When a young girl I sprained my ankle them different times, paying little. attention to it, which live years ago or no attention to ft, when here years are a small spot showed upon my left saids. I was experied and sent for a deritor. He ented it was experied, the size of a match and about the size of a match and about no soon fort. The small left grew to about the size of an apple, and the emeric appeal to the lates. The circuits never could bent the beat in the make. The whose foot ran water all the time. My husband and my sons were up night and day wheeling me from one foods to an-effect in the hope of giving me nome rolls. I would all for hours at a time in front of the fireplace hoping for daybrook, pain was so intense I was almost pair was so inceres I was almost emery, in fact, I would less my reason for bours at a time. One day a frame of mine dropped in to see me. No more had she glanced at my foot than she exclaimed. Mrs. Fannegan, why in the world don't you try the Cuttere and their modicines, and not being the to steep at mil 1 decided to give the Cutterer Scap and Cutterer Contracts being able to along his mil 1 decided to give the Cutterer Scap and Cutterer Contracts being the notation of the seems o
