Centers.

LONDON, Aug. 17.—An industrial war has  
been declared, and the employees on all the  
railway lines of the United Kingdom will be  
called out at once.

Day-long conferences at the Board of  
Trade proved fruitless. The reports of the  
unions were firm in their contention that  
the managers of the railways had broken the  
letter and violated the spirit of the  
conciliation agreement.

James Henry Thomas, secretary of the  
western district of the Amalgamated Society  
of Railway Servants, stated tonight  
that there would be no truce between the  
unions and the railway managers, despite  
the efforts of Chancellor Lloyd George, and  
that the strike would go on.

The society sent out 1,800 telegrams this  
afternoon to various railway centers order-  
ing an immediate strike.

LONDON, Aug. 17.—The time limit of  
twenty-four hours within which the rail-  
way men demanded that their employers  
agree to consider their grievances expired  
at 8 o'clock this morning, but the threat-  
ened strike on the railways of the United  
Kingdom failed to materialize. Instead  
representatives of the four railway societies  
involved went into conference with the  
board of trade.

Traffic proceeded as usual. No formal  
orders were given the union men by their  
leaders, but apparently it was generally  
understood a truce would be observed while  
negotiations with the board of trade con-  
tinued.

Following the failure of the strike nego-  
tiations today the military maneuvers have  
been suspended everywhere and troops are  
being ordered to strike centers from all di-  
rections. A whole brigade of guards with  
machine guns has returned to London.

It was asserted tonight that unless mat-  
ters were arranged in the interim a con-  
tinuation of the work in the whole transport  
of the United Kingdom would be ordered  
next Tuesday. It is estimated that 400,000  
men will obey the order.

"We have unanimously come to the con-  
clusion," they told Sydney Buxton, presi-  
dent of the Board of Trade, "that the only  
way that will now be an effective  
road to peace is that the companies shall  
consent to meet us."

Premier Offers to Aid.  
It was at the prime minister's office that  
Mr. Asquith intervened and offered to ap-  
point immediately a royal commission, which  
should investigate and report what amend-  
ments, if any, were desirable for the  
conciliation plan.

Mr. Asquith made the same proposition  
to the railroad managers, adding the con-  
fident hope that the government might  
rely on both sides to give all possible  
assistance to the proposed commission.

The representatives of the union accepted  
the proffer of the premier to appoint the  
commission. The railway managers con-  
sented to the plan.

The leaders in the Amalgamated Society  
of Railway Servants this evening dis-  
patched telegrams throughout the country  
calling on the men to cease work.

ADMIRAL TOGO LAID UP  
WITH ACUTE INDIGESTION

BOSTON, Aug. 17.—An attack of acute  
indigestion declared by his attendants to be  
slight, caused the cancellation of the pro-  
gram of entertainment in honor of Admiral  
Togo, the Japanese naval officer here to-  
day. The proposed trip of the admiral to  
Provincetown to receive the courtesies of  
the United States fleet at that point is also  
abandoned.

The admiral became ill after he had re-  
turned last night.

Captain Templeton M. Potts, of the navy  
department said that the admiral was in  
no alarming condition and that he had  
under the attack due to his strenuous  
program of the last few days. No doctor was  
called in.
