

NO DECISION NOW
IN DR. WILEY CASE

President Taft Will Not Be Able to Reach Controversy Before Adjournment of Congress.

COMMITTEE CALLS FOR RECORDS
Wants to See What Changes Were Made in Regulations.

WILSON TOLD ABOUT RUSBY
Wiley Asserts Secretary Was Fully Informed in the Case.

NOTHING SAID OF PARTIAL WORK
Declares if Given Solitary Law Officer and Stenographer He Will Enforce Pure Food Laws as Well as McCabe.

WASHINGTON, Aug. 18.—President Taft does not expect to settle the Wiley case before the adjournment of the present session of congress.

The closing days of the session have presented to him so many important matters that he has been unable to take up the case in detail. If an agreement comes within a few days the papers in the Wiley case will be taken by the president to Beverly.

He intends to read all the testimony offered before the house committee which is investigating the Department of Agriculture and other information bearing on the case which is available.

That there might be some criticism of officials of the department other than Dr. Wiley is the belief here today, although the president has spent but little time in discussion of the whole affair.

Call for Amended Records.
All records of the Department of Agriculture embracing copies of pure food decisions or regulations changed "through the protests of interested manufacturers" will be called for by the committee that is investigating charges against Dr. Harvey W. Wiley.

Dr. Wiley, who made the request for the records, explained that he was official printed regulations and decisions which had later been withdrawn and changed after the interested parties, the food manufacturers, had protested against them.

Dr. Wiley stated that Dr. Dunlap, the associate chemist, had held the opinion that no decision of the food and drug board was official unless he (Dunlap) signed them.

Asked what Solicitor McCabe had to do with deciding what was whisky, Dr. Wiley said:

"I would rather let him state."
Work of Poison Squad.
Dr. Wiley, describing his famous "poison squad experiments," said:

"I took up the experiments with borax first to get experience for what I considered more important experiments. I did not think it was harmful when I began."

Dr. Wiley said two of his reports on these investigations had not been published.

Dr. Wiley said he told Secretary of Agriculture Wilson all about the proposed employment of Dr. H. H. Rusby of New York.

"I wanted him to know all the features of the case before acting on it," said Dr. Wiley.

After the secretary had approved, Dr. Wiley told of figuring out that \$2,000 was too much for Dr. Rusby's salary of having the secretary reduced to \$1,500. Again he denied that anything was said about Dr. Rusby working only eighty days a year as he presented the matter to Secretary Wilson.

Wiley Charges Extravagance.
If given only a solitary law officer and a stenographer, Dr. Wiley promised the house investigating committee to enforce the pure food laws as efficiently and at one-half the cost now being incurred by Solicitor McCabe in the same work.

Secretary Wilson will testify Monday in regard to the Wiley affair in particular and the enforcement of the pure food and drug laws in general. The committee adjourned until Monday.

Alleged Murderer is Trained for Months by Victim's Brother

PORTLAND, ORE., Aug. 18.—Trained across the continent for eighteen months by the brother of the man the police say he confessed to having killed, James Sullivan is now in jail here, charged with the death of Thomas Weeks in Kansas City in May, 1906. Herman Weeks, the brother recognized Sullivan on the street. Sullivan, the police say, declared he killed Weeks in self defense.

KANSAS CITY, Aug. 18.—The killing of Herman Weeks, which led to the arrest in Portland, Oregon, yesterday, of James Sullivan, was the result of a quarrel over money matters. Two men attacked Weeks, and his head was nearly severed from his body with a knife. Harry Cushing, charged with being an accomplice in the murder, was later arrested in Omaha, brought here and sentenced to 30 years in the penitentiary.

STEPHENSON INQUIRY SOON
Committee Will Begin Taking Testimony in Milwaukee in October.

WASHINGTON, Aug. 18.—The special senate committee appointed to investigate the election of Senator Stephenson of Wisconsin decided today to begin hearing in Milwaukee on October 2. Senator Hayburn of Idaho, chairman of the committee, said a report might be ready soon after the regular session meets in December.

Thirty Persons Are Hurt in Wreck on Big Four Railroad

Fast Train from Cincinnati to New York Goes Into the Ditch Just West of Columbus, O.

COLUMBUS, O., Aug. 18.—Thirty persons were injured, some seriously, today when Big Four train No. 46, one of the fastest trains in the service, was derailed near the Ohio State Hospital for the Insane, just west of Columbus.

The more seriously injured are: Mrs. C. E. Bough, Dayton, back hurt. Miss Minnie Sharp, Dayton, head cut. Mrs. Callie West, Dayton, jaw broken. Albert Treadwell, Cincinnati, chief on diner, back injured.

Frank Columbus, engineer. Stanley Dickerson, Columbus, fireman. The wrecked train is known as the New York and New England special and leaves Cincinnati at 9:30 for New York, being due in Columbus at 11:40 a. m.

It was made up of a mail car, baggage car, three day coaches, diner and two Pullman coaches. As the train rounded a curve at Grand View avenue crossing, the front trucks of the second day coach climbed a switch point and the car was derailed. Bumping over the ties at the rate of forty miles an hour, the derailed coach pulled the other coaches off the rails, and two day coaches toppled over into a ditch. All coaches were thrown from the rails and partly into the ditch.

It was nearly an hour after the accident that the report reached the police and ambulance companies. In the meantime the injured were taken into nearby homes and given ample first aid treatment.

The cause of the wreck is being investigated by the city and police patrolmen were rushed to the scene.

Persons residing in the neighborhood, attracted by the cries of the injured, had extricated all the wreck victims before the ambulances arrived.

A relief train brought twelve injured passengers to this city. None of these were seriously injured.

Dr. C. V. Baumgartner of Selma, O., was on the train and assisted in taking care of the injured. He was without anything with which to prepare bandages. At the suggestion of an injured passenger the diner table linens were torn into strips to bind cuts.

Woman Who Killed Husband Will Not Let Family Have Body

DENVER, COLO., Aug. 18.—In Mrs. Eleanor Valentine, who shot and killed her husband here last Tuesday and then shot and seriously wounded herself, a peculiar decision has been made. She has refused to let her family have her body for burial.

Dr. Valentine, who lives at 15th and Broadway, was taken to the hospital here yesterday. She is in a local hospital Mrs. Valentine, despite her condition, is directing a fight to prevent her husband's brother, Frank Valentine of Omaha, Neb., to secure the body of her husband. She has already given directions regarding the disposal of the body and the coroner declined to turn it over to the brother without Mrs. Valentine's consent, which she refused.

Valentine appealed to the district attorney's office, which upheld him, but the coroner stood firm and a greswome fight has commenced as an aftermath of Tuesday's tragedy.

Lieutenant Lahm is Hit by Cupid's Dart

Engagement of Army Aeronaut to Miss Gertrude Jenner of Mansfield, O., is Announced.

MANSFIELD, O., Aug. 18.—The engagement of Lieutenant Frank P. Lahm of the Seventh United States cavalry, widely known army aeronaut expert, and Miss Gertrude Jenner of the oldest families of this city has been announced. The wedding will be a military affair at the Jenner home, October 15.

The engagement is a romance of the tennis courts at the Westbrook Country club, where during the last month the couple played daily. The lieutenant being home on a furlough.

Miss Jenner, a graduate of Oberlin and Vassar colleges. During the last few months Lieutenant Lahm has been instructor in the cavalry school at Fort Riley, Kan.

Convention Authorizes Locals to Fine Members Patronizing Chinese Laundries and Restaurants.

SAN FRANCISCO, CAL., Aug. 18.—The International Typographical Union in convention here passed a resolution today expressing as the sense of the convention that all members of the union should refuse to patronize Chinese laundries, restaurants and other establishments. Locals are authorized to assess fines for violations.

A resolution was passed urging legislation requiring the maintenance of an average temperature of 70 degrees Fahrenheit in all composing rooms.

NETO BILL BECOMES LAW
Royal Assent Given to Bill Recently Forced Through the House of Lords.

LONDON, Aug. 18.—The veto bill limiting the powers of the upper chamber over legislation originating in the House of Commons which resulted in one of the most serious conflicts in the history of the country, became a law today, the king's assent thereto being given through a royal commission in the House of Lords.

When the royal assent was signed the members of the lower house present broke out in loud cheering. A demonstration on their part had never before been heard in the upper chamber.

MILLIONS IN SECURITIES IN SAFETY DEPOSIT VAULT

ST. PAUL, Minn., Aug. 18.—More than \$2,000,000 worth of securities were found yesterday when the safety deposit vault of John A. Humbird, lumberman, was opened by his son, Thomas J. Humbird of Spokane. A representative of the county treasurer's office was on hand to list the property for the inheritance tax.

Democratic-republican efforts, through conferees with their leaders, effect adjournment of congress at 11 p. m. Saturday.

HOUSE.
Met at noon.

Wiley inquiry resumed. President Taft will not act on case until congress adjourns.

Debated Underwood motion to pass wool bill over president's veto.

WASHINGTON, Aug. 18.—The house failed to pass the free list bill over the president's veto, the vote being 226 to 127.

WASHINGTON, Aug. 18.—The Flood-Smith statehood resolution with the Arizona judiciary relief provision eliminated and with changes in New Mexico's constitution to make it easier of amendment was passed by the senate, 53 to 5.

WASHINGTON, Aug. 18.—After a long debate on a motion to pass the wool tariff revision bill over President Taft's veto, the house late today failed to pass the measure by the necessary two-thirds vote. The result being 227 to 129. This kills the wool bill.

WASHINGTON, Aug. 18.—President Taft's message, vetoing the farmers' free list bill was read in the house this afternoon. The president declared in his message that the bill was so carelessly drawn that it was uncertain just what in the house was covered by it. He sharply criticized every section of the bill and declared the language too ambiguous to be practicable.

Mr. Taft objected to the principle in the bill which admits raw materials free and keeps the machinery necessary to it in the tariff on the dutiable list. Lastly, the president based his veto on the fact that the tariff board had no opportunity to report on the schedules affected by it.

WASHINGTON, Aug. 18.—The wool tariff revision bill vetoed by President Taft was called up in the house today. Democratic Leader Underwood moved that the house, on re-consideration, pass the bill over the president's veto.

The house agreed on a three hours debate on Underwood's motion. Representative James of Kentucky, democrat, led off in advocacy of congress carrying the bill over the veto.

The support of the insurgent republicans in the house in the democratic plan to override the veto was foreshadowed by a speech of Representative Lenroot, of Ohio, progressive republican and close friend of Senator La Follette. Mr. Lenroot said the veto was based on ignorance, not information.

ADJOURNMENT UP TO HOUSE
Insurgents Say No More Business Can Be Transacted in the Senate.

WASHINGTON, Aug. 18.—The adjournment of the extra session of congress today rests entirely with the house of representatives. Chairman Underwood of the ways and means committee today expressed the opinion that it would not be possible to close the house business so as to adjourn tomorrow night as suggested by senators, but said he thought adjournment feasible by Monday or Tuesday. He said the house would accept the senate amendments to the cotton bill, thus expediting the final get-away.

The progressive republican senators, their battle alliance with the democrats having been broken in yesterday's dramatic victory of the democrats through the political maneuvering of the regular republicans, admitted today that no more general legislation is possible at this session of congress and some of them even contended it was doubtful whether it would be possible to close up the session early. The consensus of opinion among senators was that, whatever the exact date of adjournment, the session is practically at an end, no more original legislative work being possible. The house vote on the vetoed wool bill and the action of that body on the cotton bill practically wind up the session.

The Arizona-New Mexico statehood measure is not expected to take much time in either house, nor is the action on the free list bill, when it comes back from the president. Many members of the house and senate are preparing to leave Washington Sunday.

Adjournment by the middle of next week at the latest and passage of the cotton bill with amendments, including an iron and steel schedule, was the prediction today of Democratic Leader Underwood of the house. The proceedings in the senate yesterday left many sore spots.

Discussion of a possible insurgent filibuster was wide-spread. Some of the republican leaders proposed that if the insurgents attempted to postpone adjournment by debate the senate should be held in continuous session until a final agreement could be reached for an adjournment.

BILL TO PREVENT MONOPOLY
Senator Poindexter Would Extend Government Control of Harbor Frontage in Alaska.

WASHINGTON, Aug. 18.—Senator Poindexter of Washington introduced a bill today extending government control over the harbor frontage on Controller bay in Alaska over the Bering coal fields and over the railroads and steamship lines to those coal fields. Mr. Poindexter said the purpose was to prevent monopoly.

Dreyfus & Co., wholesale clothes, who afterward committed suicide by shooting.

They were questioned by the police for hours, when Leopold broke down and made a written confession in which he admitted that the fire was incendiary and accused Korshack of being the head of an "arson trust" which made a business of setting fires to buildings so that the owners might recover the insurance.

Merritt's Funeral Held at Red Oak

Memorial Services Conducted Over Remains of Lieutenant's Body Recovered from the Maine.

RED OAK, Ia., Aug. 18.—(Special Telegram.)—Seven thousand people this afternoon participated in an impressive memorial service in honor of the memory of Lieutenant Darwin R. Merritt, who lost his life on the Battleship Maine, February 15, 1898, and whose remains were recovered from the wreck on August 1.

The body has been here since Monday, lying in state at the armory of Company M. Today's services were held in the chautauque park, the principal address being delivered by Judge H. E. Deemer of the Iowa supreme court.

Governor B. F. Carroll, who with his entire military staff was in attendance, delivered a short address also, as did Judge Walter I. Moulton of Council Bluffs, and Rev. E. A. Smith of Des Moines.

Full military and Masonic honors were bestowed, and in spite of the oppressive weather and a storm, which began during the meeting, the crowd showed its respect to the dead man's memory by remaining until the close. The military service at the grave was performed during an electrical and wind storm, but over 1,000 people stood with bared heads.

Merritt, a pioneer of this county, resided here, Darwin was born in Red Oak, and appointed to the naval academy from this district in 1881. Four years later he graduated at the head of his class, and at the time of the blowing up of the Maine was an assistant engineer on the ship.

Following is the vote received from 67 precincts on republican supreme judges, the democratic returns being from 59 precincts:
