JOHN DALE HIGHLY HONORED CANADIAN UNDERWRITERS MADE

Introduced as Grand Old Man of Omaha at Underwriters' Meeting.

DECLARES, THOUGH, HE IS A KID While in Attendance at Meeting in Canada Voterna Underwriter Wins Hearts of Many by an Extemporaneous Talk.

The Life Underwriters' Association of Canada held its regular annual session at Winnipeg during the early part of July and among the visitors in attendance was John Dale of Omaha. Office and Field, the great Canadian insurance magazine, published at Toronto, in its report of the proceedings of this convention, thus refers to Mr. Dale:

"If any man not knowing the whole case ing. But it happened that the very man Suit Against Corporation-United States was aboard with the very speech in him enthusiasm and gratitude of the kind recep tions given himself on his visits to the asso

Councilmen Are Asked to Choose Between Warring Engineers

WHAT IS THE LIMIT OF SAFETY?

of New Building Laws Rosches No Conclusion Tuesday Beenuse Engineers Support Different Theories.

Experts reached an impasse very quickly in the discussion of concrete engineering before the committee of the council called Tuesday morning to discuss the new buildwell stated they argued with what seemed to the more or less bewildered councilmen, endless ingenuity. R. E. Shankland of Chitects and builders interested as a national authority on the subject of reinforced concrete buildings, was inclined to put the limits of safety higher than some engineers wanted them. Engineer Dawson, reprelove no less, though different, for the land senting the "Kahn system," argued that "medium" steel is the best material to be used for reinforcement. Mr. Shankland held out for "high carbon" steel, which will stand greater pressure on the same amount of the other material.

The councilmen on the committee, A. C. Kugel, M. F. Punkhouser and G. F. Brucker, were not so much interested in what should be declared the best engineer ing practice, as they were reaching some sort of a compromise. The two most interested architects, John Latenser and T R. Kimball, were also inclined to compromise on a safety limit slightly higher than that contended for by Mr. Dawson and lower than what was asked by Mr. Shank-

Adapted from the Chicago Law. The Omaha law was drawn from the Chicago law, which Mr. Shankland helped to write. Mr. Dawson based his objections upon the fact that the Kahn system, which is used by the Kahn company of Detroit in building concrete buildings and has been used in a number of structures in Omaha, will be shut out from work here. C. S Elgutter was present as attorney for the company. The architects admitted that the Kahn system would be handlcapped, but Mr. Shankland declared that if the Kahn

The Wonderful New Self-starting Chalmers "Thirty-six"—\$1800

UR 'Thirty-six' demonstrating car has arrived. You can now see the car you have heard so much about the past few weeks-the car that has set a new standard of automobile value.

The car with big, long stroke motor, Chalmers self-starter, four forward speed transmission, Continental demountable rims, 36-inch by 4-inch tires, and a dozen other features, for \$1800. We invite you to come and see the new car.

The Chalmers "Thirty-six" is a car at a medium price which leaves nothing to be desired. The splendid, long stroke motor will develop all the power you can use. This 41/4 x51/4 inch motor is a great puller; a wonderful hillclimber; and gives you all the speed you want.

The four forward speed transmission-until now found only on the highest priced makes -gives a flexibility of control hitherto unknown on medium priced cars.

The new Chaimers compressed air self-starter and the Continental demountable rims do away with the last of the original inconveniences of automobiling.

No car since the Chalmers "30" first appeared has made such an impression on the automobile trade and on the public as the new "Thirty-six." Everyone who has seen itdealers, purchasers, and even competitors—all admit that it is a wonderful value at the price.

We again invite you to come in and see this new model.
