

GRAIN AND PRODUCE MARKET

Conditions in Spring Wheat Belt Continue Favorable.

WINTER WHEAT MARKET IS BIG

It is Reported that There is a Great Part of the Corn Belt Without Rain, but Temperatures Are Not Alarming.

OMAHA, July 15, 1911. Conditions in the spring wheat belt continue favorable, although the trade is inclined to believe the recent lower temperatures may be a result of the late start of the crop.

There is a great part of the corn belt still without rains, although temperatures are not so alarming. The general strength in cash corn in all markets is the feature of higher prices, and as long as the weather remains in a healthy position.

Wheat shipments from the corn belt are not so heavy as they were some weeks ago. The following cash rates were reported:

WHEAT—No. 1 hard, 3 cars, 85c; No. 2 hard, 3 cars, 84c; No. 3 hard, 3 cars, 83c; No. 4 hard, 3 cars, 82c; No. 1 white, 3 cars, 85c; No. 2 white, 3 cars, 84c; No. 3 white, 3 cars, 83c; No. 4 white, 3 cars, 82c.

OMAHA CASH PRICES. WHEAT—No. 1 hard, 3 cars, 85c; No. 2 hard, 3 cars, 84c; No. 3 hard, 3 cars, 83c; No. 4 hard, 3 cars, 82c.

CORN—No. 1 white, 2 cars, 65c; No. 2 white, 2 cars, 64c; No. 3 white, 2 cars, 63c; No. 4 white, 2 cars, 62c.

BARLEY—No. 1 feed, 3 cars, 75c; No. 2 feed, 3 cars, 74c; No. 3 feed, 3 cars, 73c; No. 4 feed, 3 cars, 72c.

WHEAT CORN OATS. Chicago, 45; Duluth, 45; Omaha, 45; St. Paul, 45.

CHICAGO GRAIN AND PROVISIONS. Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, July 15.—A revival of the export trade brought new strength today into the market for wheat and provisions.

regarding the crop northwest gave help. In consequence, closing prices were 1/4 to 1/2 higher than last night's.

Free offerings of the new crop made the oat market heavy and low points touched by September were 4 1/2c and 4c, with last sales 4 1/2c, a decline of 1/2c under last night's.

A rally in provisions was attributed to shorts covering heavy meat and grain shipments from Chicago for the week were far short of a year ago.

Articles Open High Low Close Yesterday's. Wheat, 45; Corn, 65; Oats, 45.

Cash quotations were as follows: FLOUR—No. 1 white, 3 cars, 85c; No. 2 white, 3 cars, 84c; No. 3 white, 3 cars, 83c; No. 4 white, 3 cars, 82c.

OMAHA LIVE STOCK MARKET

Receipts of Cattle Are Light and Values Are Nominally Steady.

HOGS ABOUT ON EVEN KEEL

Bulk of Supply Changes Hands on a Steady Basis—Sheep and Lambs Show No Particular Change in Prices.

OMAHA, July 15, 1911. Receipts of live stock were light and values were nominally steady.

Receipts of cattle were 1,200 head, including 500 head of yearlings and 700 head of calves.

Receipts of hogs were 1,500 head, including 1,000 head of yearlings and 500 head of pigs.

Receipts of sheep and lambs were 2,000 head, including 1,500 head of yearlings and 500 head of lambs.

Receipts of calves were 1,000 head, including 800 head of yearlings and 200 head of calves.

Receipts of horses were 500 head, including 400 head of yearlings and 100 head of horses.

Receipts of mules and pack animals were 100 head, including 80 head of yearlings and 20 head of mules.

Receipts of ponies were 50 head, including 40 head of yearlings and 10 head of ponies.

Receipts of dogs were 100 head, including 80 head of yearlings and 20 head of dogs.

Receipts of cats were 50 head, including 40 head of yearlings and 10 head of cats.

Receipts of birds were 1,000 head, including 800 head of yearlings and 200 head of birds.

Receipts of insects were 500 head, including 400 head of yearlings and 100 head of insects.

Receipts of plants were 100 head, including 80 head of yearlings and 20 head of plants.

Receipts of minerals were 50 head, including 40 head of yearlings and 10 head of minerals.

Receipts of metals were 100 head, including 80 head of yearlings and 20 head of metals.

Receipts of fuels were 50 head, including 40 head of yearlings and 10 head of fuels.

Receipts of chemicals were 100 head, including 80 head of yearlings and 20 head of chemicals.

Receipts of electricals were 50 head, including 40 head of yearlings and 10 head of electricals.

Receipts of mechanicals were 100 head, including 80 head of yearlings and 20 head of mechanicals.

Receipts of opticals were 50 head, including 40 head of yearlings and 10 head of opticals.

Receipts of musicals were 100 head, including 80 head of yearlings and 20 head of musicals.

Receipts of theatricals were 50 head, including 40 head of yearlings and 10 head of theatricals.

Receipts of literarys were 100 head, including 80 head of yearlings and 20 head of literarys.

Receipts of scientifics were 50 head, including 40 head of yearlings and 10 head of scientifics.

Receipts of historicals were 100 head, including 80 head of yearlings and 20 head of historicals.

Receipts of geographicals were 50 head, including 40 head of yearlings and 10 head of geographicals.

Receipts of biologicals were 100 head, including 80 head of yearlings and 20 head of biologicals.

Receipts of astronomicals were 50 head, including 40 head of yearlings and 10 head of astronomicals.

Receipts of meteorologicals were 100 head, including 80 head of yearlings and 20 head of meteorologicals.

Receipts of zoologicals were 50 head, including 40 head of yearlings and 10 head of zoologicals.

Receipts of botanicals were 100 head, including 80 head of yearlings and 20 head of botanicals.

Receipts of geologicals were 50 head, including 40 head of yearlings and 10 head of geologicals.

Council Bluffs

Water Board Lets Contract

Large Amount of Metal for South Main Street Line.

Plans Perfect for Construction of Subsidiary Reservoir at Thirty-Seventh Street Station—Repair in Pipe Today.

The contract was let Saturday for the pipe and valves and hydrants to be used in the new South Main street water main, twelve inches in diameter and one mile long.

The contract was given to the United States Cast Iron Pipe and Foundry company of Chicago. The entire delivery is to be completed within forty days.

The placing of the order by the Board of Water Commissioners demonstrated the fact that the iron pipe business is in the hands of a trust.

Blue prints and copies of the specifications were sent to fourteen different factories, foundries and jobbers, together with all required information for intelligent bidding.

The bids were received yesterday. Not a single inquiry was made by a contractor before the time set for the opening.

Council Bluffs

Will Attend the Memorial

Minor Mention

Council Bluffs seems to be at Omaha this evening. Meeting of the Order This Evening.

A large number of Council Bluffs Jewish citizens will go to Omaha this evening to attend the Hebrew Boy Scouts' Memorial service.

The service will be held at the Hebrew synagogue at 18th and Broadway streets. It will be the annual memorial service commemorating the life of Dr. Theodore Herzl, leader of the Zionist movement, who died seven years ago.

Council Bluffs people will take prominent parts in the service. The general of the address, Jacob Krasnik, will give a short address; Samuel Chernak, captain of the scouts, will give the drill manual in both English and Hebrew.

Reva Gilman, one of the brightest little girls in Council Bluffs, who has shown remarkable histrionic talent, will recite the 17th Psalm in both English and Hebrew.

Emeline will sing "The Jewish Harp." Fifteen of the girl scout nurses, wearing white and blue caps and bearing the Jewish six-pointed star over the heart, will give some graceful evolutions, each carrying a siltken Jewish flag of white and blue, entwined with the American flag.

They will be directed by the patrol leader, Maurice Gilman. Miss Jennie Gilman will give a brief lecture, detailing the history of the Zion movement that seeks to again make the Jewish race a nation among the nations of the earth and will tell the relation of the Hebrew Boy Scouts to the movement.

The whole program has been arranged by Prof. S. lone bid came in, very carefully prepared, covering every detail involved. It was from the Chicago concern. It was quite incident that the contractor had bid for the purpose of securing other bids would be fruitless.

An examination of the market showed that the current prices quoted were above rather than below the figures named in the bid. This added to the necessity for the contractor to bid the pipe to be laid this season prompted the acceptance of the bid. It was evident, however, that all manufacturers from whom bids were asked had a clear understanding with every other one.

Large Amount of Material. The fittings, gates, valves, etc., comprise eleven and one-half tons. There are 200 feet of three-quarter inch fire hydrants, fourteen with twenty-inch feed pipes fitted for steamer use. The iron pipe includes 5,300 feet, just an even mile, of twelve-inch pipe, 3,442 feet of eight-inch pipe and 823 feet of six-inch pipe.

The total cost of the cast iron, steel, valves, gates and valves, 11,875. The special fittings cost \$75 and the lead pipe \$50. It will be noted that the order comprises nearly two miles of six and eight-inch pipe, which will be used for extensions in the past for the city. The only other material to be bought for all of these extensions is the pig lead to be used in calking the joints, which will be obtained from the Omaha smelter.

The prices for all of the material are very satisfactory. The price for three-quarter inch fire hydrants, second hand, is \$1.50. The price for 100-foot iron pipe for fire hydrants, second hand, is \$1.50. The price for 100-foot iron pipe for fire hydrants, second hand, is \$1.50.

The prices for all of the material are very satisfactory. The price for three-quarter inch fire hydrants, second hand, is \$1.50. The price for 100-foot iron pipe for fire hydrants, second hand, is \$1.50. The price for 100-foot iron pipe for fire hydrants, second hand, is \$1.50.
