

BRIEF CITY NEWS

Auto Victims Out of Danger—Frank Peterson, Dr. E. E. Carroll and Edward Morris, who were injured in an automobile accident on the Dodge road two weeks ago, are now able to leave their beds. Dr. Lower, who has attended them at St. Joseph's hospital, now believes the victims of the accident are entirely out of danger.

Cook Attempts Suicide—Forona D. Dutera, second cook on Union Pacific passenger train No. 3, attempted to commit suicide yesterday by jumping from the train by shoving his head through a window. Dutera's wife left him several days ago taking with her his savings of \$150. Worry over this is thought to be the cause for his deed.

High C. Robertson, appointed receiver for the Omaha Railway club on Monday, filed his final report in district court Saturday. It showed his disbursements to have been \$12,750, the total assets of the club to be \$12,074, and the total of the verified claims against the club to be \$1,696.36. All the personal property of the club he sold to the University club for \$205. He asks \$150 for his services.

Boy A. Ralph, Printer, Try him. D. 1164. Kicks Against Albert Law—Albert Brown of Honey Creek, Ia., became vexed and peevish when he found early last night that his favorite haunt at 119 North Ninth street was closed and padlocked. He gathered bricks and sticks with which he shattered his windows and broke the bars from its doors. Then the police came. Brown is charged with malicious destruction of property. The house belonged to Clara White.

Mobles Back From San Francisco—A. L. Mohler, vice president and general manager of the Union Pacific, is expected here Monday from San Francisco, where he went to attend the conference of transcontinental railroad officials, called to consider proposed terminal improvements to facilitate the handling of the exposition crowds in 1915. Mr. Mohler was one of the speakers at a dinner in San Francisco, given by the Commercial club for the visiting railroad men.

Meeting of Faith Missionaries—The annual camp meeting of the Hephzibah Faith Missionary association and the Churches of Christ will be held August 16 to 29 at Bellevue. There will be four services a day, which will be mostly along gospel lines. The following committee is in charge of the meeting: Fred Flier, Archer City, Tex.; C. M. Kelley, Broken Bow, Neb.; T. D. Lane, Bellevue, Neb.; J. T. McCracken, Tabor, Ia.; and D. S. Devore, Tabor, Ia.

Asks Habeas Corpus—Morris Pasovoy has filed a petition for a writ of habeas corpus in district court. Pasovoy was arrested five days ago by G. Gorman, an officer from Wisconsin, on an executive warrant charging embezzlement and is now being held at the police station on the charge of being a fugitive from justice. Pasovoy says that he has been a resident of Omaha for the last three years, and while at the same time denying any guilt, pleads the statute of limitations.

Four Suits for Delayed Shipments—Four suits filed against one defendant in a single day was the record reached in county court Saturday by a prominent Omaha attorney. The suits are all against the Chicago & Northwestern Railroad company on shipments of cattle alleged to have been delayed to the owner's disadvantage. The shipments, however, were made at as many different times and from as many different points. The amounts of the suits range from \$50 to \$500. The plaintiffs are Henry Schaefer, Hans Wilkins, David O. Corner and Robert A. Laurie.

Samson's Krew Will Have Merry Feast Grain Exchange, Real Estate Exchange, Insurance Men and Bakers Next Monday Night. Monday night the Knights of Ak-Sar-Ben are looking for a merry time at the Den, for on that occasion Samson will entertain the Nebraska Bakers' association, assembled in Omaha then, the Omaha Grain exchange, the Real Estate exchange and the insurance men.

Bankers Come in September Dates Announced for State Convention by Secretary W. B. Hughes for September 18 and 19. The dates set for the Nebraska Bankers' association convention, which is to be held here this year, were announced yesterday afternoon by W. B. Hughes, manager of the Omaha clearing house, as September 18 and 19. Bankers of every city, town and hamlet in Nebraska belong to the association and they are all enthusiastic over their organization and always turn out in big numbers at every convention.

Auto Victims Recovering Women and Babies Injured When Buggy Was Struck by Motor Will Get Well. Dr. Mary Strong, the physician attending Mrs. Edward Bovee, Mrs. J. H. Stanwood and the Bovee and Stanwood babies, who were injured yesterday morning when their buggy was struck by an automobile at Twenty-fourth and Corby streets, said last night that none of her patients was fatally injured. The Bovee baby, the worst injured of the buggy's occupants, was saved from death by the fact that its skull was too thick for a fracture. The baby is 4 weeks old.

Right in your busiest season when you have the least time to spare you are most likely to take diarrhoea and lose several days' work, unless you have Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand and take a dose on the first appearance of the disease. For sale by all dealers. The Key to the Situation—See Want Ads.

PLANS FOR SHERIFFS' MEET

National and State Associations Here at the Same Time. WILL BE FEAST FOR GAMBIRALS Other Forms of Entertainment Will Be Provided for the Visitors During Their Stay in This City. Preparations for the annual convention of the National Sheriffs' association, which is to be held here on August 7, 8 and 9, and for the Nebraska Sheriffs' association, which holds its session on August 7, in this city, are being made by Sheriff Bralley of Douglas county, and E. V. Parrish, manager of the Omaha Commercial club, upon whom the task of planning the entertainment of the visitors falls.

"When the sheriffs meet here they will know they are in a live town," said Sheriff Bralley. "We are making elaborate preparations for their entertainment and I am going to see to it that the plans we make won't fall us when they are tried out."

The officers of the National Sheriffs' association are Charles W. Peters, president, of Chicago; J. K. O'Rourke, vice president, of Butte, Mont.; and William A. Carter, secretary and treasurer, of St. Paul, Minn.

Of the state association, the officers are James Dunkel, president, of Grand Island, and J. Churnside of Fairbury, secretary and treasurer.

It is estimated that there will be about 200 visitors in Omaha on the opening day of the convention, about seventy-five of whom will be from this state, and the remainder from every state in the union, many of these bringing their wives.

The headquarters of both associations will be made at the Paxton hotel and a bureau of information will probably be opened there for the benefit of the visitors. The convention meetings will all be held in court room No. 1 in the Douglas county court house and will be presided over by C. W. Peters, president of the national association.

A "dummy" program has been arranged by E. V. Parrish, Sheriff Bralley and President Peters, showing a general outline of the various meetings and receptions of the visitors. This program is only tentative and will in all probability be changed considerably by the time of the opening day of the convention.

Mayor James C. Dahlman will open the meeting with an address of welcome, and the response will be made by President Peters. Other speeches by prominent members of the association, and Omaha citizens will follow, and in all probability, speakers of national prominence will be brought here. The second morning will see a business session, and the third the election of officers and the fight for the national convention for 1913 will be on between the cities wishing next year's session.

The visitors will be taken out to the Den Monday night and will be shown the Ak-Sar-Ben "doings," and on Tuesday they will be entertained by the Storz brewery, the place of reception not being fixed as yet. On the last night of the convention, the Midland Chemical company of DuBuque, Ia., will provide entertainment of some kind for the sheriffs, and throughout the convention the various local boosters will see that there is something doing all the time for the visitors.

The Worrel Manufacturing company of St. Louis has written Mr. Parrish, offering to furnish musical entertainment for the sheriffs while here, and this offer will in all probability be accepted. The Worrel company is a St. Louis drug firm, and has always shown great interest in the National Sheriffs' association.

The session of the state association will take up only one day, but the majority of sheriffs of this state who come here to attend will remain through the national convention. The traveling expenses of the sheriffs, their deputies not coming in under the title of "sheriff."

Good Roads Booster to Tour for Auto Club

Nebraska State Association Back of Movement for General Highway Improvement. D. E. Watkins, secretary of the Nebraska State Automobile association, will leave tomorrow for a week's tour through five Nebraska towns, boosting good roads. Advance notices of the meetings have been sent out and the responses indicate that a large gathering of good roads enthusiasts will be on hand in each town to greet the automobile association secretary and his proposition.

The tour will include Fairbury, where a meeting will be held tomorrow night; Hebron will be made Tuesday night, Superior, Wednesday; Red Cloud, Thursday, and Franklin, Friday.

The following week Mr. Watkins will make a similar run down the South Platte from Friend west.

By these meetings Mr. Watkins and the various good roads boosters have been enabled to organize thirty counties of the state for the betterment of roads. No county has yet refused to accept the Nebraska State Automobile association's idea of road improvements.

BABY'S LONG WALK ENDS IN THE MOTHER'S ARMS

Child Lost and Parent Frantic to Find It, at Last Being Successful. A tiny 2-year-old baby, lost from its mother in a downtown store, toddled its way to the home of Mrs. Marius Sorenson, 228 1/2 Lincoln boulevard, yesterday afternoon.

Walking up on the front porch to Mrs. Sorenson, the baby smiled and liped the one word, "Mamma." Where it had come from or who was its "mamma" Mrs. Sorenson did not know. It was as if it had dropped from the clouds, and Mrs. Sorenson, after looking in every direction and seeing no one to whom it might belong, became worried.

She called the police and told them about it, explaining that she thought it might be the same child that had been left in a 10-cent store the day before. But it was not, for the police matron still has that one.

The mystery of the child's identity was not brought to light until 6 o'clock last night, when the frantic mother, Mrs. A. L. Bailey, 1833 North Twenty-third street, inquired at the jail.

She explained that her baby had disappeared from her while she was shopping in a store at Sixteenth and Douglas streets. She had inquired for it every place, she said, but did not think of the police station "until the last thing." She was told where a child had walked up on a porch and immediately guessed that it was her's. She went to the Sorenson home and got it.

A Burning Shame is not to have Bucklen's Arnica Salve to cure burns, sores, piles, cuts, wounds and ulcers. For sale by Beaton Drug Co.

Woodrow Wilson to Address Convention of Grain Men Here

National Grain Dealers' Association Has Asked Him to Speak in Omaha October 10. Governor Woodrow Wilson of New Jersey, candidate for the democratic nomination for president of the United States, has been invited to speak in Omaha before the convention of the Grain Dealers' National association on October 10, and in all probability the invitation will be accepted. Because of the absence from the city of local prominent members of the Grain exchange, no definite plans have been made, but there will be an attempt made to have other men speak here who are famous throughout the country.

John F. Courcier, secretary of the Grain Dealers' National association, which has its headquarters in Toledo, O., was in Omaha, Saturday, to confer with local members of the Grain exchange, relative to headquarters and entertainment features of their convention, which is to be held October 9, 10 and 11.

In company with J. A. Cavers, of the Cavers Elevator company, and E. V. Parrish, manager of the publicity bureau of the Commercial club, Mr. Courcier called upon Rome Miller, of the Rome hotel and arranged for official headquarters.

On account of the absence of F. S. Cowgill, of the Omaha exchange and the Omaha director of the Grain Dealers' National association, and N. B. Urdike, of the Omaha exchange, final arrangements for the principal entertainment features were held in abeyance until Mr. Courcier's return, which will probably be next Tuesday.

The coming of the grain dealers, means more than the entertainment in Omaha of 500 or 700 delegates; it means the nation wide recognition of Omaha as a great primary grain market, and this convention is perhaps the most important one of the many held here this year.

The following Omaha firms compose the local membership of the national association. Brae-Vincent Grain company, Cavers Elevator company, Crowell Lumber and Grain company, Holmquist Elevator company, Maney Milling company, Merriam-Millard company, Nebraska-Iowa Grain company, C. E. Niswonger, Nye-Schneider-Fowler Grain company, Transmississippi Grain company, M. C. Peters Mill company, Roberts Grain company, Transmississippi Grain company, Union Grain and Elevator company and Urdike Grain company.

To Study Work Laws Heron of Y. M. C. A. Goes Traveling

Will Deliver Several Addresses in the East, Then France and England on Investigation. F. W. Heron, president of the Royal Indemnity company of Omaha, leaves Sunday evening for Europe, where he will look into the operation of the workmen's compensation acts in force there. Mr. Heron prepared a bill for the last session of the legislature for the appointment by the governor of a commission to study and prepare a bill for the 1913 legislature, and although the bill was not passed, he is convinced that it is just a question of time for workmen's compensation laws to be in force in all the states.

The National Retail Jewelers' association is anxious to have him deliver his address entitled the "Hudson's Point Saleman," at the national convention at Richmond, Va., August 4, but on that date he will be on the sea. September 7, Mr. Heron will address a convention of the Leaders Club of Life Underwriters, a club of insurance men, holding their annual convention in the neighborhood of \$500,000 a year.

In October Mr. Heron is on the program before the National Life Underwriters association convention, to be held in Chicago.

"There is every reason in the world why Omaha should capture this convention for 1913," said Mr. Heron. "C. J. Edwards, ex-president, is familiar with Omaha and President Powell was in Omaha only a short time ago, and was then entertained by the Commercial club and given attention which favorably impressed him with this city. With the foundation we already have we should land this important gathering."

Several weeks will be spent in England where Mr. Heron has a host of relatives, and France will also be included in his investigation of the workmen's compensation laws.

Mr. Heron was the instructor of the salesmanship classes at the Young Men's Christian association, and says that he is going to see if the merchants of foreign countries are up on the topic.

POLICE ARREST EIGHT PERSONS

Negro Woman Accused of Selling Beer Without License and After Hours. A house above the Burk saloon, 501 North Thirtieth street, was raided at 9 o'clock last night and eight negro inmates arrested. Hattie Brown, proprietress, was charged with selling beer without a license and after hours.

Advertising Clubs of America Special Train to Boston.

The Boston Special, under the management of the Ad Club of Omaha and the Nebraska Publicity League, will leave Omaha at 6:30 P. M., July 27th. All Nebraskans interested in advertising the agricultural, commercial and educational opportunities of their state, who desire an enjoyable eastern tour, are invited to join this special excursion. Comfortable connections can be made with the special in Omaha from all parts of the state.

\$45.10 is the round trip fare, Omaha to Boston and return, for the tour, which includes a stop at Detroit, Niagara Falls, Clayton (The Thousand Islands) and the boat trip down the St. Lawrence River to Montreal. Proportional fares apply from Nebraska cities.

A special descriptive leaflet, containing full information relative to this ideal trip, may be obtained from any one of the gentlemen named below.

S. R. MCKELVIE, Pres., 119 No. 16th St., Lincoln, Neb. P. F. FODREA, Vice-Pres., Care Trade Exhibit, Omaha. H. A. HUSE, Corresponding Secretary, Norfolk, Neb. J. B. REYNOLDS, C. P. A., Burlington Route, Omaha.

AD CLUB MEMBERS TO BOOST

Representatives Will Attend National Convention in Boston. Delegation Leaves Thursday. Omahans Will Be Joined by Lincoln Members—Business Men Outside of Organization Plan to Take the Trip. If the Omaha Ad club adds any more fuel to the already brightly blazing fire of enthusiasm, Omaha will be given another boost in a favorable spot in the limelight of publicity all over the United States.

This progressive organization, composed of the leading business men of Omaha, is affiliated with the Commercial club and every other booster organization in the city. The Ad club is also an influential factor in the Nebraska Publicity league, which in turn is connected with the Associated Advertisers Clubs of America, which on August 1 will hold its annual convention at Boston, Mass. Every state in the union will be represented at the Boston meeting, and it is needless to say that the Nebraska Publicity league, with the Omaha club as the main-spring, will be there with bells on.

The Nebraska delegation to the convention will leave here on July 27 at 6 o'clock, and from Lincoln at 4 o'clock on the same day. A special through train has been chartered, and as this would be impossible unless the railroad company was assured of at least seventy-five passengers, the leaders of the local club feel safe in making the assertion that there will be at least 100 live wire Nebraska boosters on the trip. The greater part of these will come from Omaha and Lincoln.

Victor White, of the Havens-White Coal company, who is the treasurer of the local club, and chairman of the "Boston Pilgrimage" committee, is boosting the convention with might and main, and is doing all within the power of a human being to see that this state is favorably mentioned in general at the convention, and that Omaha gets the benefit of as much advertising as possible, in particular.

The Nebraska party leaves from Lincoln and Omaha on July 27, giving them plenty of time to see the country, between here and Boston. Mr. White is in receipt of several telegrams and letters from Commercial clubs and other kindred organizations of cities en route to Boston, who ask to have the privilege of entering the Nebraska ranks during their stopovers in the various towns.

The train will carry a dining car, sleepers and every known convenience, and the local club asks that anyone, whether associated with any booster club or not, who is contemplating making an eastern trip to accompany the Nebraska crowd, lend the aid of their presence and prestige to the cause.

Local merchants are beginning to sign up for the trip, making arrangements for berths, and by Wednesday, everything will be in place for the departure of the booster crowd.

EFFORTS TO FIND BODY OF H. E. FALLERS FAIL

Widow Gives Up Task and Proceeds with Application in Court to Settle Up Estate. Efforts made all yesterday afternoon to recover the body of H. E. Fallers were again unavailing, and Sherman E. Humphrey, who has kept so persistently at the task, reached the conclusion that further efforts were useless and announced last evening that no further attempts would be made. Dragging was continued around the street railway bridge until after 4 o'clock and then Mr. Humphrey sent the motor boat ten miles down the river to the sandbars and was unsuccessful.

The river was rising yesterday afternoon and the increased volume of water made some changes in the direction of the currents around the bridge. It was found to be impossible to keep the drag submerged while going up stream, although weighted by twenty-five pounds of iron.

Mrs. Fallers, who has been appointed administratrix of the estate of her husband, filed yesterday in the district court an inventory of the murdered man's property. The inventory discloses six certificates of deposit aggregating with a checking account, a total of \$13,125. Two notes for \$413, the homestead at 2601 Third avenue and the household furniture. The insurance policies are not listed in the inventory. Mrs. Fallers asked for and was allowed \$500 for the maintenance of herself and children during the year. Mention is made of the estate of Richard Fallers, father of the murdered man, who died at Shenandoah some time ago, leaving his widow a life interest in his property, which will then go to the children of Mr. Fallers.

HANS JOHNSON WILL RECOVER

Missouri Pacific Engineer Scalded in Wreck Not Dangerously Injured. Hans Johnson, the Missouri Pacific engineer, who was badly scalded when his engine left the track and fell over an embankment near Fortral Ferry, will recover, according to his physician, Dr. Hollister. Dr. Hollister said last night that Johnson's burns were scattered over his body in such a way that there is not the danger of fatal results as there would be if the pain and injury were in one place.

Police Adopted Baby May Be Identified by Mrs. Critchfield

Four-Year-Old, She Thinks, is Boy Once Left with Her by Destitute Mother. Mrs. E. S. Critchfield, 2324 Templeton avenue, believes that the 4-year-old baby which was left in a ten-cent store Friday afternoon, is the child which she kept at her home for two months prior to six weeks ago, when its mother came and took it from her.

The baby was left with her by its mother, three months and a half ago, the mother explaining, she said, that she was unable to care for it. Six weeks ago the mother came and took the child, telling Mrs. Critchfield that she believed she would be able to care for it.

Mrs. Critchfield has not seen the baby boy at the police station, but declares that his description answers that of the baby she had. Mrs. Critchfield says she does not remember the name of the mother of the child.

She will visit the matron's quarters at the jail today to see if she can identify the boy. She called at the station yesterday afternoon, but was unable to see him as the matron was absent.

HAPPINESS FOR LUCKY ONES

Winners in Bee's Booklovers' Contest Soon to Be Named. RE-CHECKING TO START MONDAY It is Big Task and Contestants Should Realize This Fact and Have Patience for Just Few Days Longer. It is possible that the names of winners in the Booklovers' contest will be announced the latter part of this week. The clerks who have been busily engaged in checking the answers will start rechecking Monday and may be able to finish their work by the close of the week.

No exact date can be given at this time as to when the names of the winners will be given out. Many people write and telephone to the Bee every day asking when the Booklovers' prize-winners will be announced or wishing to know whether the names have been given out. One woman said she heard the prizes had been awarded, and she was disappointed that she had not won a grand award.

Do Not Get Anxious. Contestants should not get anxious. The work is being pushed as rapidly as possible. If all the participants in the game

could visit the checking room and see the clerks at their task they would marvel at the rapid work that had been done so far and would say that it would be many days yet before the job would be completed. Think of all the answers that have been sent in—the several thousand sets and the numerous answers to each puzzle—then you will have an idea of the checking job.

The contest editor has had many personal calls from contestants who wished to inquire about the prizes. One of the visitors, who came yesterday, asked about many of the puzzles. He wanted to be told the correct answers. The contest editor will give no information of this kind at present. All the answers will be published in The Bee in due time, so that everybody may know just what each picture represents.

KIERSTEAD MOTOR PARTY BACK

Mr. and Mrs. W. I. Kierstead and Mr. and Mrs. T. F. Stroud and daughter, Mary, returned Saturday evening from a 1,500-mile pleasure trip through Iowa, Illinois, Michigan and Wisconsin in a touring car. They have been gone twenty days, during which time they have visited all the large cities in the four states through which they traveled. They spent five days in Chicago and a couple of days in Milwaukee, returning by the way of Davenport and Des Moines.
