TWO MORE FOR RAILWAY JOB

Earl O. Eager and G. E. Upton File for Commissionership.

WALRATH TALKS OF POPULISTS

Will Hold Off Year Convention at Lincoln as Sort of Warning to Democrats that the Party Still Lives.

(From a Staff Correspondent.) LINCOLN, July 14.—(Special).—The race for state railway commissioner to fill vacancy has been considerably swiftened through the filing today of Earl O. Eager of this city on the republican ticket and G. E. Upton of Union on the democratic ticket.

Walrath Talks for Pops.

E. A. Walrath of Osceola, secretary of the populist state central committee, was in the city for a short time today on business.

"The people's independent party means to maintain a separate and distinct organization. It will meet this year in Lincoln because this is a central location and because, with the exception of last year when it met at Grand Island and in 1904 when it was organized at Hastings, it has always met here.

"When we met in the same place as the democrats they have always drawn many of our delegates away," he said, "because they had big state speakers to address their convention whom our men wanted to hear. As a result we have suffered in attendance at our gatherings. This year we have matters of more or less importance to talk over and we know the delegates who come here to attend the convention will come for business.

nize that at the present time there are many progressive leaders in the republican party who are just as earnest and ardent and aggressive as those in the democratic party.

"Further, they realize that their beliefs are just as progressive in their tendencies as democratic beliefs. Subsequent lines and possible tugs may be discussed at the state convention, but I believe that the whole thing will be rather lightly touched upon at this time, owing to the fact that next year will be the big year."

Democrats in Caucus.

Democratic caucuses to a considerable number were held tonight preparatory to the county convention, which will meet in this city tomorrow afternoon. Delegates were chosen to attend the affair and selections for precinct committeemen were also made.

Ask for State Aid.

The county commissioners of Rock and Keya Paha counties have joined in asking the state to pay half the cost of a bridge over the Niobrara river at Carns, the estimated cost being from \$9,000 to \$11,000. The application is made to State Engineer Price of the State Board of Irrigation under the provisions of a law passed by the last legislature, providing for a levy of one-fifth of 1 mill to raise a state fund for lending aid in the building of bridges.

Health Board Reorganized.

The board of secretaries of the State Board of Health has reorganized for the coming year. Dr. E. A. Carr of Lincoln, after two years' service, has been re-elected as secretary, this place going to Dr. C. F. Fall of Beatrice.

The transfer of the secretary's office to Dr. Fall has not yet been made, pending the completion of certain unfinished business. Dr. Dodson is the new member of the board of secretaries, taking the place of Dr. A. L. Muirhead.

Catholic Foresters Appeal.

The Catholic order of Foresters has appealed to the supreme court from a judgment of the district court of Douglas county, which decreed that the order should pay \$1,000 to Jennie McKernan on an insurance policy on the life of her husband.

ment of the district court of Douglas county, which decreed that the order should pay \$1,000 to Jennie McKernan on an insurance policy on the life of her husband. The order alleged that McKernan had lost his membership by changing his occupation to that of a saloonkeeper.

NEW YORKER IN STATE STUDIES PRISON CONDITIONS

W. H. Wisner of Empire State Comes West to Ascertain What Methods Are Being Employed.

(From a Staff Correspondent.) LINCOLN, Neb., July 14.—(Special).—Representing a branch of the American Federation of Labor, W. H. Wisner, a New York man, is in the city for a few days for the purpose of studying convict labor and problems presented thereby.

The New York man contended that the ultimate solution of the problem is for the different states to have their penitentiary inmates take up the manufacture of supplies for the different offices of the civil subdivisions of the state, and not to teach convicts labor which will do them no good and in which they can obtain no employment when their terms are finished in prison.

In regard to good penitents about prison laws in different states which he has visited, Mr. Wisner said: "New Jersey has an exceptionally good law relating to convicts and that is that of the money earned by the inmates through their work for the state, 50 cents per day is given to whomsoever is dependent upon the prisoner. For instance if a married man gets in prison this allowance goes to the wife for the support of herself and family, while if it is a mother or aged parents they get the money. In many cases that amount is more than a family ever saw before from the labor of the men. That phase of the New Jersey statute is particularly strong and I predict that it will ultimately be adopted by many of the states which are casting about for a reform along the lines of those confined in their penal institutions.

Balloon Assistant Takes High Ride

Charlie Hicks Caught by Parachute Rope and Goes Two Thousand Feet in Air.

AURORA, Neb., July 14.—(Special).—Yesterday afternoon during a balloon ascension when the big bag was filled and ready to go and the order to let loose was given, one of the ropes caught Charlie Hicks, one of the balloon men, by the ankle and he started skyward hanging by his leg. By the time he was about 100 feet high he had managed to grasp the rope connecting the balloon and parachute and straightened himself up by clinging to the rope about twenty feet above the parachute.

The trapeze performer, Albert Bartlett, saw the situation the man was in and went up on the trapeze to assist in riding the balloon, which rose to a height of 2,000 feet, to earth again, which was successfully accomplished. The balloon came down near the Burlington depot. A carnival is being given in Aurora by the Leonard Amusement company and one of the attractions has been a balloon ascension each day.

Spark Fires Wheat Field. LYONS, Neb., July 14.—(Special).—Fifteen acres of wheat was burned up yesterday for H. A. Doecher, who lives south of town, it having caught fire from a Burlington engine. About half of the wheat

(From a Staff Correspondent.) LINCOLN, July 14.—(Special).—Preliminary steps were taken this afternoon to re-deem this congressional district from the democrats. A meeting was held here and attended by about forty well known county workers in the interest of Paul Clark, who

may make the race next year as a progressive republican on a progressive platform.
