New Arrivals in Women's Felt Hats for Now and Future Wear

Our sales of felt hats last Saturday again demonstrated the ability of this store to give Omaha women the newest creations first. But many new things have come this week and they are just as reasonably priced as the earlier arrivals. All of which leaves nothing to be desired in the assortments we present, Saturday, for your inspection and purchase. There are trimmed and untrimmed styles, in small, medium and large shapes; in white and every favorite color.

Untrimmed Felt Hats in White and Colors \$1.98 to \$3.48

Trimmed Felt Hats in White and Colors \$1.98 to \$10.00

Another Men's Suit Sensation

150 of This Season's Suits at \$9.75

For a man to get a wool suit at \$9.75 at least assures him of the worth of his money. But there is more to this men's clothing sale--there is good workmanship as well; the best workmanship we can get.

This lot at \$9.75 is composed of the last suits of patterns and styles that have been popular; suits that men were eager to buy at the earlier and higher prices which ranged from \$15.00 to \$22.50.

Every suit to fit all types of men and a fabric and pattern assortment to please the most fastidious.

Every Man's Suit in the Store Selling Regularly at \$25.00 to \$35; Saturday--last call--\$15.00...

Every odd pair of men's pants also show big reductions--such as \$6.00 to \$7.50 pants at \$4.95; \$5.00 pants at \$3.95; \$4.00 pants at \$2.95; \$3.00 and \$3.50 pants at \$2.45; \$2.50 pants at \$1.85, and \$2.00 pants at \$1.50.

CITY TAXES MAY BE RAISED

Comptroller of the Opinion Two or Three Mills More Are Needed.

ESTIMATES OF FUNDS MADE

More Money is Needed for the Several Funds and Increased Values Expected to Care for the Balance.

The tax levy in Omaha for 1912 will probably be higher by several mills than the 62 3/4 mills that were levied for the current year. Exact figures are not to be had because the valuation upon which the tax levy is to be based has not yet been made and will probably not appear for several weeks. The amounts to be raised have been increased and the valuation will probably not increase enough to equal the raise. This year's valuation was \$9,575,215, and if the valuation for next year will be about \$12,000,000. This is 26 per cent or one-fifth of the actual valuation of the property in the city.

The amount raised by taxation last year excluding extra fees and occupation taxes was \$1,813,652. The additional revenue amounted to \$177,000. This was produced exclusive of the levy of 62 3/4 mills.

Estimates for 1912.

The estimate for direct taxation of 1912 will make necessary the raising of about \$2,025,000. This sum will be divided as follows:

For general purposes...\$1,000,000
For schools (15 mills), about...100,000
For the sinking fund...250,000
For water rental judgments...215,000

Totals...\$1,615,000

Shows an Increase.

An analysis of these items shows that roughly estimated the increase will be at least 1 mill and probably more. If the increase in valuation is as high as usual and the same levy is made the additional revenue produced would be 62.9 mills on \$2,000,000, which is about \$12,900 or \$75,000 short

of what is necessary. To get \$2,025,000 in revenue from an assessed valuation of \$22,000,000 would take an assessment of about 65.85 mills or an increase of a little less than 3 mills.

The city comptroller and his assistants are unable at present to make authoritative estimation, but are of the opinion that an increase of 3 or 3 1/2 mills would not be surprising.

Chairman W. S. Sheldon of the city council finance committee said, "We are hoping that the increase in the valuation for this year will take care of the increase in the total amount we will have to have, but it is not at all certain to do so."

Increase in Two Funds.

The increase in the amount to be raised in two funds, the sinking fund for paying interest on bonds and the fund given the Water Board for paying hydrant rentals. The decision of the federal court compels the city to levy \$211,000 for water judgments and only \$112,457 was raised for that purpose this year. The sinking fund last year was only \$148,046, as the bonded indebtedness of the city was less than it will be for 1912. The school board has reduced its levy from 16 to 15 mills and the other funds remain the same, although the valuation has increased. This will gain something on the increase that are deemed necessary, but not enough to counterbalance them. The funds raised for 1911 were divided as follows:

General purposes...\$87,127.52
Sinking fund...148,046.42
School fund...44,852.12
Water board fund...22,135.24
Water judgment fund...12,457.42

Totals...\$312,618.72

AGED MINISTER IS VERY WEAK

No Change in the Condition of Rev. Thomas McCague in the Last Twenty-Four Hours.

No improvement was noticed yesterday in the condition of Rev. Thomas McCague, who is very low at his home, 114 North Twenty-fourth street. Though he is very weak, his condition has not changed to any extent during the last twenty-four hours.

SAMSON PLANS SOME CHANGES

Will Have Beautiful Esplanade Leading to King's Highway.

MILITIA IS TO ADD INTEREST

Encampment to Be Held at Some Point Near the City, with Two Regiments of the State Militia.

Several important changes will be made upon the king's highway this fall. Chief among these will be a white columned esplanade leading from Sixteenth street up Douglas to the arch of entrance at Eighteenth street.

Substantial white columns several feet in diameter and twenty-five feet in height will flank the esplanade on either side and afford a beautiful vista with the entrance arch as a background. Overhead will be decorations and at Seventeenth street there will be a great welcome arch surrounded by an arc of lights. Underfoot the pavement will be new and smooth, as the old cobblestone pavement is now being torn up and replaced by asphalt.

The entrance arch will be materially changed this year from last, when it was of Moorish design and blazoned forth in the royal colors. This fall it will be pure and dazzling white in keeping with the esplanade, and of a Grecian design.

To afford a change from the military maneuvers by the regular army, which were so greatly enjoyed last fall, the state militia will furnish entertainment and instruction to the carnival crowds.

The militia will have an added attraction for the people out over the state that the regulars last fall did not have, as nearly everyone among the spectators will possess some friend or acquaintance among the troops.

There will be two regiments under the command of Adjutant General E. H. Phelps. The management is now puzzling their heads as to where the encampment shall be held. Elmwood Park, Fort Crook

and Bellevue are places under consideration.

General Phelps wishes to hold it quite a little ways out of the city, as he wishes to give his men a good workout, sham battles, short marches, etc., which would be impossible in the closer confines nearer the city.

Voters in Country Precincts to Have Different Hours

Hours for Bond Issue and for the Primary Election Are Not the Same.

Although the voting hours in the joint primary and court house bond issue election, to be held August 15, range, when both are considered, from 5 o'clock in the morning to 8 o'clock in the evening, to vote on both at the same time the ballots in the country precincts must go to the polls between 12 and 6 o'clock in the afternoon. This is caused by a peculiar overlapping, the hours on the primary election in the country precincts being from 12 o'clock noon until 9 o'clock in the evening, while the hours on the bond election are from 8 a. m. until 6 p. m.

This state of affairs does not hold true in the city, for there the primary law keeps the polls open from 5 a. m. until 9 p. m. The hours that the polls are open on the bond issue are the same in city and country precincts, from 8 a. m. to 6 p. m.

D. M. Haverly is including in his letters to the judges and clerks in the country precincts special instructions tending to emphasize the hours, and warning them to receive no ballots on the primary election before 12 noon and no ballots on the bond election after 6 p. m.

"In addition the ballots must be kept separate," says the county clerk, "and it looks like there will be a lot of confusion. However, it is the law in the case and the hours are unavoidable."

The Key to the Situation--Don't Want Ads.

WINGS ARE HELD FOR TRIAL

Father and Son Are Put Under Bonds to the District Court.

FATHER DENIES ALL KNOWLEDGE

Says He Knew of but One Machine and that the Son Had Told Him That He Had Rented That One.

Arthur Wing and his father, M. E. Wing, were bound over to the district court of bonds of \$50 and \$100, respectively. Friday morning by Judge Crawford. Arthur Wing, after preliminary hearing and the father demanded a hearing, which was given him.

The father in his hearing said he knew that the son kept an automobile in his barn, but that Arthur had told him he had rented it. When asked if he had at any time assisted in taking the machine apart in order to destroy its identity, he replied in the negative. Evidence was then introduced by detectives that the father had assisted in that practice. The elder Wing also said he had not known that his son had ever had more than one machine at any time until he read the account of the robbery in the newspapers.

The barn in which the machine was kept was owned by M. E. Wing, according to testimony brought out in the hearing. He said his son had brought but one machine there since they had lived in that locality. The machine had been in the barn but a few days before it was discovered by the police. As to the other machines, numbering five all told, the father said he knew nothing about them whatever, and if his son rode around in them during the evenings it was without his knowledge.

GOES AFTER PARK CONVENTION

Home Miller Will Invite National Association of Park Superintendents to Meet Here Next Year.

President Rome Miller of the Omaha Park board plans to attend the national convention of park superintendents in

Kansas City on August 8. He will invite the convention to meet in Omaha in 1912.

DETECTIVE WELL KNOWN HERE

Thomas Maguire, Called as Witness in Lorimer Case, Once Employed in Omaha.

Thomas Maguire, the Chicago detective, who is now on the stand in the Lorimer investigations, was once a close associate of men in police circles in Omaha.

"Tom Maguire was formerly in the employ of the secret service department of the Chicago, Milwaukee & St. Paul railroad," said Chief of Police Donahue, "and I have known him for twenty years. There can be no doubt that he is one of the best in the business. He is at present head of his own agency in Chicago, which was founded in 1897 by Martin White, who later became chief of police here in Omaha, preceding my own term of office. Martin White set up his agency and hired Maguire, who had been in the employ of the Milwaukee force for about fifteen years, to manage it. At White's death Maguire bought out the business from the heirs and has been running it since. He has

about twenty men working under him. Men who know Maguire trust him and admire him for his skill in his profession. Many business men here in Omaha have employed him on different occasions and know his ability."

Disgraceful Conduct

of liver and bowels, in refusing to act, is quickly remedied with Dr. King's New Life Pills. For Sale by Beaton Drug Co.

Successful Treatment of Hay-Fever

The demand for Dr. Hayes' book describing the new and successful method of relieving and curing Asthma and Hay-Fever has been so great that a new edition of one hundred thousand has just been put to press and will be ready in a few days. Dr. Hayes is distributing the book free to all sufferers and if you want a copy send a two-cent stamp with name and address at once to P. Harold Hayes, M. D., Buffalo, N. Y., asking for Bulletin B-111. Reports from the cases treated the past few years show that the disease does not return.

S.S.S. FOR SCROFULA

S.S.S. NATURE'S PERFECT CURE

Swollen glands about the neck, weak eyes, running sores and abscesses, pale, waxey complexions and frail, poorly developed systems, are the most usual ways in which Scrofula is manifested. In some cases the blood is so filled with the scrofulous germs that from birth the disease shows its presence. In other cases it is held in check during young, vigorous life, but when the system begins to weaken, especially after a spell of sickness, the disease will often manifest itself in some form. S.S.S. is Nature's perfect cure for Scrofula, made entirely of healthful roots, herbs and barks, a perfectly safe medicine for young or old. S.S.S. goes into the circulation, and drives out all scrofulous matter, and supplies the blood with the healthful qualities it is in need of. In this way it builds up weak, delicate persons and makes them strong and healthy. Book on the Blood and medical advice free. S.S.S. is for sale at drug stores.
