We Announce for Tuesday Morning Our Alteration Sale

In order to keep abreast of the steady and rapid increase in the volume of our business, we find it necessary to make extensive alterations.

These improvements will materially enlarge the Women's Dress and Suit departments, also the Clothing and Shoe departments, placing them on a par with any which the larger cities afford and will enable us to show stocks embracing a range of styles and values not excelled anywhere.

It will be necessary to move out a large amount of stock in order to make these alterations, and to accomplish this in the shortest possible time, we have Altered the Prices heavily downward.

Monday's papers will give a plentitude of bargains from all departments.

A representative from Kansas, Mr. Jackon, moved an amendment to the bill so as to make it apply to the primaries. The fairness of the proposition appealed to all of the republicans and a large number of the northern democratic members. It was so amended in the committee of the whole. Then the south came out in the open and by superhuman efforts got the northern members, who had voted for the amendment, to openly recant and regardless of the humiliation, within thirty minutes after having voted for the amendment turned around and voted against it on a call of ayes and nays, and thus the amendment was lost. This amendment, however, has been restored by the senate, which has passed a measure more drastic than was ever dreamed of by the most ardent advocates of a bill providing for the publicity of campaign expenses at general elections and at primaries. Judge Holds Need Not Call in Supreme Court Justice.

EXPRESS CASES ARE IN ISSUE Court Takes Month to Deliberate and

Arrives at This Decision-Prize Fighting Will Be Put Under the Ban.

(From a Staff Correspondent.) DES MOINES, July 29.—(Special Telegram.)-Judge Smith McPherson of the federal court, has ruled that it will no be necessary for him to call in an associate justice of the supreme court and a judge of the United States circuit court to take evidence in the injunction proceedings brought against the state of lowa by the express companies. The conclusion was reported after a month of deliberation or the delicate point of law.

The cases must be tried before the September term of federal court, and their im perative nature may cause a postponemen of the trial of injunction suit brought against the city by the gas company. N T. Guernsey, who represents the gas company in the trial now in progress, also represents the express companies, and it is likely he will be called away from the city suit to take care of the case his clients have brought against the state. Judge McPherson has himself raised the point of jurisdiction for himself, but docided today that as there is no direct at tack upon the constitutionality of the state law regulating rates it will not be one of the cases that come under the court.

WILL APPEAL HARRIMAN CASE

Government Expects to Secure Reversal of Merger Decision.

SEVERANCE WILL HAVE CHARGE

Special Counsel Who Conducted the Case Directed by Attorney Genernl to File Appeal as Soon as Possible.

WASHINGTON, July 29 .- The governnent will appeal to the supreme court the Harriman merger suit, which was decided in favor of the railroads by the United States circuit court at St. Louis. Attorney General Wickersham today directed C. A. Severance, the government's special counsel in the case, to prepare the appeal on file as quickly as possible.

Although the government has a year in which to perfect its action to the highest court, the Department of Justice intends o hurry the suit. Opinions have been expressed in some quarters that the government's appeal would be only routine matter to have the questions involved decided by the

highest court. At the Department of Justice, however, it is said the government is appealing the case in the hope of winning it, Mr. Severance has reported to the attorney general that he believes the government has a good chance. It has been suggested to the department that the outcome of the Harriman merger suit might have some bearing on the great

holding company which, it has been reported, is to be organized for the New York Central lines. Attorney General Wickersham, however, said the proposed New York Central company had not been called to his attention and would express

The control of the second of the secon Why You Buy Diamonds

If you are one of the many millions who have a desire to own a diamond you realize at once what this gem represents in the world. You know why you want a diamond-you want one because it is a mark of refinement, of high character, of good taste and of affluence.

But at the same time you know that your stone must be a good one, or else it will not be an emblem of these various qualities. You, if you are of exacting taste, will not accept a cheap stone-not even if you have to go go along without one of these very precious stones. You want to be marked as a refined person and you know that only the best stone can give you that asset. A pure stone of white or blue color will set you apart from your fellows. Any one who is versed in diamonds will have to declare that you are a man who has excellent taste. When he looks upon that sparkling pure stone, he is certain to respect you on the instant. He knows you possess good taste and exacting knowledge.

Now think what his opinion of you would be in case you wore an inferior stone. Suppose you had one which he recognized as an imitation or as a very cheap diamond. He would set you down at once as one who accepted the cheap things of life. He would have slight respect for you. You would be

marked as a man who lacks a high sense of beauty and culture. The Edholm store has a stock of the purest stones in the west, and sells them at the lowest possible prices consistent with the policy of a reliable house. Remember, every article in this store has just one price and it is the lowest.

How to Remove a **Bad** Complexion

(From London Fashions.) Cosmetics can never really help a poor

complexion; often they are positively harmful. The sensible, rational way is to actually remove the thin veil of stifling, half-dead scarf skin from the face and give the fresh, vigorous and beautiful young skin underneath a chance to show itself and to breathe.

This is best done in a very simple way, by merely applying mercolized wax at night, like cold cream, and washing it off in the morning. Good mercolized wax can be obtained from any well stocked druggradually and harmlessly, leaving a brilliant natural complexion. Of course this also takes with it all such facial blemishes as red blotches, tan, moth patches, sallowness, liver spots, pimples, etc. As a freckle remover and general complexion equaled.-Adv.
