DON'T BE INFLUENCED BY UNTRUTHFUL STATEMENTS Competitors of this modern school are naturally envious of its location, its finely equipped building and its successful methods of teaching. It is so unusual to find a school in a building so fully protected that they realize that their buildings, put up years ago, are hopelessly out-of-date. Those who see and compare the new with the old are the best judges.

FULLY PROTECTED BUILDING

The Wellington building is of construction to fully resist fire is built mostly of steel, iron, hollow-tile, marble and concrete. All floors are laid on a thick bed of con-A wonderful Automatic Sprinkler system costing \$7,000 protects every foot of the building from cellar to attic. Our big wholesale dealers whose immense stocks of goods are protected in the same way will tell you this means perfect safety.

Modern elevator service serves every floor—you don't have to climb stairs.

LIGHT, AIRY, CLEAN ROOMS Pure, fresh air and good light are abundant. Instead of putting our students down cellar and confining them in dark rooms from 9 until 4, we are up out of the noise, heat and dirt.

THIS IS THE SCHOOL FOR YOU If you prize your health, your comfort and your progress this is the place for you to attend school.

Come and see for yourself. What you see you believe. We will give you the facts. Make it your business to get the truth and not to believe statements made purely through jealous envy.

The Fall Term begins September 4th. Make your arrangements early. For this week our office will remain at the old location, 17th and Farnam Sts.
