautiful architectural lines nor make it so commodious for the tenants because the modern idea is to utilize every square foot of space and cut out every possible expense except for utility."

THE BEE BUILDING

is the standard of office building excellence in Omaha. There are nine offices from which you can select, as follows:

- ROOM 613—Is another desirable court exposure space having all the advantages of the above described room, except it is a little larger and rents, at, per month, \$17.00. ROOM 623—Is located close to the elevator on the court and is very convenient for anyone to "just step in." There is a good sized vault in this room and a total of 266 square feet floor space. Rent per month, \$18.00. ROOM 418—Has 236 sq. ft. floor space and is a good office facing on the court. Inside rooms are comfortable in the Bee building on account of the large and well lighted court. The rental price, per month, is only \$17.00. ROOM 518—Has been newly decorated and is now in first class shape. It is 12 1/2 x 22 in size and we will arrange to suit desirable tenant. Price, per month, \$17.00. ROOM 640—A very attractive space on the 6th floor, facing Seventeenth; having in connection a commodious vault which affords space for stationery, valuable papers, etc. This room rents at, per month, \$18.00. ROOM 302—The most desirable small office in the city of Omaha, located almost directly in front of the elevator on third floor. Has a south front, is 11-5x19-6, making the room convenient to partition into two offices. The rental price, per month, \$25.00. ROOM 320—Is a choice corner office having a north and west exposure, making this space attractive at any season of the year on account of good light and ventilation. We will arrange this space, 19x20, suitable for tenant, and there being a vault in the room it affords extra protection for valuables. Rental, per month, \$40.00. ROOM 410—Has a south and west exposure which makes a well lighted office 13 1/2 x 20 1/2 feet in size. We are only asking 78c a square foot for this space which is very cheap rent, considering location and all conveniences furnished by the Bee Building. Price, per month, \$18.00. ROOM 418—Adjoining above on the north. Rents, per month, \$12.00.
