## SCHOOLS GET MORE MONEY

Levy is Expected to Bring in More Funds for Board.

## KENNEDY DEFENDS THE LEVY

President of the School Board Says They Are Trying to Be Economical in Spending the School Funds.

Working on the belief that the school board is getting more than its just share of city revenue and that its reduction in the levy for 1912 is a smaller reduction than should be made the financial committee of the city council will ask for a further change before the levy is finally fixed. The school board asked and received 16 mills in 1910 and the same for the current year. For 1912 they have asked 15 mills, but the increase in valuation will make the amount from taxation \$6,000 more.

The difficulty, according to W. S. Sheldon, chairman of the finance committee, is that the school board received a large increase of 2 mills in 1910, because it was feared that the 5 o'clock closing law for saloons would cut down their license revenues. They were raised from 14 mills to 16, but contrary to expectations, the number of saloon licenses in Omaha, instead of decreasing, increased seven. Consequently its revenues went up about \$75,000. This high levy was maintained for 1911, and now, for 1912, although the valuation has gone up and miscellaneous receipts are increasing continually, they reduce only 1 mill.

"We are not certain that any greater reduction should be made in the school board levy," said Mr. Sheldon, "but we are going to find out what can be done about it."

Alfred C. Kennedy, president of the school board, stated: "We have been trying to be as economical as possible, and I am sure there has been on disposition to waste money. The general increase in teachers' salaries has made our running expenses very much higher during the last two years."

## Comparative Figures

Comparative figures for the school board for the last four years are as follows:

Year	Levy	Revenue	Total
1908	14 1/2 mills	\$3,000,000	\$3,000,000
1909	14 1/2 mills	\$3,000,000	\$3,000,000
1910	16 mills	\$3,600,000	\$3,600,000
1911	15 mills	\$3,000,000	\$3,000,000

For the coming year, 1912, on a valuation of \$20,000,000, which is the value of property taxable for school purposes, a levy of 15 mills would produce about \$3,000,000. If miscellaneous receipts are the same the total for 1912 will be increased by about \$300,000, making it well over \$3,000,000. The school board, instead of getting less money for next year, will be getting a substantial increase.

## Connell Has No Authority

As a matter of legal procedure the city council has no authority over the financial transactions of the school board and it is not likely that any action on the part of the finance committee or the comptroller could coerce the board to reduce its levy.

## Jobst Lands Big Contract

Omaha Contractor to Rebuild Roundhouse for the Omaha Railroad in East Omaha.  
 B. J. Jobst has been awarded the contract for building a roundhouse and other buildings for the Omaha road to replace those recently destroyed by fire. The entire outlay will be about \$45,000. The roundhouse will be a fifteen-stall affair. The machine house will be 60x100 feet and the office and oil room 20x25 feet. Assistant Engineer Hadley of the Omaha road is in the city to lay out the work. The railroad will drive 1,000 long wooden piles for a foundation.

## Young Wing is Held for the Theft of Car of Miss Bess Amos

Is Brought Into Court on Second Charge and Held to the District Court.

Arthur Wing, who was recently arrested in company with his father, M. E. Wing, for the alleged theft of several automobiles and who was Friday morning bound over to the district court on \$500 bonds for the theft of LeRoy Proudfoot's car, was again arraigned before Judge Crawford Saturday morning on the charge of stealing Miss Bess Amos' car. He waived preliminary hearing and was bound over to the district court on another \$500 bond. The father was not brought up for the second case.

## Speedway Company and Drivers Sued

Doherty, Hurt at Races in June, Asks Heavy Damages for Injuries.

Floyd E. Doherty, who was badly injured as the driver of one of the machines in the automobile races at the Speedway on June 11, brought suit against the Omaha Speedway company and the drivers of the machine with which he collided in district court Saturday for \$3,000.

Doherty was going at a mile-a-minute clip when he collided with J. C. Zimmer and H. H. Marquardt, who were attempting to cross the track in another machine. Doherty suffered numerous injuries, among them a broken right leg and a broken right arm.

The plaintiff makes Zimmer and Marquardt parties to the suit. He alleges that it is against the rules of the association under which they were racing to allow anyone on the track except the contestants during a race, and that the Speedway company is liable by the reason that it did not keep Zimmer and Marquardt off the track.

## HELD FOR PASSING BOGUS COIN

Lud Moe Says Old Coin and Passes It for a Five-Dollar Gold Piece.

Lud Moe, a laborer, who gave his home address as Milwaukee, was arrested Saturday morning for the alleged passing of bogus money. He was turned over to the federal authorities.

According to Moe's story he purchased a gold plated California coin of the date of 1869 from a coin collector on South Tenth street for 25 cents. He then went into a saloon and passed it for a \$5 gold piece. He received the change and left the saloon. He was seen passing the door of the saloon by the proprietor Saturday morning, who notified a nearby policeman.

## NORTH PLATTE GETS SHOWER

Almost a Week Since Rain Falls and Corn and Potatoes Need Moisture.  
 The only rain in Nebraska Friday night was at North Platte, where a light sprinkle fell. Several Kansas towns reported rain. It is now almost a week since rain has fallen and the corn and late potatoes are needing moisture.

## DOG IS SAID TO HAVE RABIES

Report Comes from Chicago Institute Concerning Canine.

## MOTHER AND SON TO CHICAGO

Mrs. F. J. Hunter and Son, Who Were Bitten by the Johnson Dog, Are Hurrying to the Pasteur Institute.

Mrs. F. J. Hunter and 5-year-old son, Clarence, who were recently bitten by a small fox terrier owned by C. V. Johnson, the head of which was sent to the Pasteur Institute at Chicago, have been summoned by the authorities at the institute to lose no time in getting to Chicago, as it has been learned after a careful examination that little Fido had rabies. They left for the Pasteur Institute last night.

Fido, a small terrier, was let run at large by its owner in the neighborhood of the residence, 235 Ohio street. The Hunter family resided at 391 Corby street and were kept in continual worry lest the dog should bite the little boy. About three weeks ago Mrs. Hunter was walking past the house when the little dog ran out and bit her above the ankle. Nothing was said about the matter until last Thursday, when the little son was the victim of the mad rush of the dog. His legs and ankle were badly lacerated.

## Dog's Head to Chicago

Dr. F. J. Hunter, father of the boy, reported the matter to the police. In court, after hearing the testimony, Judge Crawford ordered the dog shot and decapitated and its head sent to Chicago. Friday night word was received from the Pasteur institute that the dog had hydrophobia, and the victims should come to Chicago for treatment.

Dr. Hunter appeared in police court Saturday morning against E. Ulander of 3333 Corby street, complaining that the defendant was harboring a vicious dog, which, according to Dr. Hunter, had bitten his child, which had previously been bitten by the Johnson dog. Dr. Hunter contended that the Ulander dog had played and traveled with the Johnson dog, and therefore was also infected with the dread disease. Several witnesses were brought in by the defendant to show that the dog was not vicious and had never been known to bite anyone. It was also testified to that the Ulander canine had never been seen in company with Johnson's Fido.

## Absolute Divorce is Given Mrs. Irene Horn

Wife of Auto Supply Manager Also Receives Alimony in Sum of Twenty-Five Hundred Dollars.

Mrs. Irene Horn, who was recently separated legally from W. H. C. Horn, and allowed separate maintenance in the sum of \$100 a month, today was granted absolute divorce and \$250 alimony. It is understood that the husband, who is manager of the Western Auto Supply company, threatened to carry the case to the supreme court, and that a compromise was struck on the absolute divorce.

## HE SPENDS A WHOLE QUARTER

Country Lad Squanders His Substance on Moving Picture Shows and These Asks for Help.

Feeling giddy, Friday evening, Mike Sully, an 18-year old lad, living two miles north of Florence, came to Omaha and attended several moving picture shows. When he started he had 25 cents in his possession, but he either lost the last nickel or spent it and had to go to the police station to spend the night. In the morning Captain Dunn offered him a dime to get home, but the lad was too honest to take more than he needed and insisted in changing the dime to pay back a nickel to the captain.

## SUGAR AND BUTTER GOING UP

Butter Advances Two Cents a Pound and Sugar Goes Sixteen Pounds for a Dollar.

Local dealers in groceries and provisions are expecting a rapid rise in the price of sugar and butter. In the last week butter has advanced 2 cents a pound, and sugar is retailing at about sixteen pounds for \$1. No reason is given for the rise in the price of sugar, but dry pastures has been the cause of the scarcity of butter.

## What Women Are Doing in the World

HE club kettle is beginning to boil. Members of the women's organizations, who have not run off to summer resorts to escape the heat, are buckling down in earnest to the task of preparing programs and outlines of study for the assistant leaders' meeting, which will open in September.

Department leaders and committees of the Women's club are getting their schedules ready for the printers. Mrs. Millard Langfield, head of the literature department, and her program committee have issued their schedule. Mrs. W. H. Handcock, leader of the art department, says that the outline of Flemish and Dutch art which the department will follow is almost completed.

Mrs. C. Vincent, leader of the current topics department, is assigning to each of her assistant leaders a date on which she is to have charge of the meeting. Mrs. Vincent has written to Governor Woodrow Wilson of New Jersey, asking him to speak at the opening current topics meeting of the afternoon of October 10, as he has been asked to address the National Grain Dealers' association meeting in Omaha on the evening of that date. Mrs. George W. Cherrington, chairman of the civics committee, promises some interesting programs from this division of the club and will complete her plans this week.

The Dundee Woman's club, of which Mrs. A. C. Crossman is president, and the Benson Woman's club, of which Mrs. George W. Tracy is president, will get their year books out this week. Both clubs will study American literature.

Mrs. J. J. Stubbs, regent of the Daughters of the American Revolution, is at work completing the program for the year's meetings of this organization. Mrs. A. C. Rawson, chairman of the program committee of the Women's Club of the Railway Mail Service, is busy with the other members on the outline of next season's work.

The outline which the literature department of the Women's club will follow on ancient, medieval and modern drama is as follows:

October 4—Leader, Mrs. Langfield: prologue: "The Religion of the Drama to Literature," lecture.  
 October 12—Leader, Mrs. George B. Darr: "The Ancient or Classic Drama," Mrs. C. Crossman; "The Greek Drama," Mrs. Wood Anderson; (a) "Miracle Play in Honor of Dionysus," Mrs. H. H. Handcock; (b) "The Greek Tragedy," Mrs. Agnes Somers.

November 1—Leader, Mrs. Darr: "Three Phases of Grecian Tragedy—Aeschylus, Sophocles, Euripides," Mrs. Syfert.  
 November 8—Leader, Mrs. Syfert: "Contrast Medea (Euripides), with Medea (Sudermann), Mrs. Lansky Smith; "Simplification of Sophocles and Aeschylus," Mrs. Darr; "The Greek Tragedy," Mrs. Cochrane.

November 15—Leader, Mrs. Bonner: (1) "The Threefold Influence on Form of Drama," (a) "Demands of the Actors," (b) "Size of the Theatre," (c) "Change in the Audience," Mrs. F. H. Cole; (2) "Festival of Demeter and Dionysus," Mrs. H. H. Handcock; (3) "The Greek Tragedy," Mrs. H. H. Handcock; (4) "The Greek Tragedy," Mrs. H. H. Handcock.

November 22—Leader, Mrs. Bonner: "Greek and Roman Comedy," (1) "Origin of," Mrs. Edward Johnson; (2) "Aristophanes," Mrs. H. H. Handcock; (3) "The Greek Tragedy," Mrs. W. A. Chellis.

December 6—Leader, Mrs. Langfield: The Medial Drama; (1) "Development of Mystery, Miracle Plays, Pageants, Chronicle Plays."  
 First form of the drama—church liturgy—used to make the Latin service comprehensible to the uneducated. A device used for meeting this need: (1) "Church Recordation," (2) "Unrolling of Pictures," (3) "Use

## ASKS SPECIAL GRAND JURY

Water Board Writes to Judges of the District Court.

SENDS COUNTY ATTORNEY A COPY Cites Several Cases Where Alleged Frauds Were Practiced at the Registration Held Last Saturday.

A special grand jury to investigate the last revision of the registration which was made last Saturday for the water bond election has been asked by the Water board. A letter reporting alleged frauds and giving specific instances of irregularities said to have been uncovered has been sent to the judges of the district court and a copy sent to the county attorney making this request. The letter is as follows:

## ASKS SPECIAL GRAND JURY

Water Board Writes to Judges of the District Court.

## SENDS COUNTY ATTORNEY A COPY

Cites Several Cases Where Alleged Frauds Were Practiced at the Registration Held Last Saturday.

A special grand jury to investigate the last revision of the registration which was made last Saturday for the water bond election has been asked by the Water board. A letter reporting alleged frauds and giving specific instances of irregularities said to have been uncovered has been sent to the judges of the district court and a copy sent to the county attorney making this request. The letter is as follows:

"To the Honorable District Judges for the County of Douglas:

"Gentlemen—It has come to the attention of the Water board through reports by citizens that there are suspicious circumstances respecting certain registrations in various wards of the city made last Saturday when a registration was held for the water bond election to be held Wednesday, August 2.

"As a result of these reports an incomplete investigation has developed the following facts: In the First district of the Sixth ward eight men registered from 2028 North Twenty-second street. An inquiry at this number resulted in the statement that some men had lived there, but they had left last week. In the Fourth precinct of the Eighth ward eight men registered from 311 North Thirty-second street. An inquiry at this number developed the fact that these men were unknown to the occupant of the house. In the First precinct of the Fifth ward, eight men registered from 369 North Twenty-third street. The house at this number is vacant and has been vacant for some time. In the Second precinct of the Sixth ward eight men registered from a vacant lot.

"An investigation of the registration in other precincts is in progress. However, it would appear that the facts thus far elicited demand prompt action to prevent wholesale fraud from being committed at the water bond election on next Wednesday.

"It therefore seems but proper to suggest the propriety of an immediate investigation of the registration of last Saturday by a special grand jury to be impaneled for that purpose. Very respectfully,  
 "WATER BOARD OF THE CITY OF OMAHA.  
 "ARNOLD C. KOENIG, Secretary."

## STEEPLEJACK CUTS UP DIODES

Hundreds of Spectators Watch His Antics as He Glides Pole on Brandeis Store.

There are hundreds of stiff necks in Omaha. The reason for this is that Saturday was chosen as the day for the flag pole on the Brandeis building to be re-erected, and a steeplejack was accordingly employed. He started his task about 9 o'clock and completed it about noon. He took his time and seemed to think that his only object in life was to cause stiff necks and amusement. Strapped to the pole, he twisted and writhed in true circus style, while a big crowd watched below him with amusement. At noon, when he finished his job, he slid down, and after waving his hands at the spectators, disappeared from view.

## SUIT TO TEST A NEW LAW

Dean Ringer Would Have Change of Venue from Police Court to Justice of Peace.

Action to test a law passed by the last legislature allowing change of venue from police court to a justice court when desired was brought in district court Saturday by J. D. Ringer, attorney for Katherine Saffer, a South Omaha woman held there on a charge of disturbing the peace. The allegation is that she has been refused a change of venue by James Callanan, South Omaha police magistrate.

Judge Estelle signed an alternative writ of mandamus, making it returnable before Judge Troup, when the whole matter will be threshed out.

Women Boast for Lexington. GOTHENBURG, Neb., July 29.—(Special)—About a dozen auto loads of Lexington women made a trip to Gothenburg this week in the interest of the chaquetaug to be held in Lexington August 7 to 14. They distributed literature and gave talks on the street. They also devoted a meeting at the Methodist Episcopal church, at which Mrs. H. V. Temple addressed quite an audience. She was assisted by Mrs. Rupert of the chaquetaug association.

**Green Gables**  
 DR. BENJ. BAILEY.  
 SANATORIUM  
 Lincoln, Neb.

This institution is the only one in the central west with separate buildings situated in their own private grounds, yet entirely distinct and rendering it possible to classify cases. The one building being fitted for the treatment of noncontagious and nonmental diseases, no others being admitted. The other Rest Cottage, being designed for and devoted to the exclusive treatment of select mental cases, requiring for a time watchful care and special nursing.
