

MANY IDENTIFY
THIEF AS TEMPLE

Sheriff Sam Berry of Atlantic... it is Temple's Body, Says Larkin.
RELATIVES SAY MAN AT EXTRA, IA.
Queer Mixup Over the Identity of the Dead Robber.
PROMINENT FAMILY INVOLVED
Telegrams from "Ralph MacLean" Say Story is Not True.
GANG OF THIEVES BROKEN UP
Police Believe Organization of Crooks Infesting Two Cities Will Be Uncovered by Councilman's Bulletin.

About 8 o'clock last evening some person telephoning from Extra, Ia., said he was the father of Jack Temple, and that his son was now in the hands of the police as was reported by Sheriff Sam Berry of Atlantic.

Sam Berry, sheriff of Cass county, Iowa, living at Atlantic, came to South Omaha Sunday and positively identified the body of the man who was killed in robbing Frank's saloon Saturday morning, as that of Jack Temple of Atlantic, according to Deputy Coroner Larkin of Douglas county.

The body of the dead robber was viewed by thousands Sunday and several assured the coroner that the identification was right. Relatives of Temple at Atlantic had not come to South Omaha to view the body, before 8 o'clock last evening.

After summing up the various stories told by relatives and by those who have viewed the body, the police believe that the man has been accurately identified; that an attempt has been made to suppress the burglar's identity, and, above all, that in the killing a dangerous and vicious gang of South Omaha thieves has been crippled.

Rayles Identifies Body.
By George M. Taylor, 306 Platner street, Council Bluffs, who said that he was an old schoolmate of the dead man. He told the police that Temple had a brother-in-law, Frank Barnhardt, and also a sister, Miss Anna O. Temple, a high school principal, both of Atlantic.

The South Omaha police were willing to take the identification as final until shortly after 9 o'clock Saturday when telegrams were received here from Atlantic saying that "the identification of the dead robber was wrong." The telegram was signed by Ralph MacLean.

The question then arose as to the identity of MacLean, and when Sheriff Sam Berry, telegraph operators and other residents of Atlantic said they had never heard of such a man, suspicion was aroused that MacLean, whoever he might be, was seeking to cover up the identity of the dead man. Otto Lorenzen, the railroad telegraph operator at Atlantic, who took the message, said he had never seen the man before.

Sheriff Sam Berry had been previously given a description of the dead man and he made a statement that he thought the body was that of Jack Temple, whom he said, had a bad reputation. Sheriff Berry will be in South Omaha today to view the body to clear up the uncertainty.

Barnhardt Denies Story.
Frank Barnhardt, brother-in-law of Jack Temple, a resident of Atlantic, said to The Bee over the telephone Saturday night he knew all about the case.

"I was informed of the matter through a Council Bluffs man," said he, "and immediately I telephoned to my father in law in Extra, Ia. I asked for Jack, and I got the reply that he was uptown, so I knew that the dead robber is not my brother-in-law."

"Do you know Ralph MacLean?" Barnhardt was asked.
"Yes, he's my brother-in-law. He lives in Carroll and has been visiting with me for about a week. He is a mail carrier."

"Then you are sure that Temple is in Extra?"
The reply was that he (Barnhardt) was going to call up in the morning and find out to a certainty. He then admitted it was MacLean who had done the calling earlier in the day.

Gang of Thieves Broken Up.
The South Omaha police have gone into the case with more vigor than ever since the discrepancies arose, and they intend to secure a thorough and positive identification. Whoever the dead man may be they feel sure that they have broken up a bad gang of thieves who have not only plundered South Omaha but Omaha proper, as well as other towns in this section of the country.

The theory that a gang of thieves existed in South Omaha is further substantiated in the fact that a man and woman who refused to give their names, viewed the body and declared that it was not that of Jack Temple. Other such contradictions were also made about the time or after the Ralph MacLean telegram arrived.

Of Temple's two pals the police have not yet discovered the whereabouts.

TEMPORARY CHAIRMAN OF THE
REPUBLICAN STATE CONVENTION.

ALBERT W. JEFFERS.

Falls from Train
Going at Rate of
Sixty Miles Hour

Charles Sullivan of Monroe, Mo., Who Was Riding Brake Rods, Badly Cut Up Near Benkelman.
BENKLEMAN, Neb., July 23.—(Special.)—Charles Sullivan, aged 33 years of Monroe, Mo., fell from under passenger train No. 4 Thursday night, one mile west of Parka, this county, sustaining severe bruises about his head and body, but suffering no serious injury, although he will carry scars of the accident for the remainder of his life. It was necessary for the surgeon to stitch about forty-five cuts. Sullivan is a college student who had been on a vacation to Denver, where he had run out of money, and being too proud to write to his family in Missouri for funds, concluded to beat his way riding the rods under one of the coaches of the fast passenger. When nearing Parka, and while the train was running sixty miles an hour, he lost his hold on his perilous position and fell out from the train, being hurled with frightful force along the right-of-way embankment. He was unconscious for possibly two hours, and upon regaining his senses he managed to struggle to the home of a farmer living a few rods from where he had fallen, where he was given attention, and a physician was summoned who gave him relief. No bones were broken. A friend from Monroe arrived at Parka Saturday and accompanied the injured "durant" to his home in Missouri, where his relatives are said to be well to do.

Syrian Kills Man on
Crowded Street Car

Command to Wait Till Stop is Made Causes Mallak to Open Fire on Crowd.
NORTH ADAMS, July 23.—Infuriated at the command of the motorman to remain in his seat until the car stopped, Fadjo Mallak, a Syrian, 21 years old, drew an automatic pistol and fired ten shots into a crowded electric car on the Chesire street railway today, instantly killing the motorman, George E. Hoyt of Pittsfield, and Miss Martha Ester, 21 years old, of Adams, and wounding two women, probably fatally.

As he fired the last shot Mallak was seized by J. J. Mooney of Pittsfield, who took away the pistol. Drawing a knife, the Syrian jumped from the running board under an embankment where he was captured by other passengers.

There were about sixty persons on the car when Mallak, who sat directly behind the motorman, signalled the conductor to get off. He stood on the running board as the car slowed up and Motorman Hoyt was heard to caution him about getting off when the car was in motion and telling him to get back to his seat.

Just as the car stopped Mallak pulled out his pistol and began firing. He aimed the first bullet at the back of the motorman and then turned on the women passengers in the seats behind him and fired point blank until his revolver was empty.

Petition for Divorce
and Suit for Damages

Thomas H. Miles of Custer County Files Suits Against His Wife and William Leonard.
BROKEN BOW, Neb., July 23.—(Special.)—Thomas H. Miles, a stone mason, who is homesteading near Anasimo, has filed a petition for divorce from his wife and a suit for damages, asking \$5,000 from William Leonard, a neighbor, whom he charges with alienating his wife's affections. The petition and complaint contain many sensational allegations.
Mr. and Mrs. Miles were married in Kalamazoo, Mich., seven years ago, and have one son, 5 years old. Mrs. Miles left her husband last month and is said to be in Kalamazoo.
It is understood that Mr. Leonard will fight the suit.

BIG MEN HELD FOR
RAID ON RANCHER

Nine Colorado Citizens Accused of Wanton Destruction of Property of J. H. Scott.
PROMINENT STERLING RESIDENTS
Some Arrested by Federal Marshal Are Worth Half Million.
STORY RIVALS KU KLUX KLAN
Possession of Coveted Water Hole Cause of Trouble.
SPECIAL AGENTS MAKE INQUIRY
Conspiracy Alleged to Drive Scott from Homestead, According to Which Violence Was Used During Raid.

DENVER, Colo., July 23.—(Special Telegram.)—Charged with acts of oppression, intimidation, wanton destruction of property and with deeds of daring surpassing the raids of the Ku Klux Klan or the night riders of the southern mountains, nine citizens of Colorado, some worth at least \$500,000 in property, other reckless ranch hands, were arrested yesterday by Deputy United States Marshal G. Jeffers. They will all be taken before the United States commissioner at Sterling and a bond of \$10,000 demanded of the men accused of being the leaders and \$5,000 for the others.

These are the apprehensions acting United States District Attorney Hartwell has sworn out warrants before United States Commissioner Hinesdale on complaint of D. M. McEniry, chief of the field division of the federal land office, the warrants being placed in the hands of the government officials:
Eugene Buchanan, Sterling, bank director, rich cattleman, irrigation promoter and alleged leader of the gang of raiders.
Irving Monette, Peetz, rich cattleman.
Gilbert Schwartzlander, Peetz; stepson of Monette, working on the latter's ranch.
August and John Sindt, brothers, Peetz; living on a homestead.
Ole Simonson, Peetz, homesteader.
Buford Dallas, Winston; cowboy and ranch hand.
Frank Milton, Peetz; cowboy and ranch hand.
J. H. VanPelt, Winston; ranch hand.

Conspiracy Charged.
The warrants in the hands of the federal officers, after naming the nine defendants, charge that they "did unlawfully conspire to injure, threaten and intimidate one, J. H. Scott, working on the latter's ranch, United States, and of the state of Colorado, in the free exercise and management of his rights and privileges secured to him by the constitution and laws of the United States."

The complaints were also sworn to by J. E. Cummings and W. M. Gilchrist, special agents under M. D. McEniry, who made investigation of the charges.
The defendants are charged with appearing at daybreak at the homestead of J. H. Scott, twenty miles from Sterling, near the Nebraska line, a civil war veteran and dealer in nursery supplies, armed with Winchester and shotgun, revolvers dangling in their belts and a dozen large wagons, and destroying every vestige of property on the place. Houses, barns, fences, trees and growing crops were leveled and carted off the place and divided as spoils among the raiders, answering to the charges.

The damage done is claimed by the government to be at least \$5,000 to say nothing of the invasion of personal and property rights of the citizen.
Object to Enter Scott's Awar.
The complaints charges that the chief object of the raiders was to drive the Scotts off the homestead, now considered to be one of the best in the vicinity, and valued at \$200 an acre, because it inclosed a "watering hole" used by the cattle of Buchanan, Monette and the other ranchers of the neighborhood for more than a quarter of a century and runs into the richest range in the entire state.

When Scott refused to sell or move off, the conspiracy to wreck his place and drive him out of the country was formed, charges the government complaint. In addition to the serious charges against the raiders, the government will probably take steps to prosecute the law officers of Logan county, where the alleged offenses were committed, for either refusing or failing to take cognizance of the crimes against a citizen.

SOUTH DAKOTA GETS FINE
WETTING, WIDE IN EXTENT

Steady Soaking Rain Falls in Neighborhood of Mitchell, Extending to Chamberlain.
MITCHELL, S. D., July 23.—(Special Telegram.)—A steady soaking rain fell in this section of the state this afternoon and continued this evening. The rain extended as far west as Chamberlain, where an inch and a half of water fell, growing lighter as it came east.

A heavy rain is reported fifty miles north covering nearly every portion of the country. North and east of Woonsocket two inches of rain is reported. Corn, which has been injured slightly by the warm weather, will be greatly benefited as it is now the critical period and the moisture will contribute much to the larger crop. The rain in this section tonight effaces an all night precipitation.

"He Says He's Feelin' Pretty Good This Year"

INTEREST IN LINCOLN MEETING

Nebraska Platform Will Be One of First Expressions of Republicans.
GOVERNOR'S POSITION IN CONTEST
Possible Executive May Endeavor to Influence Delegates to Endorse, Following Own Views on Presidential Preference.
(By Associated Press.)
LINCOLN, Neb., July 23.—The indications now are that the republican state convention, which will meet here next Tuesday, will not prove the featureless, out and dried affair that has been looked for. There are no nominations to be made and the election to follow his little political interest, only judicial officers being filled out. The question of Mr. Taft's candidacy for re-election and that of Canadian reciprocity with which it is coupled, which already have been brought to pointed discussion by the acts of certain leaders of the various factions of the party in the state, can hardly be kept out of the convention.

That Taft has many friends in the state is unquestioned, but when an officer of the Progressive Republican League of Nebraska, an organization whose members do not all claim to be "insurgents," was recently quoted as promising the state to the president in the next national convention, the storm of protest which followed developed the fact that other candidates have considerable friends in the state.

Governor Aldrich's Part.
Governor Aldrich, who will have much to do with shaping the course of the convention, and the campaign to follow, is an avowed partisan of Senator La Follette, as are several other state officials and members of the congressional delegation.
Added interest is given to the convention by the fact that Nebraska will be one of the first states in the union formally to take a position on the question of a presidential candidate for 1912, through the state-wide primaries next April, at which presidential preference will be indicated by the voters at the polls.

The question of control of the liquor question, which was prominent in the last state conventions of both the republican and democratic parties, is not likely to come up at this time, as the legislature at last winter's session adopted a constitutional amendment providing for the initiative and referendum, which will go before the people at the next election, and upon which the advocates of the various interests are depending to carry out their ideas.

A. W. Jeffers, an Omaha attorney, and Mr. Clark are the temporary chairman of the convention. He is known as a "regular," but is not radical in his views and is acceptable to all factions.
PAUL CLARK SAYS WILL RUN
Candidate for Congress in First District Makes Statement.
(From a Staff Correspondent.)
LINCOLN, July 23.—(Special.)—Petitions asking Paul F. Clark to consent to run for the republican nomination for congress from this district next year have been circulated in this city for the last week and have been presented to him. He will enter the congressional race.

Mrs. Ortie McManigal
Is Taken to Hospital

LOS ANGELES, Cal., July 23.—Collapsing under the strain to which she has been subjected since her arrival here a month ago, Mrs. Ortie McManigal, wife of the alleged informer in the McNamara dynamite case, was taken to a hospital today. She is a victim of nervous prostration, according to her physician, Dr. W. M. Lewis, and friends assert that she may emerge from the hospital a permanent sufferer from paralysis of the lower limbs.
Mrs. McManigal first began showing signs of strain after an unexpected interview with her husband in an ante-room of the grand jury chamber last week, when she was summoned into court to answer the first contempt citation issued at the request of the prosecutor, Mrs. McManigal faints, and according to her friends and attorneys, has been in bed ever since.
John J. McNamara, the accused head of the alleged dynamite conspiracy issued the following statement today:
"I am feeling fine and am ready for the fray."

Mother Awaits Dead Daughter
When the Girl Enters House

Hazel Karberg was delivered to her mother safe and sound Saturday morning after all preparations had been made for her funeral and her aunts and uncles had been sent for. Hazel is the 11-year-old daughter of Mrs. Amanda Karberg of 224 South Twentieth street and was sent by her mother a short time ago to spend a vacation with her aunt in Dillon, Mont.
Mrs. S. P. Bell, Saturday a telegram arrived, supposedly from Mrs. Bell, stating that Hazel had died Friday morning. Mrs. Karberg immediately notified H. P. Brass, an undertaker, asking him to make all arrangements for the funeral. The undertaker wired to Mrs. Bell asking her to send the body to South Omaha and wired the information of the child's death to another aunt, Mrs. E. B. Leonard, and to other relatives.
In the meantime Saturday morning Hazel arrived at the Union station entirely unaware that she was unexpected and was taken in charge by the station matron as no one came to meet her. Later she was taken to her mother, who was heart-broken and waiting in grief for the arrival of her child's body. No one knows the origin of the telegram.

WYATT EARP GOES TO JAIL

LOS ANGELES, Cal., July 23.—Wyatt Earp, Arizona marshal and gun fighter of early days, who in 1886, as a prize fighter, defeated Bob Fitzsimmons for a doubtful foul and awarded the decision to Tom Sharkey, was remanded to prison today for failure to produce a \$500 bond for his arraignment on a "get rich quick" charge.
Earp and two companions, Walter Scott and E. Dunne, who also are to jail, will plead next Tuesday. J. Y. Peterson, a real estate broker, told detectives that Earp

Case Diagnosed as
Cholera by Doctors;
New York Shocked

Fumigating Squad Follows Trail of Spanish Sailor in Attempt to Avoid Danger of Infection.
NEW YORK, July 23.—Medical experts from the Board of Health swept aside yesterday the doubts and waning hopes of Bellevue hospital doctors by diagnosing as Asiatic cholera the case of Manuel Bermudez, the Spanish sailor, whom the big hospital has sheltered for two days. The verdict was hardly given before a closed ambulance, bearing Bermudez, rumbled away to a nearby pier, and placed the victim aboard a waiting vessel which steamed down the harbor for quarantine.
Manhattan's first case of the plague by infection came as a shock to the municipal authorities, who lost no time in attempting to purge the city of any germs that may be left behind. In the trail of the sailor—two days old—there traveled this afternoon a fumigating squad to the boarding house where the malady attacked him. For five hours they turned their batteries upon the structure, which, they said, was left without a living germ of the disease.
At Bellevue hospital no less heroic measures were adopted.
From the boarding house health inspectors followed Bermudez back track along the water front to rendezvous of foreign sailors, haunts of longshoremen where seafaring men spend their shore leave. Health inspectors are watching the entire quarter for further possible outbreaks. From New York, so far as they can learn, Bermudez back trail leads to Boston, where he is said to have been on July 2.
Dr. Alva H. Doty, health officer of the port, had not officially passed upon the case at a late hour tonight. He expressed the opinion, however, that if Bermudez had the true Asiatic cholera he probably contracted it from a cholera carrier, probably a sailor encountered at his boarding house. In that event, that carrier is still at large.
Swineboro Island hospital, which shelters Bermudez tonight, lost another sufferer from the cholera today, a 17-year-old boy who was a steamer passenger on the steamer Moltke. Except for his death, the situation at quarantine was devoid of further developments.

HEAVY DAMAGES BY FLOODS

Beatrice is Isolated from the Outside World by the Storm.
MILES OF TRACK WASHED OUT
Many Farmers Lose Stock and Corn Fields Are Ruined—Big Damage Also at Dewitt and Wilbur.
BEATRICE, Neb., July 23.—(Special Telegram.)—Beatrice was isolated today from the outside world because of the worst flood in its history. The government rain gauge at this point recorded eight inches of rainfall.
The river this morning rose three feet an hour and by daybreak West Beatrice and the railroad yards were submerged. The residence and business section of the city suffered heavily from the raging torrent and many residents in the lowlands had difficulty in escaping from their homes to places of safety. Women and children were rescued from top of box cars, and boys were pressed into service to carry "blue water" work. As far as can be learned no lives were lost.
The railroads were hard hit by the flood. The Burlington bridge over Bear creek was taken out and nearly all of the tracks in the Burlington, Rock Island and Union Pacific yards were washed out. A distance of twelve miles, most of the track is gone. No trains are running in or out of Beatrice, and it will be some days before trains can be operated.
From all localities in this section come reports of heavy property loss along the Blue valley.
Henry Brandt, a farmer living southeast of Beatrice, lost eighty head of cattle and calves and all his corn crop. Many horses, hogs and a large amount of poultry along the creek and river bottoms were swept away by the raging torrent.
Beatrice, is submerged, and six feet of water is running through the depot. The Beatrice electric light plant is shut down and the waterworks plant is threatened. The damage in this city is heavy. A large amount of brick pavement was washed away and basements and cellars filled with water. The Dempster Mill Manufacturing plant was damaged to the extent of \$40,000. Telephone and telegraph are prostrated.
Twelve miles northwest of Beatrice, reports a rainfall of ten inches and Wilbur, six inches. The property loss in the Blue valley will run up into thousands of dollars.
Two Miles of Track Out.
TECUMSEH, Neb., July 23.—(Special Telegram.)—The drought of nearly two months' duration was broken in Johnson county during last night by a rainfall which verred on a waterpout. At Tecumseh four inches of rain fell in four hours. During the same time over six inches fell at Crab Orchard, five and one-half inches at Elk Creek and two inches at Cook.
The Nebraska river and Yanke creek flooded the bottoms today, reaching a point about as high as the water ever gets. Near Crab Orchard two miles of track on the Nebraska City-Holdrege line of the Burlington is washed out.
The main line from Kansas City to Lincoln is all right, though water is said to have run over the track near Adams. A great deal of corn is inundated on the bottom lands and there will be damage to bridges, culverts and roads, to say nothing of the washing of upland fields.

RECIPROCITY BILL
MARKS NEW EPOCH

President Taft Issues Statement at Beverly Concerning Passage of the Measure.
HOPES CANADA WILL AGREE
Executive Confident Dominion Parliament Favors Act.
PRAISE FOR THOSE WHO AIDED
Cordial Words to All Who Took Part in Passage.
ACKNOWLEDGES DEMOCRATS' AID
Belief of President that Carrying Out of Provisions of Treaty Will Be of Surprising Value to Economic Conditions of Country.

BEVERLY, Mass., July 23.—In the first statement he has made since the passage of the reciprocity bill by the senate, President Taft, at the summer White House tonight, freely acknowledged that his long, hard campaign in behalf of that measure would have proved unavailing if the democrats had not helped him.
"The democrats did not 'play politics' in the colloquial sense in which those words are used," said the president, "but they followed the dictate of a higher policy."
For Secretary Knox and his assistants in the State department, who conducted the negotiations and framed the pact, the president said more than a word of praise. The republicans who fought for reciprocity "and some of whose votes were necessary to the passage of the bill properly may enjoy mutual congratulations on a work well done."

In his own judgment, the president said the agreement would mark a new epoch in the relations between the United States and Canada, and those who opposed the bill in congress would find their prophecies disproved and their fears allayed by its Canadian Parliament, the first step before it becomes a bond between the two countries, he hopes and believes, will be forthcoming.
Hopes for Permanence.
"The satisfaction that actual experience in its working will give," he said, "we confidently hope will secure its permanence. In a dedicated nation we will contribute much to a greater United States and greater Canada."
The president arrived at "Parramatta," the new Taft cottage, shortly after 8 o'clock this morning, motoring out from Boston in a motor car. Mrs. Taft, Miss Helen Taft and Charlie were waiting and had breakfast with his family for the first time since he left Beverly for the west, July 2.

On the way from Washington, the president had time to meet ten miles to Boston in a motor car. Mrs. Taft, Miss Helen Taft and Charlie were waiting and had breakfast with his family for the first time since he left Beverly for the west, July 2.

Pittsburg Pays \$22,500 for
O'Toole, Spit Ball Pitcher

MINNEAPOLIS, July 23.—Harney Dreyfus, president of the Pittsburg club of the National league, yesterday purchased Marty O'Toole, St. Paul's spit ball pitcher, for \$22,500, the highest price ever paid for a ball player in the history of organized ball. All of the bidders dropped out of the running with the exception of Dreyfus and Mike Cantillon, who was acting as agent for Charles Comiskey of the Chicago Americans.
Following O'Toole's work against Milwaukee when he struck out seventeen men, including Rube Waddell's record, on Friday, he defeated the heavy hitting Minneapolis team, striking out ten men. In a previous game with Toledo he struck out eleven men and jumped in a short time into national limelight. Ebenhan of St. Louis started the bidding by offering about \$15,000 for O'Toole and Kelly, his catcher. Cleveland and Chicago were both attracted by the showing of the youngster and the bidding started. The price lifted \$1,000 at a time until George E. Lenson of the St. Paul club named \$25,000 as his price for O'Toole alone. This caused a dropping of all efforts to get the pitcher by everyone except Dreyfus and Cantillon, representing the Chicago Americans.
Cantillon offered \$20,000 as a final bid, the limit set by the Chicago magnate. After negotiations Dreyfus "split the difference" and proffered Lenson a check for \$22,500. After some parley this was accepted and O'Toole was summoned and announced himself as satisfied to go to Pittsburg, but said he would like to have Kelly go with him. Dreyfus is said to have offered \$5,000 for Kelly, but Lenson is desirous of retaining \$2,500 for him.
The contract calls for delivery at the end of the American association season.
