

GRAIN AND PRODUCE MARKET

Temperatures Are Favorable in the Spring Wheat Country. RUST NOT TAKEN SERIOUSLY

OMAHA, July 13, 1911. Temperatures continue favorable in the spring wheat country. Black rust reports are not being taken seriously so far, but so long as the crop is in a position to be damaged the market will be an unsettled, nervous affair.

The country continues to sell the new winter wheat freely and the movement is as heavy as to be a depressing feature independent of other conditions.

Conditions in the big corn raising states have improved. Drier and cooler weather. But what is needed badly is heavy and widespread rainfall.

NEW YORK STOCKS AND BONDS

Trading Falls Off to Almost Lowest Point of Year. TONE INCLINED TO BE FIRM

NEW YORK, July 13.—Trading in stocks fell off to almost the lowest point of the year today. Transactions for the entire session were only 15,000 shares.

Among the railroad stocks, Northwestern was strongest with a gain of a point. Interborough preferred represented a continuation of the recent speculative buying.

The bond market was steady. Total sales, par value, \$2,000,000. United States bonds were unchanged on the whole.

SEVEN MILLION DOLLAR CHICAGO RAILWAYS CO. FIRST MORTGAGE 5% BONDS

Application will be made to list the entire issue on the New York Stock Exchange.

For complete information regarding these bonds, we refer to a letter of Henry A. Blair, Chairman of the Board of Directors, copies of which may be had on request, which shows that:

The company operates without surface competition a comprehensive street railway system of 452.9 miles, measured as single track, serving a population estimated at more than 1,600,000.

Annual gross earnings have increased more than \$4,800,000 within the past three years and are now \$15,538,860.

As established by ordinance of the City of Chicago the official valuation of the Company's property will always be at least \$30,775,874.94 in excess of the First Mortgage Bonds.

There will be endorsed on each bond a certificate of the Comptroller of the City of Chicago identifying the bonds as being attached to a first lien property.

The Finance Committee, created under the term of the First Mortgage, consists of the following: Chauncey Keep, Vice-President and Director Illinois Trust and Savings Bank, and Trustee Marshall Field Estate; B. A. Eckhart, Director Continental and Commercial National Bank and Harris Trust and Savings Bank; Henry A. Blair, Vice-President and Director Illinois Trust and Savings Bank, and Director Commonwealth Edison Company.

Under the arrangement between the City and the Company as provided in the ordinance, the City is equally interested in increasing the net earnings of the property, thus the First Mortgage Bonds now offered are, in a certain way, quasi-municipal securities.

We recommend these bonds for investment and offer them strictly subject to sale and advance in price.
