# BRANDEIS STORES

### NO GRAND JURY TO BE CALLED

District Judges Decide it is Not Necessary at This Time.

ALSO IT IS NOT EXPEDIENT  
Say that the County Attorney Has Plenty of Authority to Act if the Facts Warrant Any Action.

No grand jury will be called by the judges of the district court to take up the charges of registration frauds preferred by the Water board. This decision was unanimously reached by the judges in a meeting held Wednesday morning at the call of Judge Lee S. Battle, presiding judge of the district, in response to a request from the Water board for a special grand jury.

In a letter to the board the judges call attention to the abundant provision afforded by law for action by the county attorney, and further said that it was a little doubtful whether the court had the power to issue the call at this time.

The opinion given by County Attorney English coincided with the decision reached by the judges. Judge Sutton was not present, he being out of the city.

### GOVERNMENT TO LOOK OVER GAS TEST METHODS

Will Send Man to Investigate the Laboratory Methods of Pro. Crowley.

The methods of the Omaha gas laboratory in keeping close tabs on the gas company in the quality of gas served to consumers will be investigated by the government experts who were preparing standard tests for federal use. Gas Commissioner Crowley has received a letter from the bureau of Standards of the Department of Agriculture stating that R. S. McFried, chemist, representing the bureau, would be in Omaha August 10. He will be shown through the laboratory in the city hall by Dr. Crowley.

At the very beginning of the work of the government chemists in relation to gas standards Dr. Crowley was interested and it was largely through a conversation which he had with W. F. Hildebrand, chief of the bureau, that the investigation was begun.

South Dakota Town Burned.  
ABERDEEN, S. D., Aug. 2.—Fire last night wiped out the little town of Pollock, S. D. Telephone and telephone wires are down and details are not obtainable. Pollock is in Campbell county and has a population of 200.

### Omaha-Denver Road Tourists Returning

Have Laid Out What They Assert is a Most Excellent Route to the Mountains.

H. F. Heubinger, C. R. Babcock and L. M. Maynard, vice president, photographer and engineer, respectively, of the Iowa Publishing company are expected to arrive in Omaha some time on Thursday, completing the final stage of the Omaha-Denver Transcontinental Highway tour, begun over two weeks ago. The men are bearing a letter from the Mayor of Denver to Mayor James C. Dahlman and will probably deliver it on Friday.

### MR. STRAHORN MUCH ALIVE

Innocent Error is Gladly Corrected—Is Now a Leading Citizens of Spokane, Wash.

Information received through C. S. Stebbins of the Union Pacific railway, referring to the interesting chapter of reminiscences of Omaha in 1873 which The Bee reprinted Sunday from Mrs. Strahorn's book, enables us to correct an innocent error in the introduction to the article.

The fact that the book is dedicated by Mrs. Strahorn to her husband gave the impression that she was a widow, whereas Mr. Stebbins assures us that Mr. Strahorn is very much alive and is living with his wife at Spokane, where he is one of the leading citizens engaged in promoting water power and irrigation enterprises and building railroads. Mr. Strahorn originated the North Coast railroad and carried it almost single handed for two or three years, when he sold it to the Union Pacific. This line was consolidated with other Union Pacific lines in Oregon and Washington last December under a new company, the Oregon-Washington Railroad & Navigation company, of which Mr. Strahorn is a vice president and general manager of its line in eastern Washington.

## Most Unique Popular Newspaper Feature of the Year The Bee's Junior Birthday Book

Every day The Bee is printing the names of boys and girls in Omaha who are celebrating their birthdays, day by day telling when they were born, where they live, and what schools they are attending.

Our readers can readily keep track through the birthday book of the anniversaries of their little friends, of the children of their neighbors and of their children's playmates.

Every boy and girl in Omaha is watching The Bee to see what other boys and girls are having birthdays on the same day with them.

The interest of the birthday book is likewise heightened by being illustrated with reproduced portraits of one or more of the day's birthday boys or girls.

This great feature began with the first of January last, and will continue throughout the remainder of the year.

The total number of birthdays recorded will exceed eighteen thousand, and includes the children in every family in Omaha who are going to school—it includes public, private and parochial schools.

Have your children got the habit of consulting The Bee's Junior Birthday Book?

When once interested, old as well as young will be captivated by it, and watch eagerly for each succeeding list.
