DENIAL ORGANIZED MOVEMENT

Possibility Act May Be Taken Into Courts with View of Holding it Up Until Next Legislature May Repeal It

(From a Staff Correspondent.) LINCOLN. Neb., July 29 .- (Special.)-A copy of a letter sent out to various edenmercial clubs and cities of western Nebraska, relating to the proposal to fight the recently enacted Eastman agricultural school bill, has been placed in the hands of one of the members of the State Board of Public Lands and Buildings. While there is no action that can be taken in the matter until the bill is actually assailed or the matter is brought up to the courts, the friends and champions of the measure have brought the letter to the light of day in order that the board might have such information as it deems necessary on the matter. The communication, which is under date of July 10, and which is written on the stationery of a well known firm
