BISHOP THEN TAKES UP WORK

New Head of Lincoln Diocese Given Great Reception on Arrival.

PRIESTS AND LAITY GREET HIM

Governorship Freely Discussed, Bryan Being in Mood to Back Frank W. Brown of Lancaster for the Nomination.

(From a Staff Correspondent.)

LINCOLN, July 19.—(Special.)—Rev. Henry Thien, bishop appointed to the head of the Lincoln diocese, arrived in the city from Wichita, Kan., today shortly before 11 o'clock to assume his new duties. A reception of more than ordinary enthusiasm was given the new bishop. He was met at the depot by more than 100 priests of his diocese and nearly 1,000 Catholics and Protestants, including a number of prominent members of his own church here in the state. He was accompanied here by fourteen priests from Kansas and a score of representatives of the laity of Wichita.

When he stepped off the train he was presented with a new automobile, the gift of the priests of his diocese. In this he rode in the Lincoln diocese, escorted him to St. Theresa's pro-cathedral, where the installation services were held.

Following the services a banquet for the visiting priests from both this state and Kansas was held at Walsh hall. Father Murphy of Sutton was toastmaster, those on the host including several of the priests of the new bishop's diocese.

Bishop Thien was born on a farm in Indiana July 14, 1861. When he was 4 years old he moved with his parents to Jefferson, Mo., and remained in that city until 1870, when he began his college life in St. Benedict's college at Atchison, Kan. A few years later he went to Milwaukee, Wis., to pursue his philosophical and theological studies in St. Francis' seminary.

Ordained in St. Louis. On April 18, 1888, he was ordained to the priesthood by Archbishop Kenrick for the archdiocese of St. Louis.

His first appointment was as assistant priest of St. John's church at St. Louis. Father J. J. Hennessy, now bishop of the Wichita diocese, was then pastor. Here they labored together for three years. At that time Father Hennessy was appointed bishop of Wichita. He asked his assistance to accompany him to the Kansas town. In several of his times he has been intimately connected with the growth and development of the diocese. Ten years after his arrival there he received the appointment as chancellor of the diocese, April 22, 1905. He was made a papal chamberlain, and July 1, 1910, he was appointed domestic prelate.

In 1906 Monsignor Thien went to the Catholic university of Washington, where he took special courses.

Noted Pulpit Orator. Monsignor Thien has long been noted as an eloquent pulpit orator and platform speaker. He is in demand on all ordinary occasions, such as the dedication of churches, labor day meetings, etc., and under the auspices of a Yocum bureau he toured a large part of the United States, speaking on social, economic and patriotic subjects. Part of the territory thus covered will now be subject to his episcopal jurisdiction. All the proceeds except actual expenses received from his lectures were donated by Monsignor Thien to aid in the construction of St. Theresa's new cathedral. Today he is a poor man.

A public reception was tendered Bishop Thien at 5 o'clock this evening at the auditorium. John Sutton was chairman. Brief addresses of welcome were given by Governor Aldrich, Mayor Armstrong, Father Thomas Cullen of York, T. J. Doyle and Prof. Clemens Movius. Bishop Thien made the principal address.

Bryan's Hand in Governorship. Democrats are losing no time laying plans for next year's election in Nebraska. Already the gubernatorial contest has assumed a three-cornered shape and those men are mentioned as leaders in the race: Senator John H. Morehead of Falls City, who by virtue of his position as lieutenant-governor is the death of Judge Howell; State Senator A. Ollis of Ord and ex-Mayor Frank W. Brown of Lincoln.

Morehead makes no effort to conceal his candidacy. He, it is rumored, will make a strong bid for the "organization" backing. Ollis will be the county option candidate and, owing to his course in the last legislature, will be opposed by corporations led by the Union Stock Yards company. Frank Brown—and this is the most interesting feature of the story—will be projected, if projected at all, by Mr. Bryan. A keen political seer of years' experience in Nebraska says as Brown: "Brown is not as yet in the race, in the sense that both the other men are, but the Bryan men are feeling around to see what his chances would be with the hope of projecting him. Now, it would seem that, under ordinary circumstances, Mr. Bryan and his friends might find Senator

The bank is the largest in Polk county, with resources of over \$400,000.

Woman's Happiness. The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. Ollis to their liking, since the senator is a 'dry' and a very outspoken and aggressive one, but Bryan is not deeply impressed with Ollis' vote-getting powers. It also seems, from one point of view, especially strange that Bryan should incline toward a man of Brown's type, an out-and-out 'wet'. But there are reasons to believe that Mr. Bryan will find it possible to choke his anti-liquor predilections in the coming campaign when they run counter of other plans.

It may not be generally known, but it is fact that the Brown and Bryan have always been close friends, personally and politically. It was Brown, largely, who got Bryan to locate in Lincoln and it was Bryan, among others, who brought Brown out for mayor of Lincoln. It was also Bryan who induced that sent Brown to a national convention.

Primary Law Very Strict. Though democrats of this county have no opposition in their county offices this fall and numbers of the party have been planning to desert their own party ranks in order to help friends outside the party, it is probable that copies of the new primary law which are now being distributed in this county will put an effectual and sudden end to that determination.

The new primary law passed by a legislature which was still smarting under the sting of a defeat made possible and certain through the nomination of James Dahlgren, sets the entrance into another party under its provisions shall be unusually difficult. Those who have not registered their party affiliations in places where registration is by law required will be compelled on primary day to fill out a blank in which they state their party affiliation.

Where registration is not required the judges and clerks of election are required to ask prospective voters with what party they affiliate before they are given a lot and allowed to proceed to cast their votes.

The Schools and Religion. Resolutions which were adopted by the Evangelical Lutheran synod, which recently held its sessions at Duluth, Minn., have been sent to State Superintendent Crabtree, urging that educational institutions supported by the state should not in any way counteract the influence of the Christian home and the church as far as religious instruction is concerned, and above all things should not disseminate doctrine subversive to the Christian religion.

In reply Superintendent Crabtree has written to the synod as follows: "I will determine the attitude of those in charge of the certification of teachers and those who are supervising our schools are in harmony with the resolutions submitted to me in your communication."

URICISOL THE CONQUEROR OF RHEUMATISM

If you have tried every other known remedy for rheumatism do not despair. You still have Uricisol, the practical certainty of CURA, and the absolute certainty of material and lasting benefit to fall back on. Uricisol is not a cure-all, its special field is rheumatic diseases and it cures them by removing the cause.

Everybody nowadays knows that rheumatism is caused by an excess of Uric Acid in the blood. Local applications may relieve, but they cannot possibly get at the seat of the disease. Uricisol is just what its name implies, a solvent and eliminator of Uric Acid.

Remove the cause and the disease is gone. Uricisol not only cures the common forms of rheumatism, but it does what no other remedy has before accomplished: IT DISSOLVES AND ELIMINATES DEPOSITS IN THE JOINTS, WHERE THEY HAVE BEEN ACCUMULATING FOR YEARS.

Records are in our possession of not one but many cases where the joints of the fingers were so thickened as to be practically useless; where the hip or the knee joints were so filled with the deposits as to render the victim wholly unable to walk; yet the patients were completely restored to health and activity by the systematic use of Uricisol.

In this way Uricisol has been a genuine RENEVER OF YOUTH! We can truthfully claim the remarkable record of 99 per cent. of cures where a proper opportunity is given our remedy to accomplish the result. We will gladly supply testimonials. Write for folder.

If your druggist does not have it, send one dollar to The California Chemical Co., 325 New High St., Los Angeles, Calif., and we will send you a bottle prepaid.
