lowing letters are submitted: OMAHA Aug. B .- Hon. R. B. Howell, Member of the Water Board, Omaha: Dear 3105216. Member of the Water Board, Omaha Dear Sr-Those who are trying to make political capital against me are 1 am told mis-representing to as having fought the water bonds in the recent special bond elections. As a member of the water board in close touch with those two elections I ask you in all fairness to correct this false state-ment for me, as you must certainly know that the Second ward where I live and have influence, if anywhere, gave the bonds substantial majorities both times. You also know from our conversations that my endeavors were directed for the bonds. Sincerely yours, FRED H. HOYE.

tions.

Tou also know from our conversions that iny endeavors were directed for the bonds Simeerely yours. FRED H. HOYE. OMAHA. Aug. 22-Mr. Fred H. Hoye. Omaha: Dear Sir-In reply to your letter of this morning I take pleasure in stating the facts, so far as yourself is converted. respecting the recent water bond elections Ton assured me before the elections on June fit that you were for the bonds, and you gave me the mane assurance before the last election. I would suggest that the substantial majorities given the water bonds in both flections by your precinct and ward, where your influence is unquestioned, affords ample evidence of your proof faith and position in this important matter. Very moverly. R. R. HOWELL.

CANDIDACY OF H. C. BEEBE FOR RAILWAY COMMISSIONER

H. C. Reebe of Osceola, one of the can didates for the republican nomination for state rallway commissioner, who is in the city, explains his mission thus:

"I am in Omaha trying to set acquainted with the republican voters. As Omaha has P. H. Bell, another daughter, of Silver no candidate this year for the railway mission. I thought this a good field to do a little campaigning for myself.

"I am the only republican candidate located anywhere near the central part of the state, and as Omaha and Lincoln each have one member, the republicans are naturally thinking that the out-state should have a representative on the commission I have resided in Nebraska for thirtyfive years, all the time in Polk county. and am now county attorney there. This, my first adventure in state politica sy own account, but I am in the fight t win, and the man that beats me will know he has been to a primary election. "Cemaha and Lincoln as the two com

nercial centars of Nebraska ought to be and no doubt are interested in knowing that if I am elected they will have a railway commissioner who would not allow them to be discriminated against in the matter of rates in favor of other competitive points. Lincoln and Omaha are part of our great state and what is good or them is good for the whole state."
