CHICAGO GRAIN AND PROVISIONS Features of the Trading and Closing

Prices on Board of Trade. CHICAGO, Aug. 25.—Belief that much of the Canadian wheat crop when offered for sale will be of a frost bitten sort gave the market today something of a lift. Closing figures were 1604c to 1604c advance and provisions with 24c to 124c gain.

Owners of wheat found encouragement in the fact that export bids for hard varieties were not far from a workable basis. Moreover, primary receipts showed a decided failing off, so much so, indeed, that cash concerns here put noticeable energy into efforts for the purchase of wheat to arrive from Indiana and Illinois. Right up to the last minute, too, Winnipeg sent unvaried warnings of further danger of frost before Monday. The final tone was steady. During the session December ranged from 94%c to 35%c, with last sales 1/2 up at 34%c/56c.

Corn received fresh support from pit leaders and elevator people, who were fuctuated between 61%c and 62%c/3c. The close was steady, 1/2 up, at 62c. Cash grades were firm. No. 2 yellow was quoted at 644%c/60.

Trade in oats took its color from wheat and corn. High and low points touched by the December option were 45c and 44%c. with latest transactions at 44%c, a net gain. CHICAGO, Aug. 26.-Belief that much

the December option were 45c and 44%c, with latest transactions at 44%c, a net gain of %c.
Provisions responded to a good miscellaneous call from commission houses. The outcome was an advance all around-pork 56312%c, lard 7%6712%c and ribs 2%c to 5674%c.

NEW YORK, Aug. 26.—DRY GOODS—The new prices made on prints quickened the demand. The largest concerns booked very substantial orders and a continuance of this is looked for. There is a steady demand for narrow print cloths and large transactions were reported. The jobbers did a good trade this morning. The primary cotton goods market was fairly active for Saturday and prices were steady with here and there an upward tendency noted.

DAY'S NEWS IS UNFAVORABLE

Report Disappointing Conditions, with Increasing Conservative Tendency.

NEW YORK. Aug. 28—For the sixth consecutive day of the week and with virtually no interruption for the last month prices of stocks fell away again today. Weakness set in at the very outset and before the brief session was advanced the number of low records for the year was so general as to embrace not only the netive group, but practically all classes of securities. The movement, like most preceding ones, was slow and deliberate, suggesting further ilguidation more than bearish aggression. The industrial shares were in evidence more than ordinarily in the declines, with a renewal of pressure on Steel.

The day's news was mainly unfavorable and probably the most potent factor was the more acute stage in the threatened railroad strike, which now seems a matter of but a few hours.

HOGS—Some strength developed in hos trade but it was hardly appreciable, showing up merely in packing stuff that vended at \$1.0007.07% yesterday and the small amount of business done in good underweight butcher and bacon grades. Anything at all "off color" had to move at prices generally steady, bulk of total supply selling on a firm to nickel higher basis.

Sproads remained narrow in that portion of the market where built landed, a very large siles of the supply seiling at and near \$7.10. Prime 230-pound animals reached \$7.50, a seemingly lofty top that shows a 15-cent premium over the best price yesterday.

During the week, daily runs had seasonable small size, but were still large enough to afford a six days total slightly.

AN ODORLESS--SMOKELESS--NOISELESS

White Steamer Touring Car

FIVE-PASSENGER, 1911 MODEL Value \$2,000, is First Prize in The Bee's

Booklovers' Contest

\$2,000 Famed "White Steamer Automobile

This five-passenger 1911 Model White Steamer Touring Car-odorless, smokeless and noiseless is in the tenth year of its success. No car has stood the test of time with necessity for fewer changes. For stability in construction as well as in purpose and performance, the "White Steamer" has held a high place in the mind of the motoring public. This car needs no cranking nor shifting of gears to get any desired speed. The increasing number of White Steamer cars being sold each succeeding year, together with the practical endorsement of the U.S. government, which owns and operates more Whites than all other makes combined, is sufficient guarantee of high quality.
