## THE OMAHA SUNDAY BEE. WESTERN LEAGUE AVERAGES

OMAHA, SUNDAY, JULY 30. \$911

JUDGMENTS

believe the last changes made by Pa Rourke and Manager Arbogast are the best yet made. Niehoff at third has a balance ing effect that was sorely

eeded and that is not disparaging Pick leagues, has been a clouter with the bat ages of the Western league teams: and it remains to be seen whether he will

the able to crowd either Kneaves or Moore off the job. So far as Pick is congerned, it is our judgment and that of a good many well balanced fans that his natural place is in the outfield. With his speed, ginger and great arm and hitting ability, we do not see why Cleveland does not have him not see why Cleveland does not have him Smith, Lin trained for this instead of third, though Ecalidy, Denver ..... when it comes to an outfield, Omaha is Belden, Pueblo,..... there. It still looks, in spite of this mis-erable run of adversity we have had all along, that this team ought to finish in first division. The one obstacle to th. that all the others are strengthening a playing fast ball.

shades history just a bit when it says that shades history just a bit when it says that "Bobby Caruthers shone when Pop Anson and Comiskey were bursting into glory." The fact is both Anson and Comiskey had been shining a long time ahead of Bob, and it was Comiskey as captain and manager of the old St. Louis Browns who took Caruthers, a young phenom, and took Caruthers, a young phenom, and Kane, Omaha. showed him the way. Speaking of Caruth- King, Topeka ers as the "\$15,000 beauty"-he was, only Cole, Lincoln it was this way: Caruthers, Fouts and McCormick, Lincoln..... Andreas, Sioux City...... went to Brooklyn at the same time and Jarnigan, Pueblo...... Bil A00 came from Brooklyn to St. Louis, Lynch, Omaha.... with, perhaps, a little material in players Emory, Topeka..... to boot, so that just what portion of the Herche, Des Moines, 14,000 Bob was, even he never knew. As \$14,000 Bob was, even he never knew. As what the price was, but I have always Hartman, Sloux City.... known this, I was a gold brick then at Frambes, Denver any price, for I had seen my best days. The last year on the Browns Dave Fouts Quillen, Denver. and I practically alternated in the box and right field, day in and day out, and I was right field, day in and day-out, and I was worn out. " Bobby pitched for some years after that, but never like he pitched for the four-time winners before.

The Cubs still look to be the one best bet. They left Chicago in third place and re-Coffey, Denver ... Climons, Pueblo. turned in first. That does not look like a broken down machine. When it comes to Gag broken down machine. When it comes to up-hili fighting Chance is there ahead of any of them. Dooin's broken leg puts him Miller, C., Sioux City..... out of the same, and his team to a great Lindsay, Denver disadvantage, though the old ex-Cub, Miller, Lincoln Aforan, is a good catcher. Dooin's strength chiefly lies in his excellent generalship, Cockman, Lincoln

That base ball is essentially an American same is not to be denied. The Japs and Chinks who ended their series at Honolulu in a riot gave rather good evidence that the oriental temperament needs long seasoning to adapt it to the exigencies of this grand system of competitive genius.

If Sam Agnew could, by some hook or crook, learn to hold a thrown ball long shough to tag a runner out, it would help make him a first-class catcher. He and Kneaves have lost enough games by dropping balls at such critical times to land the team away up in first division.

The Boston Red Sox are said to have offered \$5,000 for Buddy Ryan, the slugging little outfielder of Portland, formerly of Pueblo, and Comiskey also wants him. He was the Grand Island boy Pa Rourke went

S.S. BLOOD DISEASES **CURES OLD** 

Contagious Blood Poison is responsible for a great many old blood troubles, such as scrofulous affections, skin eruptions, catarrhal troubles, Rheumatism, ulcerating sores, etc. There is no such thing as ridding the system of these effects by killing the poisonous germs. Any medicine powerful enough to accomplish this would also destroy many of the delicate linings and tissues, and wreck the constitution. The only way to cure old blood troubles is to **REMOVE** the cause from the circulation, and for this purpose nothing is equal to S.S.S. It goes into the blood, and drives out every taint and poison, and makes this vital fluid pure, rich and nourishing. S. S.
